

THE DESTINY OF THE CAPITALIST SYSTEM

*« an assign your nuggets to the dust, your gold of Ophir to the rocks in the ravines,
then the ALMIGHTY will be your gold, the choicest silver for you»*

(Job chapter 22, verses 24 to 25)

Reverend Apostle Joseph TOUBI.

FOREWORD

Dear reader,

You will now tackle the ultimate question of the destiny of the capitalist system and more over, of your own destiny. What you will get from this Book basically depends on the state of your heart. If you sincerely and diligently seek the TRUTH, no doubt that GOD shall reveal himself unto you even before you complete the reading of this Book.

From eternity to eternity, GOD's WORD is the unique source of light and it reveals itself to every genuine scientist, that is whosoever honestly refuses the arbitrary hypothesis which considers the question "Why" as of no importance.

After all, the honest man must necessarily question such an absence of an unavoidable "why" which has been craftily set up as the ultimate platform of the modern thinking.

Why shall it be that barely all of our Heads of State and Government are exclusively issued from the secret lodges of darkness, regardless to the democratic or tyrannical political system put in place? Worldwide rosicrucianism, worldwide freemasonry, Illuminatis, Bilderberg Group, Trilateral Commission, Skull and bones, Council on Foreign Relations; those are the irrational and mystic crucibles from which are born the leaders governing countries as well as big private and public organizations all over the world.

Amazingly, the modern individual yet wrapped in his so called reason has accepted as normal the hypothesis according to which, leaders of the world who are accountable unto us can all be issued from mystical lodges and circles whose incantations, decisions and acts are absolutely irrational. What to say then? Is the modern individual's reason capable of only one rebellion, namely the rebellion against GOD?

The modern citizen asserts that his dusty Bible hidden at the bottom of his cupboard for some thirty years has nothing rational, meanwhile he mechanically votes for a Skull and bones Head of State, a freemason Prime Minister, a committed and accomplished rosicrucian Member of Parliament. The common point to all these ones is an absolute obedience to arbitrary decisions issued from the world plan of a master hidden in darkness, which decisions are completely freed from democratic sanctions and rationality. Behold, our modern individual is now taken in a trap, he who freed from GOD in order to gain absolute liberty thanks to his so called reason.

What a freedom?

Freedom to bow down when the enormous profits of multinational companies grow faster than the number of poor people in the world.

Freedom to keep silent when financial markets renew their strength with only one vitamin: redundant dismissal plans of workers in companies.

Freedom to keep quiet when our children are sent to every corner of the world as cannon fodder to serve much more petrol, to the great financial capital which has rebelled against GOD.

Freedom to keep quiet when it is no more possible to say the TRUTH in international media which are exclusively into the hands of leaders of mystical lodges of darkness.

Freedom to keep quiet when slavish technocrats at the service of so called “new masters of the world” impose their monotonous and uniform economic structural adjustment policies which demolish billions of lives in the third world. The techniques of World Bank and IMF economic structural adjustment plans, which plans are prescribed by our slavish technocrats manipulated from the bottom of darkness, are the same all over the third world and even our children of primary education know them by heart. Those techniques are :

Huge civil servants dismissals and unbearable salaries cut-off for those who have not been fired, privatization of State owned companies, suppression of fiscal incentives to the local small and medium size enterprises ; development policies handled over to capital markets which whims have led to chaos and disorder of all kinds in Argentina as well as in many other nations. Protection of African dictators who have given out to the leading members of mystic lodges of darkness the main portion of income generated by African natural resources, and have dropped the remaining part in quiet and private foreign banks which are nothing else than fiscal paradises. Where are MOBUTU and BOKASSA wealth? The answer is simple. Through international and secret banks which give no account to whatever citizens on the earth, leaders of mystic circles in lodges and groups in darkness have successfully recycled everything. A mere accounting writing and behold, the sweat and blood of a whole nation are transferred into hands of mystic sects which pretend to rule the whole planet thanks to the process of recycling and confiscating of financial capital throughout the earth. Who then are these masters, priests of darkness who in few accounting writing lines transfer the sweat and the blood of nations? The answer completely turns upside down the reason of the individual citizen who naively thought he had reached the peak point of freedom by rebelling against GOD. These are truly preachers of fight against money laundering, preachers of fight against poverty and evangelist of good state and corporate governance. Thereby the citizen will cry out of schizophrenia and of course, we are indeed in the domain of schizophrenia. To clearly understand this, let's turn to this dusty Bible left years ago in the cupboard.

The Bible clearly reveals that “ What the son sees the father doing, he does it all the same.” Then, the Bible reveals this permanent disguise of those rulers from darkness in the Book of 2 Corinthians chapter 11 verses 14 to 15:

“And no wonder, for Satan himself masquerades as an angel of light. It is not surprising, then, if his servants masquerade as servants of righteousness. Their end will be what their action deserve”

This is absolutely clear and Satan will hinder you reaching such a TRUTH stated in your Bible. Everywhere, the same Lucifer's priests, empowered by him are preaching the Gospel of good governance, of fight against money laundering, of fight against poverty, while secretly recycling wealth of entire nations thanks to their complicity with slavish Heads of States and Governments.

As we can see, the individual citizen has forsaken GOD, so as to exercise his “reason” in his freedom hunting. Behold, he is now receiving and overwhelming satisfaction from the so called “new masters of the world” who continuously go through and fro in between a proclamation of new moral dogma, followed by secret actions completely in contradiction with the dogmatic teachings. This spirit of a crawling snake, moving left and right, and left and right, mystifying and charming, has deeply sunk and demolished the candid individual citizen who consciously and with good will chose to worship his own “reason” instead of GOD.

In conclusion to this question about freedom, let say we just have freedom to be quiet and silent as lodges of darkness working hand in hand with their servants, the slavish Heads of States and Governments initiated to satanism, craftily recycle riches of the third world through international banks.

By virtue of obedience to the principle which states that a slave cannot rebuke his master, our Bretton Woods institutions, financed by riches of the citizens of the planet are amazingly silent on this money recycling process by mystic sects of darkness.

The arbitrary platform according to which the question “why” is of no use and which is rooted in the brain of the modern man is in fact a powerful yoke of captivity from which we must absolutely come out if we finally long to find out the real foundations that give us at last, a sense life and existence.

He who successfully find out the “why” of things lives up to eternity whereas crowds of individuals rejoicing of the “how” do not exist. They rather have the feeling of being meanwhile within themselves, an everlasting emptiness is increasingly growing, resulting in a total lost of sense and in an internal chaos which is taken out on the whole planet and heavily threatens it.

At this juncture appears some unavoidable questions the reasoning citizen and modern individual sharing with us this Book is surely asking. Why are men of GOD now interested in the destiny of the capitalist system? Why is it that Christianity we thought we’ve successfully conquered and destroyed since the “age of enlightenment” is now back to deal with the neo capitalist system? The answer to these questions are worth simple and are found in the Bible.

Firstly, the candid citizen who has had his independence towards GOD and who have been dreaming since the “age of enlightenment” to conquer absolute liberty thanks to his natural reason, must have in mind an unavoidable fact:

Power and governing are unto priests. Power belongs to priests, for in order to get access and to remain in, one absolutely needs spiritual empowerment. The candid reasoning who every morning gets in a subway or a bus to his workplace thinks he can change the world by hardworking and strikes or good interventions with solid arguments in media. Frankly spoken, he causes the handful of so called “new masters of the world” to smile from the depth of darkness , they who dominate and take hold thanks to the power of Lucifer and destroy any attempts of rebellion from the natural reason.

The Book of Genesis Chapter 44, verse 15 reads:

<< Joseph said to them, "What is this you have done? Don't you know that a man like me can find things out by divination? ">>

Joseph hereby reminds his brothers of an unavoidable fact. To be appointed to a high position such as that of Prime Minister in ancient Egypt, one must have progressed in mystic practices to the extend of divination. As for Pharaoh, he's a priest totally consecrated to his master, Satan. This total consecration to Satan grants Pharaoh the spiritual power from darkness he really needs to rule and control Egypt as well as a part of the whole world.

So has it been in ancient Egypt, so has it been in the Babylonian empire of king Nabuchodonosor, another Satan's priest conquered by GOD's power which is in Daniel, Babylon Prime Minister. It has always been like that and so shall it always be, up to the end of this natural world. Priests alone have the spiritual power and are consequently qualified to enrol into spiritual warfare in view of ruling the world. We can understand the amazement of the ordinary citizen, but that's how are things. The "age of enlightenment" was a swindlers market. The individual has entered rebellion against GOD and as reward to his freedom towards GOD, he finds himself deprived from spiritual power in front of the "great masters" of lodges of darkness, genuine Satan's priests who have encountered no spiritual resistance in their goal of confining in bondage people and nations.

To rebel against GOD, armed with one's natural reason is quite easy, but it's no easy matter to live without a master. That's the bitter pill billions of amorphous people who have forsaken GOD, to unwilling unwillingly serve so called "new masters of the world" daily deal with.

Secondly, the ordinary citizen who has freed himself from GOD to embrace such a limited weapon as the human reason, must know that there are only two groups of priests on earth, namely GOD's Priests and Satan's priests. These two groups have been involved in an unlimited spiritual war for the government of the world. But, as crafty as he is, Satan first of all established all over the world fake GOD's Priests who filled with lies GOD's Priesthood, weakening by so doing the Church on the field of spiritual empowerment.

Don't you go to the temple anymore? That's well. In fact, the Bible says the Church takes place in your household. Satan's priests having filtered the Church had rather built vast temples. Centuries of persecution enhanced by the Church? In fact, by which Church? It's rather a worldwide giant religious organization, observing and applying none of the principles stated in your dusty Bible.

Instead of relying on your Bible to make sure if persecutions, abnormal religious practices such as burning candles, wooden crosses and burning incenses are really ordered by GOD, you got angry with GOD and decided to throw away your Bible and from the depth of darkness, Lucifer rejoiced a lot because of your foolish and childish act: throwing away your Bible.

As a matter of fact, what you ought to do is to open and read in your Bible. You would have discovered that this giant worldwide religious organization pretending to be "a Church" practises the contrary of what is written in your Bible in view of tilting you out of the source of power you so much need now to fight the so called "new masters of the world".

At this particular moment, a worldwide reform of the Church, putting apart vast and lying religious organizations which have denied what's written in the Bible by a

tissue of lies is taking place. This is taking place, for true Christians finally understood the necessity to quickly go back to the Bible so as to gain back the spiritual Power needed to destroy and spoil the so called “new masters of the world”.

Just imagine the US army fighting in Iraq with generals of Al Qaida leading their troops. Imagine the Chief commander of the US troops in Iraq being a mole of Al Qaida. This is exactly what the Church have suffered from up to now and the separation from the false priests who have filtered the Church is just taking place.

The real war is just beginning for, during almost twenty centuries , Christians we are, have been filtered by fake priests of Satan in the Church and because of this, we have been unable to face and defeat Lucifer’s priests on the field of spiritual power. As we can notice, serious matters are just starting, with Christians getting out of stony temples in order to put into place living house Assemblies throughout the earth. These autonomous and scriptural based house Assemblies will quickly demolish in few years to come our so called “new masters of the world” in the realm of spiritual power which is the real power.

People of the earth, do forgive us for the disgust you have of your Bible. For twenty centuries , we have been mixed up with Lucifer’s priests who committed all types of lies and atrocities in GOD’s name and in the name of the Church.

For some centuries, these false priests of GOD in our midst and most of whom held high positions in religious organizations, walked along with the Bible in the day and animate lodges of darkness in the night. Some of them are even found among the Illuminatis, a great satanic group. All over the world, we are now separating ourselves from these Satan’s priests who have polluted our midst and we’re going back to practise what’s written in your Bible. You therefore understand the absolute need for you to open your Bible, so as to discover the TRUTH that sets you free. Anyway, it is obvious that any extra second you spend in reasoning is exploited by so called “new masters of the world” to oppress you more and more. This is due to the fact that in the absence of spiritual empowerment, you can’t afford anything and Satan who knows that very well has primarily put in you the disgust of your Bible where the TRUTH is found. In the website www.worldwiderevival.org, you will find Books for free which explain unto you how to personally encounter GOD, how to conduct a worship service in your household as GOD’s Priest, how to pray...

As a matter of fact, your failing to pray is the best news for Satan and priests of darkness who unceasingly proclaim all sorts of mystic incantations to manipulate and control your life by demons, you who think your reason is a relevant weapon. Let’s read in our Bible from the Book of *Revelations, Chapter 1, verses 5 to 6*:

<< And from JESUS-CHRIST, who is the faithful witness, the firstborn from the dead, and the ruler of kings of the earth.

To him who loves us and has freed us from our sins by his blood, and has made us to be a kingdom and priests to serve his GOD and FATHER- to HIM be glory and power for ever and ever! Amen.>>

As genuine Christians having a personal and direct relationship with GOD, we are GOD’s Priests and kings of the earth. Why are we real kings of the earth? It’s because the whole earth belongs to us. GOD says True Christians are his heirs, adding that everything belongs to us. Let’s read the Bible in Ephesians chapter 1verse 11 and 1 Corinthians chapter 3 verses 21 to 23:

<< In him we were also chosen, having been predestined according to the plan of him who works out everything in conformity with the purpose of his will.>>

<< So then, no more boasting about men! All things are yours, whether Paul or Appolos or Cephas or the world, or life or death or the present or the future- all are yours, and you are of Christ, and Christ is of GOD.>>

But genuine Christians we are, having a direct and personal relationship with GOD are not the only priests. The Bible states in Psalm chapter 2 verses 1 to 2 that there are also on earth kings who rebel against GOD; they are Lucifer's priests:

<< Why do the nations conspire and the peoples plot in vain?

The kings of the earth take their stand and the rulers gather together against the Lord and against his anointed one >>

GOD actually calls or considers as tumult and vain thoughts, all types of agitations, doctrines, economic and political theories as well as secret incantations of so called "new masters of the world" who, under Lucifer the chief rebel, rebels against GOD. Among the two categories of priests, only one, that of genuine Christians who are the owners of the world must logically rule the world. However, in the Church, we've been filtered centuries ago, since the reigns of roman emperors Alexander SEVERE and CONSTANTIN, by disguised priests at the service of Lucifer. This presence of satanic agents in our midst have caused us to lose power and spiritual authority and that's why the so called "new masters of the world" have temporarily taken the command of the world.

Thirdly, the ordinary citizen easily understands that time is a scarce resource. As amazing as it can be, true Christians fail to understand this, because of priests of darkness in their midst. Exodus Chapter 21, verses 18 to 19 reads:

<< If men quarrel and one hits the other with the stone or with his fist, and he does not die but is confined to bed, the one struck the blow will not be held responsible if the other gets up and walks around outside with his staff; however, he must pay the injured man for the loss of his time and see that he is completely healed.>>

GOD says, if you cause someone to lose some working days, you are called to reparation, by paying unto him an amount of money. The utterance "time is money" is from GOD. What does the Bible say? The Bible states that Lucifer has right to seven years of reign on earth and this reign shall only start with the rapture of the Church, that is, with the end of the Church on earth. However, being filtered by Lucifer's agents in huge stony temples, we have left behind us barely twenty centuries of reign to Lucifer, the time robber. In order to successfully weaken us, Lucifer has craftily introduced in the Church priests of darkness disguised into Ministers of Justice who had spread all over the world a non scriptural preaching, according to which we ought not to take care of things of this natural world, because we are not of this world.

John who is an American is the legal proprietor of a house in Cameroon, though bearing not the Cameroonian nationality. The nationality of John is of no use as far as the ownership of the house is concerned. John remains a foreigner in Cameroon,

but he just need a legal document to establish his ownership upon his house which is in Cameroon. It is our case. The greatest clerk has written in the Bible that we are his heirs and his earthly ambassadors. In addition to that, this supreme clerk has written in the Bible that HE, the only true GOD is the unique creator of the world. We then have the heavenly nationality while remaining the only owners of the world, for this is written in the supreme clerk Book which is the Bible. As they pretend to be super spiritual, fake pastors Lucifer has filtered the Church with, have preached, in the course of centuries that we ought not to pay attention to the move of the world. That's how we came to forgo twenty years of reign to Satan who, as a matter of fact, had right to only seven years including only forty two months of effective reign. The Book of Matthew chapter 8 verse 29 reads:

<< *“What do YOU want with us, Son of GOD?”, they shouted. “Have YOU come here to torture us before the appointed time?”>>*

Demons dwelling in the bodies of the two demon-possessed men began crying as they saw the Lord JESUS-CHRIST and this reveals unto us a fundamental TRUTH: Lucifer knows very well the final destination awaiting his disciples as well as himself, that's the eternal lake of fire and sulphur. However, Lucifer pays attention to time factor as far as his interests are concerned. He reminds GOD that the time of his entering the hell is not at hand.

On the contrary, Christians tend to forget that the reign of Lucifer equally has been appointed by GOD, that is seven years as from the Church rapture. Yet, the Church, suffering from fake and anti-biblical spirituality spread out by Satan's priests disguised into Ministers of Justice have avoided by negligence to forbid any earthly reign to Satan up to rapture and that's why Satan, the time robber, has been ruling for two millennium since the Pentecost. It's therefore necessary and legal for the Church to quickly redeem the wasted time by completely pulling down the on going worldwide Satan's order.

Those are as explained above, the three main answers to the questions asked by the candid citizen seeking to know why the Church is actually decided to pull down the so called “new masters of the world”.

Let's now introduce our topic.

INTRODUCTION

Our modern capitalist system is more and more invaded by a phenomenon: that of anticipation using probabilities, simulations, games mathematical theories, diverse strategies, intuition, and even esotericism. Search of a leader? Well, a little and secret graphology analysis in the depth of darkness to assets his “charisma”.

Modern man tries to foresee the future, and to anticipate its reality. Have we any success in our infatuation for anticipation?

For us to answer, we have a very simple proceeding, namely, the a posteriori systematic assessment of our former anticipations. Have our past anticipations been fulfilled?

What do we notice, when in a summary table we put face to face our precedent anticipations with what has really taken place? As a matter of fact, we realise our complete incapacity to anticipate the future with our senses and our natural knowledge.

Let us take one exemplary case: that of the Bretton Woods institutions (IMF, World Bank). Let us ask them to give us back a report of the voluminous forecast they work out ceaselessly year after year to the charge of the taxable citizen of the planet. Let us bring together face to face what has really happened and the forecast done by the IMF and the World Bank. The conclusion of permanent inability to forecast will be without appeal.

Our senses which usually are of precious help in the space – as far as we are not dealing with distances which the natural light should take billions of years to cover - our senses, as we are saying, will reveal themselves inexorably powerless in front of time.

Being neither able to move back to the past to bring to the reach of senses the past realities in all their sensitive fullness nor to go forward in the future to discover in all their sensitive fullness the future realities before they would be in the present, the modern man, lacking a relevant compass, sets himself henceforth towards the pattern of chaos.

What is the future of the capitalism system?

What will happen?

It is to that question the WORD of GOD brings an accurate answer that we will be sharing together. The Word of GOD is the only guide or compass that could reveal with certainty the future to us. In fact, GOD’s WORD is the unique creative principle of the invisible and visible world; of what’s material and immaterial. To know therefore the past, as well as the present and the future, we must go back to the generating principle of the world: the WORLD of GOD.

It is written:

“In the beginning was the WORD and the WORD was with GOD and the WORD was GOD. HE was with GOD in the beginning. Through HIM, all things were

made; without HIM nothing was made that has been made". (John chapter 1 verses 1 to 3).

In the light of the WORD that has made all things, let's remember about the foundation of the capitalist system before we come to its future. It is actually a clear understanding of the foundation of the capitalist system that will refine and enlighten the magnitude of the current chaos, so that the modern man would, if he wishes, freely set himself towards the only eternal substance that is able to fill his inner vacuum and nothingness: the TRUTH.

THE FOUNDATION OF THE CAPITALIST SYSTEM : THE PRINCIPLE OF INHERITANCE

The Bible teaches us that visible things come from invisible things.

Here, we have an eternal and unavoidable principle to which we are used to, without thinking about its consequences. How is it that one planet is attracting the other, or that I should be drawn to the centre our planet when I jump from a small tree? Its because of an invisible but real gravitational force which effects are quantifiable and measurable.

Our natural senses grasps and measures well the effects of this force which in itself, is invisible. The gravitational force reveals its existence to us through what it provokes within the visible universe which is accessible to our natural senses, but we have never noticed that gravitational force cycling in a park with our young daughters.

Where does the beautiful and aerodynamic shape of your vehicle come from? It simply proceeds from the thought of the engineer that has imagined it. That thought is, and remain invisible, and yet, it produces visible riches and we accommodate ourselves without asking any question to the fact that invisible things produce visible ones. On the contrary, what we do not always understand is that, nothing visible proceeds from the visible. All visible things come necessary from the invisible.

Is a man joined to a woman? The result cannot, but only called a man when something would have sprung from the invisible world, that's life appearing in the flesh.

What is the invisible foundation of the capitalist system?

It is of spiritual nature. It is called the principle of inheritance and we shall understand it better when we open our Bibles.

GOD's principle of inheritance states that the community or the human community inherits from the individual. That is to say the quality of the human community, of the human

collectivity proceeds from the inner quality of the individual. It is from the individual that GOD creates and transforms the human community. It is the inner riches of the individual that generates the riches of the community. In the same manner, the inner downfall of the individual generates the downfall of the human community.

The principle of inheritance as fixed by GOD, says that the human community is heiress of the individual, and she inherits what the individual has in himself. The individual is the father and the human community or collectivity is the heiress of the individual.

This principle of inheritance established by GOD is valid as well in the spiritual realm as in the secular realm.

Where does the downfall of humanity come from? It comes from one man: Adam.

The sinful quality that Adam acquires is sufficient for all the nations to be under the yoke of sin and curse.

Where does Christian religion comes from? It comes from one man only: Abraham. GOD parts Abraham from his native community, sends him away from his native land and isolate him in order to revolutionize this individual. Aramean at the beginning as his native community, the isolated Abraham undergoes a series of spiritual transformations that gives him a new inner quality: he becomes a Hebrew and his name is changed by GOD from Abram to Abraham.

Having become immensely rich in spiritual things, the Hebrew Abraham (whose name has been changed by GOD from Abram to Abraham during the inner transformation process) is therefore mature to be the father of all the nations of the earth. It is not the nations of the earth who determine the quality of Abraham. Rather it is the inner spiritual enrichment of Abraham the Hebrew that determines the quality of all the generations of born again Christians from all the nations of the earth.

Let's take another instance.

Where does salvation of mankind comes from? From only one individual: GOD made man the Lord JESUS-CHRIST.

The same GOD's principle of inheritance is fulfilled in the secular realm. For a human community to get rich in the secular plan, the financial capital must necessary be in the hands of the individual. Individuals owning the financial capital take investment and management decisions which of course are not perfect, but rational enough to generate additional riches that will come to enrich the human community as a whole on condition that the inequalities in the sharing of the additional riches remain negligible.

It is because it respected at least at its genesis the principle of inheritance established by GOD, and by virtue of which the riches of the community come from the riches of the individual, that the capitalist system ensured its victory over communism. Genuine satanic rebellion, communism stated that the individual being selfish, the community should deprive him of the financial capital. At the peak of its drift, communism even entrusted to the community, the responsibility to transform the individual into a new creature; just as they would ask a young girl to give birth to her father.

This principle of inheritance is the foundation of the capitalist system and from the enlightenment provided by the revelation of this foundation, we can easily identify the ultimate source of the chaos that is overtaking the visible world.

ULTIMATE SOURCE OF DOWNFALL AND CHAOS: THE INDIVIDUAL, FATHER OF THE COMMUNITY, SETS HIMSELF TOWARDS NOTHINGNESS AND BEQUEATHS NOTHINGNESS AS INHERITANCE TO THE COMMUNITY.

This ultimate source of chaos and nothingness is now at full phase of development and production, as we will be seeing below. For this purpose we have to state precisely the inward of the individual because it is this inward that the individual transfers as inheritance to the human community. The state of the world originates from the inner being of the individual. Therefore the relevancy of understanding well the evolution, the transformation and the drifts of the inward of the individual.

THE INWARD OF THE INDIVIDUAL: THE THREE LEVELS OF KNOWLEDGE AND FOG- KNOWLEDGE OR ANTI- KNOWLEDGE

THE NATURAL KNOWLEDGE

This is what the WORD of GOD says in the Book of Genesis Chapter 1 Verses 27 – 28.

“So GOD created man in his own image, in the image of GOD he created him; male and female HE created them. GOD blessed them and said to them, Be fruitful and increase in number, fill the earth and subdue it. Rule over the fish of the sea and the birds of the air, and over every living creature that moves on the ground”.

Here, GOD reveals to us the mission he gives to man: to subdue and to rule the earth, and other living and inanimate creatures, apart from man himself.

For man to fulfil his mission, GOD has given him natural knowledge, limited to the understanding and the use of invisible laws established by GOD over the natural visible world. Our knowledge of the laws that governs the natural world is a gift from GOD, and this gift is for man, a source of natural might. Having received from GOD the gift of natural knowledge, we subdue the nature and other visible creatures according to divine injunction.

The natural knowledge or intellectual knowledge constitutes the intellectual capital of man. It comes from GOD and has two characteristics: its scope is limited in time and space, and it needs a rudder to be orientated.

1 Corinthians chapter 2 verse 11 reads:

"For who among men knows the thoughts of a man except the man's spirit within him? In the same way no one knows the thoughts of GOD except the SPIRIT of GOD "

Man's spirit only deals with information perceived through the senses. On a matter of fact, the human spirit hasn't access, but to the things of man, that is things inscribed within time and space that makes up the universe of a natural man. Human eye, human ear, our senses and all our instruments who are only the prolongation of our senses, have no access to the second level of knowledge.

Besides this, the natural man who hasn't but a natural knowledge, disposes of a "free" will, and would rather have used this "free" will to set his natural knowledge towards the accomplishment of good. But this "free" will is not in fact free. Since the rebellion of the Eden Garden of which we will discuss later, the human spirit is unceasingly drawn to the abyss of anti-knowledge that we here below examine. It is this bottomless pit of fog-knowledge or anti-knowledge, that always draws man and subjects his natural knowledge to the slavery of evil that we notice everywhere on the planet. Finally, the natural man is no more really "free" in choosing between good and evil and that is what the Bible says in the Book of Romans chapter 7, verse 19:

"For what I do is not the good I want to do; no, the evil I do not want to do, this I keep on doing".

While the anti-knowledge draws natural man towards the abyss of nothingness in order to subdue his natural knowledge to the slavery of evil, GOD gives man the possibility to get into the second level of knowledge. This second level sets human natural knowledge towards the fulfilment of good that is the will of GOD. Let's now tackle the second level of knowledge which is the Revealed knowledge.

THE REVEALED KNOWLEDGE

Let us open our Bible in the Book of 1 Corinthians chapter 2 verses 9-10:

"However, as it is written: No eye has seen, no ear has heard, no man has conceived what GOD has prepared for those who love HIM. But GOD has revealed it to us by his SPIRIT. The SPIRIT searches all things, even the deep things of GOD>>.

The revealed knowledge is out of the reach of our senses, and cannot be conceived by the spirit of the natural man. Eye cannot see it, ear cannot hear it, and our most elaborated natural thoughts can't reach it out. Why?

The reason is simple. Does a dog have access to the natural knowledge of man? No for a dog hasn't a human spirit. It is the human spirit within man that searches the natural things that are within the reach of our senses. Likewise, it is the HOLY SPIRIT; the SPIRIT of

GOD who searches the things revealed by GOD. Only the man inhabited by the HOLY SPIRIT has access to the field of revealed knowledge.

Meanwhile natural knowledge is acquired through experiment and sensitive experience of things and events, revealed knowledge is only acquired by faith; faith in HE who gives the HOLY SPIRIT and who is GOD. Your twelve years old daughter immediately has access to it the day she places her faith in GOD.

What is the aim of revealed knowledge in man? First of all, to give him back a real substance and a real existence that lasts eternally and secondly to orientate his natural knowledge towards the fulfilment of GOD's will, which alone is good. There is no possible neutrality for the natural knowledge of man. Either it has as master the anti-knowledge that sets it towards evil and eternal death or it has as master the revealed knowledge that sets it towards good and eternal life.

Revealed knowledge is the source of ultimate spiritual power; the Power of GOD. It is that spiritual power that orientates the individual towards the fulfilment of the will of GOD, and it is only that Power that grants substance and eternal life to the individual and gives a sense to his existence. No revealed knowledge, no meaning to one's existence, no understanding of the causes of things and events of the natural world, no power to overcome evil.

This is what GOD gives to the one who by faith comes to HIM: the Power from on High, the HOLY SPIRIT who is unlimited for HE is absolute.

The Book of Luke chapter 24 verse 49 says:

<< I am going to send you what my Father promised; but stay in the city until you have been clothed with Power from on High>>.

Now, let's get to the third and last level of knowledge: the hidden or secret knowledge

THE HIDDEN KNOWLEDGE

Let us read the Bible in the Book of 1 Timothy chapter 6 verse 16:

"Who alone is immortal and who lives in unapproachable light, whom no one has seen or can see. To HIM be honour and might forever. Amen"

This unapproachable LIGHT is the hidden or secret knowledge which is exclusively GOD's property. In fact, HE who has the secret knowledge is GOD alone. Such is the stake of the secret knowledge which is found in GOD alone, and is absolutely inaccessible besides GOD.

No rite of initiation, no invocation of spirits from darkness, no philosophy, no human reasoning will open the least crack of access to the hidden knowledge.

The act of supreme rebellion consists in torturing unceasingly one's soul and spirit by endless interrogation about hidden things. What is within the reach of man, is access through faith in GOD to revealed things.

To try by dint of questions to get access to the hidden knowledge is ultimate rebellion against GOD. Such a rebellion is a mortal aspirator that empties man of any sense and of any inner peace. We will examine more in detail rebellion process when we will be talking about anti-knowledge which is not knowledge, but rather an abyss of bottomless pit, the absolute nothingness.

This is written in the Bible, the boundary that no man, no spirit (Lucifer the devil is a spirit) could cross.

The Book of Deuteronomy chapter 29 verse 29 reads:

“The secret things belong to the Lord our GOD, but the things revealed belong to us and to our children for ever, that we may follow all the WORDS of this law”.

This is the dwelling of the hidden knowledge. The Book of Colossians chapter 2 verses 2 to 3 says:

“ My purpose is that they may be encouraged in heart and united in love, so that they may have the full riches of complete understanding in order that they may know the mystery of GOD, namely, CHRIST, in whom are hidden all the treasures of wisdom and knowledge.”

THE FOG -KNOWLEDGE OR ANTI-KNOWLEDGE

The WORD of GOD has revealed to us, as we have just seen, that HE lives in an unapproachable LIGHT. That is to say the secret knowledge that belongs to Him exclusively, is eternally inaccessible to man and spirits (Lucifer who is Satan is a spirit).

How did Lucifer who is Satan the devil fall into perdition for life?

Leaving aside GOD's WORD which is the TRUE foundation of all visible and invisible things, Lucifer, formerly GOD's Archangel, got involved in the search for the hidden knowledge. Now, this is what the WORD of GOD says in the Book of 1 Chronicles chapter 6 verse1:

“ Then Solomon said, the LORD wants to dwell in darkness”.

Yes, the hidden and unapproachable LIGHT that is in GOD and with which GOD lives is encompassed from all parts, and in all dimensions, and from all eternity with immeasurable darkness. This immeasurable darkness that surrounds GOD, is an eternal trap for whosoever is ambitious to forcefully seek access to the hidden knowledge of GOD.

As he wanted to rule on behalf of GOD by getting access to hidden things by force, Lucifer has foundered in darkness for eternity. This eternal darkness is a bottomless pit of everlasting downfall and only the Power of GOD can bring out what has fallen in, on condition of previous repentance. Yet, if men are still able of repentance because the last mankind judgement has not yet taken place, GOD has eternally deprived Lucifer of all possibilities of repentance, because his last judgement has taken place at the moment of his rebellion .The chaining of Lucifer and his demons in the abyss of eternal darkness is being revealed in the Book of 2 Peter chapter 2 verse 4.

“For if GOD did not spare angels when they sinned, but sent them to hell, putting them into gloomy dungeons to be held for judgment...».

The eternal dungeon of anti-knowledge, that's the position and substance of Lucifer, who is Satan .

Let's take a natural case, to understand this better. Scientists teach us that their more and more sophisticated instruments have discovered masters of the space-time who are called black holes. Physicists explain to us that a black hole has a skyline that is a domain of space-time around the black hole and within which the black hole fully and definitively absorbs light and any other massive substance. Any light or mass (planet, star, comets, cosmic dust...) that would venture itself in the skyline of a black hole falls ineluctably in the black hole and never comes out again. No information can get out of the horizon of the black hole, and scientists say that the horizon of the dark hole is causally separated from the rest of the natural universe.

It's something natural that permits through analogy to understand how Lucifer, Satan is trapped for eternity in the darkness that surrounds the unapproachable LIGHT of GOD.

The fall of Lucifer in the bottomless pit of anti-knowledge is described in the Book of Luke chapter 10 verse 18:

“He replied: I saw Satan fall like lightning from heaven”

This is the process of the chain questions that have led Lucifer in the infinite abyss of anti-knowledge.

“What is GOD'S principle?”

“Where does GOD, my master come from?”

“And if I could definitively free myself from GOD's dominion?”

“ Is it possible for me to become GOD in stead of GOD ?”

The wild search of secret knowledge: that's the source of the eternal and irreversible fall of Lucifer. In this respect, we do understand why all mystical lodges of darkness, esoteric circles that are striving and fighting for supremacy all over the world that they have not created, have in common the quest of hidden things and the practice of secret initiation rites in the darkness. That illusion comes from Lucifer who untenably looks for hidden things that none could get access to, except GOD.

Mystical lodges of so-called a builder and "new masters of the world" are fervent followers of secret initiatic rites who are reputed (supposedly as they say) in giving access to secret things and therefore to world dominion. The trap of fog -knowledge actually generates power; the darkened power of Lucifer who is the beginning was of a rank of an archangel of GOD. It is that limited power of Satan that deceives the so-called "new masters of the world" and other followers of mystical circles of all kinds who pretend to govern the world made by GOD.

What is the substance of Lucifer since that fall into the bottomless pit of anti-knowledge? The Bible gives us the answer in the Gospel of John chapter 8 verse 44 : lies.

“ You belong to your father, the devil, and you want to carry out your father’s desire. He was a murderer from the beginning, not holding to the truth, for there is no truth in him. When he lies, he speaks his native language, for he is a liar and the father of lies”

Henceforth, Satan produces lies, feeds on, and acquires from those lies greater abilities to additional lies. This engine is boundless and endless, always producing nothingness which at his turn reinforces the quality of nothingness of Lucifer. Satan and his priests the so-called “new masters of this world” are but a machinery of illusion and nothingness.

Now, we have understood what can be within the individual : either natural knowledge governed by revealed knowledge, or natural knowledge governed by fog – knowledge or anti-knowledge. The neuter is impossible and this is what the Bible states in the Book of Acts chapter 26 verse18:

“To open their eyes and turn them from darkness to light, and from the power of Satan to GOD, so that they may receive forgiveness of sins and a place among those who are sanctified by faith in ME”

The individual has but one alternative: either his natural knowledge is governed by the power of GOD , the HOLY SPIRIT and in which case he is walking eternally in the light (GOD’s will, and not the unapproachable light of GOD) or his natural knowledge is governed by Lucifer’s anti-knowledge and he walks in darkness. Freedom so often claimed by modern man comes from GOD, but contrary to what modern man thinks about freedom as the possibility to become a god absolutely independent, real freedom is in fact limited to our choice between the submission to the power of GOD or submission to the power of Lucifer the rebel .The state of the natural world is a direct result of the choice operated.

Natural knowledge is source of natural power while revealed knowledge and anti-knowledge are sources of spiritual powers. Anti-knowledge which is rebellion against GOD, and which spiritual power is inferior always produces nothingness, eternal death, while knowledge revealed by GOD always generates sense life from eternity to eternity.

Now that the inward of the individual has been uncovered , we are going to tackle the origin of ultimate downfall and chaos:

THE INDIVIDUAL SETS HIMSELF TOWARDS ANTI-KNOWLEDGE AND PUTS THE GOOD INTO PERSPECTIVE.

**ULTIMATE REBELLION: THE INDIVIDUAL SETS
HIMSELF FREE FROM GOD AND LUCIFER TAKES
OVER THE CONTROL OF THE WORLD.**

TWO CONSEQUENCES :

**THE INTELLECTUAL CAPITAL OF THE INDIVIDUAL
BECOMES THE BEAST.
THE FINANCIAL CAPITAL BECOMES THE GREAT
HARLOT.**

In Genesis, GOD makes man, and gives him the natural knowledge governed by revealed knowledge and assigns him a mission: to have dominion over the natural world through his natural knowledge and next, GOD puts at the disposal of man, liberty to choose his master.

Yea, man is created by GOD to obey a master, and so it is , and shall it be forever. Our liberty is that of choosing our master.

In the Garden of Eden, two trees are found within the reach of man, namely the tree of life and the tree of the knowledge of good and evil. The tree of life is GOD's revealed knowledge that grants man life and direction to live for eternity.

The tree of the knowledge of good and evil, is the tree of rebellion, of death. At this point, some people may ask the question to know how far can we achieve good having not the knowledge of good and evil. It's all that simple. Your fifteen years old son knows by faith that he is born of your wife. Will he lay her mother on a surgical table and do investigations and examine thoroughly the genes of your wife to convince himself that he is your seed? There you are, well horrified to the simple recollection of such an hypothesis and yet that is what happened in the Garden of Eden and since then.

It is by faith that your son says "mummy" to your wife and it's far better he wishes to act like that. Eye witnesses, nurses for instance, could reassure your son on the fact that he is born of your wife. But what about you ? It is by faith and only by simple faith that your son calls you "daddy " while your are answering " my son". Have you performed genetic tests to understand that you are the father of your son? No. You just exercise faith, and this is an example placed by GOD before humanity. And if within a human society, each man requires that previous genetic tests be made before he accepts his son? The answer is simple. Such a human community or society would come to die.

By love, each man chooses the way of faith and accepts his son, even born out of the marital home and this act of faith enables human society to subsist and to persist.

The tree of life enables man to know by faith the will of GOD that alone is the good, while the tree of the knowledge of good and evil leads man to death.

It's by love for GOD and also in his supreme interest, that the individual is invited to eat solely by faith, of the fruit of the tree of life. This tree gives access to the revealed knowledge of GOD that takes control over man's natural knowledge and sets him towards GOD's will. It is the fruit of this tree of life that transmits GOD's POWER to man as well as the revelation of the will of GOD which alone is the good and eternal life that is from GOD alone.

And why does the individual needs GOD's POWER that is obtained by faith? The answer is simple. Even before man was made, one of the creatures of GOD, Archangel of his rank , rebelled against GOD and fell for eternity in the evil that is rebellion against GOD. Lucifer the rebel has but one goal: dragging man along in his rebellion against GOD and to resist Lucifer, man needs a spiritual POWER higher than that of the rebel. That is why the tree of life is available to the reach of each individual. GOD therefore warns each individual on earth: “ ***The day you shall eat of the fruit of the of the knowledge of good and evil, you shall die***”.

The day man decides to turn away from the way of faith, and to trust his own reasoning, he falls into the slavery of Lucifer and dies spiritually. That spiritual death is rendered by the fact that the rebel who pretended to know the good and the evil and freely choose to do good, finds himself utterly powerless to know and to do the good by his own efforts.

The candid hasn't realised that the fulfilment of good involves spiritual POWER. When he got involved, only armed with his natural reasoning capacity in the knowledge of the good and the evil, he found himself under the yoke of anti- knowledge which master is Lucifer

To do good? The modern man doesn't know what it is all about. It is an all relative notion. Absolute good that is GOD's will? Out of reach of the rebel who takes refuge behind the frail reed of his reason. How then can you fulfil the good that you don't know? Foolish ! You can't in anyway, do the good of which you have no knowledge, you who by your reasoning faculty, has taken the liberty to determine by yourself what is good, and what is bad. All has become relative in the spirit of the rebel who has been fed with the adulterated milk of the “*age of enlightenment*”. Emptied of any foundation, annihilated in his inward for lack of discovery of absolute good, the modern individual is henceforth prisoner of his inner chaos, which product he ceaselessly throws out within the human community. Freed from his faith in GOD, the candid, gone to the conquest of good by the mean of his reason, finds himself prisoner of chaos and manufacturer of chaos. A strange spiritual power has taken the inner control of our rebel of the “*age of enlightenment*”

The good? where is it – The rebel's reason has not found it.

Fighting empty handed and naked hands against evil, the individual that has taken leave from GOD is surprised to learn that his achievements are without cease renewed in the fulfilment of evil. The Modern individual struggles in order to fulfil the good after which he pants but he finds himself doing the opposite. A power, higher than his will leads him to do evil even though he wants to do good and lives in good.

It is that inner conflict between the prevailing evil and the unavoidable thirst for good which generates internal guilt and despair in the individual, creating permanent inner chaos, which chaos is poured out in the human community and even in all the natural world.

After having produced generations of great philosophers and thinkers, a country like Germany produces Adolph HITLER. Despite all the spectacular overturning of mentalities since the fall of nazism, nothing guarantees the impossibility of production of a heir to Adolph HITLER, since the spirit of nazism has not only survived in Germany, but has won many countries of the world. Ethnic genocide in Rwanda proceeds not more or less from nazism.

The French resistant fires his last bullet of machine – gun against German troops in 1945, and runs speedily to torture, rape, and kill thousands of Algerians . That's it: murders, rape, colonisation are bad – But how can we avoid committing these things?

The fifty years old man who marches to protest against his dismissal? He is of course that Manager of human resources who at the peak of his career conceived a modern set of staff dismissal plans in order to boost the profits as well as the value of shares in the Stock Exchange.

After having exposed the cruelty of American soldiers in Iraq, some French journalists would rather find it normal to hide the crimes of the underworld called "***Françafrique***" that destroys entire countries in Africa.

After having vilified "*European colonisation*", the African fawner finds it rather normal that the Head of State who belongs to his ethnic group, should annihilate all other ethnic groups of the country, and plunder all petrol resources.

The same leaders who officially cry down corruption are in turn soiled and exposed in scandalous matters of corruption.

What about terrorism ? "Assuredly a very bad thing", shall shout many Western citizens. But the same Western citizens who cry down this terrorism have no more power to protest against the support of their national governments to corrupted foreign potentates who utterly destroy their people and cause therefore heavy layers of entire frustrations and desire of vindication to germinate on top of huge petroleum deposits. These citizens who much abhor terrorism, would truly like to live in a world without terrorism where only their national governments would have a right to colonise and terrorise politically, financially and economically other nations.

War? It is bad. But be careful; if my government through war subdues a region of the world and brings back to me cheap petrol, riches and minerals, what a more normal thing?

Having taken his independence towards GOD, the individual has automatically placed himself under the yoke of anti-knowledge which is the source of absolute evil. However, the intention was rather that of " true independence", making man a god who freely chooses his way – now, man's natural knowledge is necessarily under a spiritual power. It is that necessary and unavoidable subjection of natural knowledge to a spiritual power that lodges of darkness, rulers of mystical circles of darkness hide to people of the whole earth.

The matter for this so-called "*new masters of the world*" is to sell to the individual the false dream of a total freedom. Whilst the individual, emptied of all spiritual substance, all knowledge revealed by GOD, gets lost in a pretended liberty to the

point of putting the good into perspective, rulers of lodges and mystical sects of darkness resort to the dark spiritual power of Lucifer to take control over the human spirit cut from GOD, to force ideologies, fashions and ideas, and to organise in their manner the move of the world.

To make of crowds amorphous masses, spiritually inexistent and easily controllable and operate on, that is the goal of so called “ *new masters of the world* ” who secretly combine the diurnal scientific argumentation with the nightly dark, irrational and demonic incantations.

Do you need a career in one of our worldwide multinational factories or enterprises, or a career in Public Administration? What more normal! From the start, the novice will discover but career plans, objectives, scientific assessment, analysis graphs, management statistics, laws and regulations, in brief, the whole rational arsenal of modern management. Up to this point, the new comer is convinced that all is definitely scientific in a scientific world and this conviction is strengthened by the fact that our so called “*new masters of the world*” don’t miss any occasion to inculcate to the novice the inexistence of GOD. A simple evocation of faith henceforth becomes an immense source of mockery.

Nevertheless, this situation will only last as long as the wall of initiation is not reached out. Very soon, the ascension within the career plan is submitted to more or less but still frequent pressures in view of adherence to all kinds of clubs and dark lodges which existence is not mentioned in any of the State constitutions of the world. “ *This is necessary to easy progression in a career*”, they repeatedly declare to the neophyte who will soon discover that he will soon be compelled to be initiated to the manipulation of mystical powers in a mystic lodge of darkness. At this level, the veil of scientific illusion has disappeared and Satan clearly suggests to the candidate the initiation to become a Satan’s slave in order to better dominate others and free himself from GOD.

The rebel individual engaged in the search of the knowledge of good and evil thank to his natural knowledge finds himself any spiritual substance, without any absolute foundation and such a metaphysical nakedness is a manna for the so called “new masters of the world” who are permanently in quest of candid slaves.

The freedom granted by GOD is the liberty to choose between the tree of life and the tree of the knowledge of good and evil. It is the liberty to choose as master, GOD or Lucifer, and our *product of the “age of enlightenment”* has got lost in the mirage of absolute freedom which has emptied him of any spiritual foundation and offered him as a slave to Lucifer’s priests: the so called “ *new masters of the world* ”.

The individual rebellion which started in Eden Garden has deeply crystallized itself in a dark historic period, namely the eighteen century qualified as the “age of enlightenment”.

The “age of enlightenment”, genuine Lucifer’ entice that casts the rebel individual into the bondage of anti-knowledge, has set seven strongholds in the human spirit of the rebel and transformed the natural individual knowledge into a beast slave perfectly rebelled against GOD. Made prisoner in the well of anti-knowledge under Lucifer, this beast, slave of the so called “*new masters of the world*” shouts in the nothingness against GOD and against whatsoever proceeds from GOD’s revelation . The more the yoke of so called “*new masters of the world*” is heavier, the more our beast, our natural intelligence discovers his imprisonment and pulls up to roar against GOD, at the great satisfaction of Lucifer.

Let's examine these seven strongholds which have imprisoned and changed into a beast, the natural knowledge of the modern individual rebelled against GOD.

First imprisonment stronghold from the "age of enlightenment" : liberty

If the "age of enlightenment" asserts that liberty is the most precious good to the individual, it avoids to precise the object of this freedom. Freedom to do what? There is a crafty silence, for it is forbidden to reasoners and philosophers of this century of darkness and rebellion to say the TRUTH. The individual as a matter of fact has a unique liberty, that of choosing his master. The fool who has acquired his freedom knowing not to what this freedom applies is now groaning continuously under the heavy yoke of the dominant spirit who stole him the mirage of an absolute freedom. The so called "*new masters of the world*" have taken the full control of States, of Governments, of democracy, and the opinion of the rebellious individual who was in search of absolute freedom is now useless"

Second imprisonment stronghold from the "age of enlightenment" : reason is the only source of light

In the framework of this century of darkness, the natural reason, the one the individual comes in the world with, is the sole light producer for the individual. Thus says this century of darkness : "no knowledge without reason".

Likewise a dog has no natural knowledge because of lack of human spirit, the animal spirit being unable to grasp things from the research and investigation field put aside by GOD to the human spirit, man fails to get the knowledge of things that proceed from GOD's revelation. There's therefore a need of the HOLY SPIRIT.

This century of darkness baptised "*age of enlightenment*" openly ignores that it is the type of spirit within an individual or an animal that shapes the field of knowledge. The animal spirit has no access to any knowledge. The human spirit only has access to the natural knowledge of sensitive realities.

The HOLY GHOST has access to both revealed knowledge and hidden knowledge and once the HOLY SPIRIT dwells in the repented individual, HE the HOLY SPIRIT puts at the disposal of this individual the revealed knowledge, for the hidden knowledge is GOD's exclusive property.

Lucifer's spirit has access to anti-knowledge, for he is it's exclusive producer. Anti-knowledge is superior in power to the natural knowledge whereas the revealed knowledge is infinitely superior to the anti-knowledge as well as to the natural knowledge .

What the "*age of enlightenment*" hides to the rebel individual is that the natural knowledge cannot subsist alone, without a master. Either it is commanded by the revealed knowledge or by the anti-knowledge. That's the stake of the spiritual warfare for the controlling and ruling of the world and if the so called "*new masters of the world*" have taken control for a while, it is due to the fact that the candid and rebellious individual has sunk into the dark waters of fog-knowledge, he who earnestly sought an absolute freedom and a full knowledge, that is hidden knowledge.

The Bible teaches that in view of sparing Egypt from the seven years of famine that Joseph foresees by GOD's revelation, every Egyptian farmer is compelled to save 20% by putting aside one fifth of his annual harvest. If based upon this biblical wisdom, you dare teach that the suitable saving rate for a private or public economic agent willing to invest

in the future is 20% per year, you will be cast out of universities, economic forums, media and even from the Government of the country. All the citizens will unanimously shout against this unacceptable intrusion of the Bible in the national economy which ought to be ruled by logical reasoning and mathematics. This is “Economic Sciences”, they say. As a matter of fact, these citizens are completely dupe, for many theories the so called emeritus economists inculcate to crowds of candid citizens all over the world are but incantations from the lodges of darkness, incantations which are covered with a superficial skin of logic giving them the appearance of truth.

In December 1996, the European Council instituted in the framework of the stability pact an accepted maximum of 3% of GDP (Gross Domestic Product) for the budgetary deficit. Barely a decade after, one is still to find out which were the mathematical and logic rules that led to this figure of 3% of GDP .Where was this figure taken from? Nobody knows, but crowds of European citizens suffered the dreadful consequences of this rate of 3% and dearly paid for through unemployment, precarious and uncertain jobs, non reimbursed health expenses and this suffer went to an extent that Germany, the initiator country of this stability pact found itself obliged to go beyond this mystical line of 3% of GDP.

Once are decided in mystical sects of darkness, the repression rules to apply throughout the world in view of submitting individuals unto Satan’s government, so called eminent professors and economists hide the dark lodges incantations behind the symbolism of figures and statistics. These figures and mathematical models which wonderfully function only in Books and computers are destined to divert the attention of the candid citizen from a fundamental fact : the real determiners of the creation and the share of riches in the natural world are of a spiritual essence. Only one alternative exists: the forces at work in creation and share of wealth in the natural world are either from anti-knowledge or from the revealed knowledge.

Behold the candid citizen born of the “age of enlightenment” has thrown away his Bible and the baptism of the HOLY GHOST to better obey “*philosophers*”, “*economists*” and “free thinkers”, all members of the lodges of darkness. Fool freedom seeker who has freed yourself from GOD! Before you read your next “fetish Book” during your one hour trip in a underground dare write to the author to make sure he’s not a priest of darkness. O foolish freedom seeker pretending to be rational, how did it happen that you forsook GOD’s “irrationality” to embrace without any previous enquiry Satan’s irrationality? These are your fetish authors you consume the economic releases, novels, Books of all kinds, “strategic thinkings” and “philosophic thoughts”: illuminatis, bilderbergers, members of world satanic forum of Davos, initiated priest of freemasonry and rosicrucianism, initiated priests of the skull and bones satanic sects all absolutely decided to implant in your mind the despise of the HOLY GHOST revealed knowledge and strongholds of the Lord JESUS-CHRIST denial.

At the peak of his perdition, the foolish freedom hunter of the “age of enlightenment” who dares protesting against any idea of government of the country by GOD’s Priests is now after some childish smile when they let him know that his Prime Minister is a freemason of the 33rd degree and that his Head of State is a high priest in rosicrucianism. Are you really logic, you the lost offspring of the “age of enlightenment” ?

Third imprisonment stronghold from the “age of enlightenment” :Tolerance.

Like in a mirage, the “age of enlightenment” flaunts to the individual the notion of tolerance of the social, political, religious opinion of the other. Though at the beginning there’s no qualms, at the end, this tolerance has completely turned into putting good and evil into perspective. The individual rebelled against GOD, bound in his stronghold of tolerance is proved to be unable to grasp the absolute necessity of questioning his incapacity to establish the reign of good. All the same, such a questioning of the reasoner of the “age of enlightenment” would have necessarily led him to clearly understand that the only aspiration to good is not sufficient to establish the reign of good. One needs above all, spiritual power to conquer evil, what spiritual power the candid citizen gone to the hunt of knowledge armed with his sole natural reason lacks the most. This absolute metaphysical poverty of the candid reasoner born of the “age of enlightenment” causes the so called “new masters of the world” to rejoice secretly, they who, thanks to their spiritual power of anti-knowledge are champions of intolerance when it comes to producing and implementing all sorts of deceitful political and economic dogmas through all the planet.

DID YOU SAY TOLERANCE ?

Even the existence of the State and of the citizenship appears to be intolerable to the so called “new masters of the world”. In the third world, the show of Chancellors of Exchequers assiduously receiving instructions from IMF and World Bank is more than repetitive. It is intolerable that salaries increase for capital markets will sink into depression. It is intolerable that oilfields belonging to foreign citizens fail to be systematically exploited, for it is the best way to stabilize the great financial capital which has rebelled against GOD. It is intolerable that surplus of wheat being freely shared out to poor people, for it will break down the prices on the market. What a nightmare if the wheat market gets some fever. Don’t think anymore about such a nightmare, just let the poor people starve.

What is the candid citizen born of the “age of enlightenment” then waiting for to understand that it is absolutely intolerable that a handful of priests empowered by mystic power they receive from Lucifer proclaim themselves “new masters of the world”?

Even if the candid citizen would come to understand that the intolerable limit has been reached by the so called “new masters of the world” he would still need the revealed knowledge which is infinitely stronger than the anti-knowledge and which is therefore the suitable weapon in the war against the so called “new masters of the world”. Let’s not forget this: only priests rule.

Do you crush Adolph Hitler? That’s furies; but the physical act rather brought rest and not a final or definite solution for the spirit of nazism which conceived, gave birth, brought up and commanded Adolph Hitler, this spirit from the spiritual reign subsists and one needs in view of destroying definitely this nazi spirit, to rely on the revealed knowledge, the only spiritual power capable of conquering once for all the spirit of nazism.

Fourth imprisonment stronghold from the “age of enlightenment”: natural equality

The candid reasoner of the “age of enlightenment” has actually chosen to build a house without foundation. The source of equality which is a good thing is simple, spiritual and invisible. The real equality is spiritual, invisible and eternal, however the thinkers of this “age of enlightenment” have taken our rebel individual astray by disconnecting him from spiritual realities in order to reduce his perception, his life and his vision to the natural realm. How far can one erect equality among individuals without spiritual foundation ?

Absence of spiritual foundation will either lead to utopia in the best of case, or in anarchy that’s the worse of it. Because they are less inclined to waste of time, Lucifer’s priests have moved directly to their master to fetch the necessary spiritual power to the establishment of deep inequalities everywhere in the world.

This is the point of view of the so called “new masters of the world» on equality: a handful of some thousands of individuals from darkness priesthood (Illuminatis, Bilderbergers, Trilateral Commission, Skull and Bones, Worldwide Freemasonry, Worldwide Rosicrusianism, Jason group ...) control the whole financial capital of the world.

This shows enough that there’s a need of spiritual power to concretise equality which is rendered, on a natural plan, by complementarities between individuals and human groups and not by bringing everyone at the same level as lost utopians pretend.

All are equal before the law, but the poor African farmer unable to pay the service of a barrister at law loses his case at the court. All are equal before the law, whereas sub-Saharan Africans still have no means to require the least payment of compensation for centuries of slaves trade.

The lost romantics of the “age of enlightenment” have forgotten one thing. Against Lucifer, a right not claimed does not exist , and in order to properly reclaim such a right , one needs a spiritual power superior to that of anti-knowledge that serves as foundation to the so called “new masters of the world “.No valuable spiritual foundation, no equality.

Where is then the reasoner of the “age of enlightenment”? He is groaning in financial , economic and political jails of the so called “new masters of the world”. Even his status of citizen is threatened more and more, for mystic lodges of darkness have taken control of Sates and Governments all trough the natural world and hence dictate to them what to do.

Fifth imprisonment stronghold from the “age of enlightenment”: the pretended contradiction between GOD and scientific progress.

During this eighteen century, many scientific inventions have been recorded (thermometer , microscopes , geographical maps to cite a few). Behold , the individual rebelled against GOD suddenly decrees that his faith has from now moved from GOD to science for “there’s a contradiction between GOD and science”, he says. In this eighteen century , it is the whole West that perish because of lack of knowledge, bringing along humanity in its down fall . This sudden death of the West comes from a comprehensible, yet tragically and poorly orientated revolt against an organised crime, which crime was launched from the invisible realm by the chief rebel who’s Lucifer the leviathan.

Let’s halt for a while to understand why does the West rebel against GOD during this “age of enlightenment” and spiritually perish because of lack of knowledge.

From its genesis Christianity is a religion that's directed towards the individual and focuses on him. It's Abraham alone , GOD called out of Mesopotamia and it is to Abraham alone GOD handled the spiritual inheritance which is being transmitted from generations to generations to all Born again Christians of the whole earth . Why does GOD speak to the individual alone? Simply because it's the individual who is the father of the community. If in himself, there's revealed knowledge received from GOD , there's no need to bother about the move of the community . In fact, it is his inward the individual transmits to the human community. It is commonly asserted that as far as common businesses of the natural world are concerned (management of private companies or management of the State) , one has to look for a providential leader when problems occur. Such a quest of an individual having a suitable inward capable of blessing and saving the community in the midst of hardship is a GOD spiritual law. Since the individual is appointed by GOD to be at the source of the dynamism that leads the human community, GOD offers to this lonely governor the Bible and the HOLY SPIRIT which takes the individual into the revelation of what the Bible means, into the revelation of the POWER that is in every WORD written in the Bible. This is because there's a need of a WORD full of POWER to create and transform the world.

Lets halt a moment on a fact: political an economic incantations and mantras so called "new masters of the world" recite from the bottom of darkness, release luciferian spiritual power which control men thoughts and imprison them in strongholds we need to stand against with the WORD of GOD written in the Bible, which WORD is of an incomparable POWER when spoken by a real Born again Christian.

This is the reason why we need the WORD of POWER to challenge and defeat the so called "new masters of the world". It's GOD's WORD which created the visible and invisible world in a manner that everything which exist comes from the WORD and nothing can have existence without originating from the WORD of GOD. Consequently, all the creation enters into resonance with the WORD of GOD and obeys when the WORD of GOD is spoken to it and this is because the entire creation comes from the WORD of GOD. The Book of John chapter 1 verses 1 to 3 reads:

"In the beginning was the WORD, and the WORD was with GOD, and the WORD was GOD. HE was with GOD in the beginning. Through HIM all things were made; without HIM nothing was made that has been made"

To divert from GOD's WORD is to willingly and knowingly chose spiritual death and knowing this, Satan worked with perseverance during centuries to part the western individual from the Bible. Let's analyse this process of spiritual death of the West.

The crime began in the Eden Garden, but quickly gained intensity under the Roman empire and then finally crystallized during the eighteenth century.

At the beginning of the second century, two Romans emperors sentences to spiritual death the West (for more details, please download freely the Book entitled "Going back to the real service to GOD " on our website www.worldwiderevival.org). Emperor Alexander SEVERE apparently favourable to Christianity causes Christians to gather in stony

temples meanwhile later, Emperor CONSTANTIN who pretends to be a Christian imposes to the Church the pyramid organization in force the natural world armies. These two and deeply anti biblical innovations will bring forth disastrous consequences in the whole West as well as in the world. As they gather in temples and religious pyramids, Christians, fascinated by the religious institutions, abandon the unique foundation of the lonely called to rule the world: the Bible.

From this point on, priests of darkness craftily introduce new dogmas according to which the religious institution had become the source of TRUTH, instead of the Bible. They also commit all kinds of dark crimes through the religious institutions and in GOD's Name as well as in the name of the Church.

Lucifer's goal is fully met up during the eighteen century when individual citizen definitively fed up with all the lies, crimes and manipulations of anti biblical religious organizations pretending to be the Church, rebels against GOD and more over, throws always his Bible. All the dark crimes perpetrated by Lucifer ambassadors in the Church's name are anti biblical, but the age of enlightenment's child is so much moved that he cannot dare checking in his Bible if what is being done is Christianity or not.

The Sunday worship service? GOD orders you to celebrate it in your household, but who still knows it?

Support granted to cruel dictators? The Bible reminds Christians to only back the leaders who do good and seek justice , but who still knows it?

Science and scientific innovations? There are even gifts from GOD and GOD have even proclaimed in the Book of Daniel the growth of scientific innovation in the last days. But who still knows it?

Completely confused and blind by satanic and anti biblical dogmas of Lucifer's ambassadors in the midst of the Church, our rebel of the "age of enlightenment" has declared the non existence of GOD as a prerequisite for scientific progress. Fool you are! What do people read before pronouncing a sentence at the court ? People read the written law of course. And you, you've taken your decision to rebel on the basis of declarations and crimes of Lucifer's priest disguised into Priest of GOD; why didn't you open your Bible and read to everything out?

Foolish "scientist", how did you study mathematics, science itself? By admitting from nursery school up to PH D degree a huge number of theorems and axioms you couldn't demonstrate at the moment. You then showed proof of humility and faith saying. "At my present level, I cannot demonstrate or explain this axiom and I simply admit it in order to go ahead in my maths studies". Do you think you can discover GOD by your light reasoning ? You ought to show proof of much faith and humility in order to receive from GOD the revealed knowledge. In case this revealed knowledge is of no interest unto you, then you have no eternal life and on earth your fate is quite précised : you're the slave of the so called "new masters of the world". Foolish reasoner who so much exercise faith and humility in mathematics, you can't avoid obedience to a master.

Though it seems to be comprehensible as it is, the "age of enlightenment" rebellion is perfectly blind, for the "rational" one of the "age of enlightenment" omitted to check out in his Bible before taking his leave of GOD. Meanwhile this rebel more than ever needs to get hold of the spiritual inheritance of his Bible in order to oppose the revealed POWER to the luciferian power of the so called "new masters of the world". Yea, your Bible is source of POWER, and Satan have been struggling so much during past centuries to give you the disgust of it. Turn back to your Bible. Repent of your rebellion against GOD and skim once for all in your Bible. You will gain both the everlasting life and the necessary POWER to nullify the so called "new masters of the world".

Sixth imprisonment stronghold from the Age of enlightenment : separation of republican powers.

This stronghold is a distraction inherited from the “age of enlightenment”. Freed from GOD the individual defines powers each of which he tries to maintain autonomous so as to avoid any of these so called republican powers to subdue our liberty addicted individual. Once more, one henceforth finds out the wrong deeds of the “age of enlightenment” that’s the reduction of the individual to an animal emptied from any spiritual foundation. Power has been spiritual as it is now and shall always be. What we observe in the human society is the consequence of power and not the power itself and behold, the “age of enlightenment” closes up whatsoever spiritual horizon to the individual and says to him: “define yourself the powers which will rule your existence”. This ignorance of the spiritual create within the individual freed from GOD, a perfect incapacity to grasp and take hold of the TRUTH. From then on, there is no turning back and the only possible solution is to keep on going that is permanent search of perfect natural powers (In general, three : Executive, legislative and judiciary) even before knowing what the power is all about.

As far as none of our republican “powers” issued from the “age of enlightenment” is a real power indeed, the so called “new masters of the world” holding a spiritual power, namely the anti- knowledge from Lucifer, found it easy to buy these republican powers with financial capital. Where are the three republican “powers” which were supposed to watch one over another and warrant by so doing the liberty of our individual who withdrew from GOD? The answer is that all the republican “powers” are nowadays into the hands the so called “new masters of the world”.

Let’s ask a question to the rebel individual. Which of the three republican “powers” controls the Governor of the Central Bank of your country? None, even in the great democracies of the world. Who gives the directives to Heads of States in great democracies? There are the so called “new masters of the world,” who draw the main guidelines to heads of States through their dark lodges and informal summits, far from democratic debates. Meanwhile the candid individual recites the chorus of the “age of enlightenment” on the independence of the three republican powers which is supposed to warrant an utopian liberty.

This is what often happens in National Assemblies of third world countries under structural adjustment plan: as MP are making ready to vote the laws, a list of “special laws not to discuss” move from hand to hand. There are request of IMF and World Bank which Members of Parliament can neither question, nor reject.

None of the republican “powers” provided by the « age of enlightenment » kept his independence towards the so called « new masters of the world » and this could not have been otherwise, for there are not real powers. The true power is of a spiritual nature and is hereby from only two possible sources: the anti-knowledge where the so called “new masters of the world” get their supply of dark power and the HOLY GHOST revealed knowledge which is for free at the disposal of the Born again individual who has handed over his life to the Lord JESUS-CHRIST.

Whether the republican executive, legislative and judiciary “powers” are concentrated or separated, what the leading individual grants his community is his inward. Nowadays, all these three republican “powers” are concentrated into the hands of so called “new masters of the world” who untiringly work to establish the reign of evil.

One cannot enlighten the question of power without revealing its supreme prerequisite to the candid individual rebelled against GOD and slave of the so called “new masters of the world”.

Power is of spiritual nature and either comes from the knowledge the HOLY GHOST reveals, or from Lucifer’s anti-knowledge. One does not come out of the gravitational spot of the earth without spending some energy and natural power and likewise, one cannot get out of the field of natural knowledge without paying with blood, the price. Yea, this is what’s clearly said and let us say it again. One never quits the field of natural knowledge without paying the price with blood. The conclusion hereby is that one needs blood to acquire and keep the power. That’s why only the priests who have blood to offer get into power and keep on. In addition, a spiritual GOD’s established law states that the level of power you obtain as a priest depends on the type of blood you offer as sacrifice. GOD’s Priests offer to GOD the blood of the Lord JESUS – CHRIST who is GOD, meanwhile Lucifer’s priests, our so called “new masters of the world” offer to Satan, blood of men and women living on the earth and bearing no spiritual foundation.

Do you complain of injustice, wars and iniquities? These injustice, wars and iniquities rightly destroy a maximum of human beings and flood with human blood Lucifer who in return, rewards his priests with additional dark power. With this additional supplying in dark power, the so called “new masters of the world” conceive and implement all trough the natural world new injustices, wars and iniquities. The cycle of this Lucifer’s engine continuously moves and behold, our schizophrenics the so called “new masters of the world” are up to unceasingly lunch new dogmas which, assuredly will spray out misery, death and destruction all over the earth so as to harvest new human blood to be offered to the grand master Lucifer who is the Leviathan.

And why is it that GOD’s Priests who are the Born again Christians are yet to take hold of the control of the world ?

It is due to the fact that there’s a spiritual principle yet not respected since the day we left our biblical autonomous house Assemblies for anti-biblical stony temples and religious pyramids. GOD’s Priesthood must be absolutely pure and if not, it loses its Power. The Church is just realizing that we must go back to our biblical autonomous house Assemblies spread out in villages and cities of the world. That’s what is said in the Bible and it is the only way to chase far from us Satan’s ministers disguised as Ministers of Justice who pray with us, share the Holy Communion with us, sing and shout Alleluia with us in religious pyramid temples.

The Priests of the Lord JESUS-CHRIST are on the way back to the biblical pattern of autonomous house Assemblies. It is only after this step of going back to the TRUTH that the real war among priests for the ruling of the world will become effective. While waiting, this is one of the numerous biblical cases of power genuine Christians have on the world. The Book of 2 Chronicles chapter 7 verse 14 says:

“If my people, who are called by my name will humble themselves and pray and seek my face and turn from their wicked ways, then will I hear from heaven and will forgive their sin and will heal their land”

GOD says that when a country of the world is suffering from problems, Born again Christians hold in prayer and consecration unto GOD, the ability to get from GOD, the healing of the said land.

There is no other solution to the healing of a world nation. Any need of healing in your country? Please, report to Born again Christians. But this healing ministry is still embryonic for the reason mentioned above, that is, the mix-up in GOD's Priesthood, of genuine Christians and Satan's ministers disguised into Ministers of Justice. The Church is still coming out of stony temples and religious pyramids.

Seventh imprisonment stronghold from the "age of enlightenment": The denial of divine right monarchy.

This seventh and last stronghold comes from the sixth one. If the freedom hunter of the "age of enlightenment" had understood that Power was, is and shall ever be of spiritual nature, he would have quickly chosen - and for his personal interest - to be led by authentic GOD's Priests. He would have focussed on the only question worthy to be asked: "what ways and means can assure me that only authentic GOD's Priest are ruling the land?" However, the individual emerging from the "age of enlightenment", has completely separate himself from the only source of light which could have given a satisfactory answer to the question of power as well as the governing pattern: The Bible. This metaphysical poverty has delivered up our freedom addicted as slave to Lucifer's priests and for some centuries, a luciferian right monarchy has taken hold of ruling positions in barely all the nations of the world. The reason is that the candid rebel ignoring spiritual things has focussed on the natural filiations of the leaders instead of paying attention to their spiritual filiations which alone is fundamental and determines the type of inward these leaders grant the human community. In this respect, the Bible is absolutely clear and precise. This is what's written in the Book of Matthews chapter 12 verses 47 to 50.

"Someone told HIM : " Your mother and brothers are standing outside, wanting to speak to YOU" HE replied to him, "who is my mother, and who are my brothers?" Pointing to his disciples, HE said, " here are my mother and my brothers. For whoever does the will of my FATHER in heaven is my brother and sister and mother".

If you are a GOD's Priest, your real son or daughter is he or she who does the will of GOD. If you are rather a Lucifer's priest, your real son or daughter is he or she who does Satan's will. That's the truly and fundamental filiations our freedom hunter of the "age of enlightenment" has ignored. As a matter of consequence, a Head of State freemason of lodge "X" is replaced by a Rosicrucian of lodge number "Y". TV shows are then organised all around to inform the citizen so as to let him think that he's leaving in authentic democracy. What a lying TV show!

At the end, the candid citizen drops a ballot paper in the voting box, happy to live in democracy. Does he not have the right to change his leader by a voting process? In fact, our freed from GOD individual didn't change anything at all. He has no power to do so. The Rosicrucian from lodge "Y" will go, as well as his freemason predecessor of lodge "X" to the leaders of mystic sects of darkness to receive orders. That's how the so called "new masters of the world" have set up the luciferian right monarchy right under the nose of the naïve freedom hunter who has so violently fought against the divine right monarchy. Fool you are. Know that the real family is spiritual and for having ignored that, you are now prisoner of a luciferian right monarchy, you who were relying on your reason to be freed from GOD's right monarchy.

It has happened once upon a time in US that two incurable sons of skull and bones satanic sects heavily challenged each other for presidency in order to replace another skull and bones, at the great satisfaction of the citizen rebelled against the divine right monarchy. What a dreadful perdition.

Fool ! You having rejected the divine right monarchy, you are now prisoner of the luciferian right monarchy the so called “new masters of the world” craftily animate.

Monarchy is unavoidable because only priests are able to offer blood and wage war for leadership and government. Your choice is just between Lucifer’s priests or GOD’s Priests and by rejecting the divine right monarchy you automatically enslaves yourself under the yoke of the luciferian right monarchy.

We’ve just shared on the seven mountains which, as the seven hills of Roma, have completely imprisoned and lowered to the minimal standard of a slave with no metaphysical substance, our modern individual whose natural knowledge has been changed into a beast rebelled against GOD but ordered by the powerful hand of so called “new masters of the world”.

The position of this beast is revealed in the Bible. Let’s read the Book of Revelation chapter 17 verse 3.

“Then the Angel carried me away in the SPIRIT into a desert. There I saw a woman sitting on a scarlet beast that was covered with blasphemous names and had seven heads and ten horns.”

The spiritual state of the world is revealed to us in this verse: a desert. This desert comes from the inward of the modern individual who, rebelled against GOD and emptied from any spiritual substance now on contains vacuum. The inward of the modern individual is the wilderness and this spiritual wilderness is spread out to the human community in the form of evil and chaos.

Lost of identity, lost of sense, family crisis, moral crisis, open and deep social fractures, precariousness, sexual crisis, putting of good and evil into perspective, unbearable existential anxiety which increase the need of psychiatrists, physical terrorism, financial terrorism of stock exchange markets and fiscal paradises, political terrorism and neo-colonialism, demolition of the State and citizenship, rascal States which forcefully want to get to nuclear and bacteriological clubs ...etc; these are some of the characteristics of the spiritual desert our planet constitutes.

In the midst of this planetary desert is coming ahead an unprecedented clash that will totally upset our capitalist system. Verse three we just read above teaches us that as a matter of fact, the desert is inhabited by two actresses. On the one hand a beast and on the other hand a woman, a harlot sitting on the beast. The unprecedented clash ahead is taking place in the desert and opposes his two inhabitants who are the beast and the harlot sitting on the beast. Changed into the beast groaning in the nothingness against GOD, our natural knowledge is a woman’s slave. She collapses under the burden of a woman she carries and this illustrates the way our so called “new masters of the world” are sit upon the rebel individual who, running after the false hope of absolute freedom, rebelled against GOD.

The woman sit on the beast is nothing else than the financial capital rebelled against GOD our so called “new masters of the world” exclusively hold and whose identity shall be examined in the light of the Bible shortly. Up to this point, we’ve understood that our natural knowledge which have forsaken GOD is a slave under heavy bondage.

This bondage would have led the rebelled beast to a foretaste of humility, but the Bible reveals to us that it is not the case. Though groaning under the oppression of the rebel financial capital of so called “new masters of the world”, the individual continuously proclaims that his natural knowledge is perfect. That’s why the beast mentioned in verse three we just read has seven heads. Seven is the figure of perfection. “No light out of my reason”, proclaims the beast of burden. The seven heads also means G7 that is individual citizens of G7 countries, which citizens hold the main portion of the intellectual capital of the world. As a remembrance the following countries; US, UK, Germany, Canada, Italy, France and Japan constitute the G7.

The beast also has ten horns; the horn being the symbol of might and ten being the figure of commandment. This reveals to us the fullness of the modern individual vanity, beast of burden at the service of the so called “new masters of the world “. In spite of the burden of his bondage, our modern individual who has mistaken his master proclaims that his natural reason and knowledge have the necessary power to pull down the so called “new masters of the world” and to take hold of the move of the world.

The beast has ten horns because the modern individual is convinced that his natural knowledge, his unceasingly growing intellectual capital will finally allow him to rule everything, including himself. Though groaning under the burden of the so called “new masters of the world”, the modern individual is convinced in his inward that he will get to absolutely free god status, thanks to philosophy, moral, laws, intellectual concepts and natural sciences.

The unprecedented clash ahead between the two inhabitants of the desert (the natural knowledge rebelled against GOD and the financial capital rebelled against GOD) is at hand and the so called “new masters of the world” have just drop the last straw which breaks the camel’s back.

The venue of this clash which consequences will be global and worldwide is precise in the Bible; that is the G7 countries whose citizens concentrate the intellectual capital of the world (the rebellious beast of burden has seven heads).

There are two inhabitants in the worldwide wilderness because once the individual set himself free from GOD, - a rebellion which began in Eden Garden and crystallized during the historic period of darkness qualified as the “age of enlightenment – it resulted in two consequences. We just shared on the first consequence, namely the transformation of the intellectual capital of the individual into a rebellious beast of burden. Let’s share now the second consequence that is the transformation of the financial capital into the great harlot.

Let’s first of all go back to the Bible. Genesis Chapter 1 verse 1 reads:

“In the beginning, GOD created the heavens and the earth”.

Visible and invisible heavens, the earth belong to GOD the unique creator.

Psalm chapter 24 verse 1 reads:

“ Of David. A psalm. The earth is the Lord’s and everything in it, the world, and all who live in it”

To be much more explicit, GOD insists on the financial capital and assets this in Haggai chapter 2 verse 8 :

“”The Silver is mine and the gold is mine” declares the Lord Almighty”.

Yea, the financial capital fully belongs to GOD. The earth is the Lord's and everything in it. Silver and gold, that's the financial capital, belong to GOD. However GOD found a heir and had entrusted unto him this earth and all that is in it, the individual made at the image of GOD. This is what Genesis chapter 2 verse 15 reads:

“The Lord GOD took the man and put him in the Garden of Eden to work it and take care of it”.

The individual is placed by GOD on the command of the planet to cultivate it, that means to transform it, to modernize it and moreover, to take care of it. We do not only have the duty of transforming and modernizing, we also have to take care of the earth. Someone may think that if I am working to modernize a farm this automatically means that I am take care of it. Things are not exactly like that because after a hard working day somebody may come and destroy my farm or harvest the crops during the night when I am sleeping. Therefore there is an important complementary job I have to fulfil: I have to watch over my farm. After working the farm I have to take care of it that is mainly watch over it. This is the reason why GOD who does not use words without necessity says after working, I have to take care.

To watch over? Against who then? Let's go back to the Eden Garden to understand it. GOD said to Adam, ***“Cultivate the Garden and take care over it”*** ; which means, the individual assignment is to protect the Garden against an adversary of GOD and man, and the goal of this adversary is shown through GOD's order. The Garden is the main objective of this adversary.

Which then are the actions of the adversary who is so angry to the Garden, that's to our planet? The Bible brings forth an answer. This adversary of GOD and of the individual is a thief, a destructor, a liar, a seducer, an accuser, and he is cunning. This adversary is Lucifer, former GOD's Archangel who rebelled against GOD before the creation of the human being. If GOD orders the man to watch over the Garden, it is because HE has equipped the just created individual with a weapon which infinitely surpasses Lucifer's anti-knowledge and this weapon is the HOLY GHOST that dwells in Adam. And as from the day the individual forsakes the POWER of the HOLY SPIRIT that is the tree of life to entrust his natural reason that is the tree of knowledge of good and evil, he spiritually dies, and becomes on the metaphysical plan, an empty being incapable to watch over the Garden against the adversary; Lucifer.

The libertarian individual issued from the “age of enlightenment” is warned out: transforming the world economically is not enough to ameliorate the human race destiny. Lucifer, permanently stealing the fruits of the economic growth, of democracy, of technologic revolution is on the watch. Fool, you freed from GOD, if you simply rejoice in mending the Garden, Lucifer filled and nourished with the dark power of anti-knowledge will be so happy to harvest the fruit of your efforts.

Whilst he lacks the revealed knowledge, that is the POWER of the HOLY SPIRIT, the individual working hard towards the increase of the planet economic value can by no means enjoy the fruits of this added value he has brought forth. He is unable to protect the Garden, that means to protect the added value vis-à-vis Lucifer, the anti-knowledge bearer thief. Do workers in most great French companies listed in the share index CAC 40 invest themselves much more at work? This is what they gain out of it. The average yearly salary of bosses of these same companies is barely 2.070.000 euros, which equals to 172 years of salary of a first range salary. And if the GM of Vivendis Universal works bad, no problem at all. A lay off compensation of 20 millions euro representing 27.600 times the lay off compensation of the least ranked worker is granted to him.

What about petroleum deposit in Africa? The citizens knows nothing concerning its income. African Heads of States affiliated to lodges of darkness and associated to their “great masters” of dark lodges ruling over petrol cartels and Western States recycle the main part of petroleum income in secret numbered bank accounts of fiscal paradises. At the same time, those luciferian priests and thieves will surely find out the mean of anaesthetize the conscience of the citizen who is taken astray by speeches on aid to third world and fight against poverty. Here, we can say that, in the absence of spiritual power, the citizen can not at all protect the resources of the soil and basement against Satan and his priests.

The Bible teaches us that as Satan disguises himself as Angel of light, so do his ministers disguises as Ministers of justice. The so called “new masters of the world” fill the world with merciful discourses against money laundering and at the same time, fiscal paradises which are the real venue of recycling of fruits of the citizens labour throughout the world openly prosper. Assuredly, IMF and World Bank will not require a military expedition of Blue Berets to fight these fiscal paradises. These are the main tool through which Lucifer steals and recycles wealth of the planet, destroys human lives and drinks human blood. The citizen who has freed himself from GOD is now found powerless in front of this recycling which happens openly and publicly. He who lacks power cannot watch over GOD’s Garden. Meanwhile GOD said to the individual:” take care of the Garden”. There are barely 35 fiscal paradises in the world and an amount of about 5,000 billions US \$ dollars is quietly hidden out there. This figure, arduously recorded by US international fiscal experts is undoubtedly below the reality. As a matter of comparison, the New Partnership for Africa’s Development (NEPAD), has conceived an integrated program aiming at developing agriculture in Africa. At the beginning, the necessary financing for this program which is able to eradicate poverty in Africa was estimated at 240 billions US \$, that’s barely 5 % of the amount stolen and hidden in fiscal paradises by Satan’s priests who have proclaimed themselves “new masters of the world”. Of course, there are numerous seminars and talks on fight against poverty in Africa. The money does exist, but retained in the hands of gangsters leading our countries, multinational companies and public and private organizations all trough the world and who have in common the fact of belonging to secret dark lodges and sects implemented by Lucifer (Skull and Bones, Jason Group, Council on Foreign Relations, Illuminatis, Worldwide freemasonry,

Worldwide rosicrucianism, Davos Club, Bilderberg Group), but what you need the most , O individual rebelled against GOD, is spiritual power to challenge and knock down the so called “new masters of the world”. Fool you are ! How can you dare watching over the Garden against Lucifer without GOD’s POWER? Being freed from GOD, you now notice that your logical reasoning and argumentations are of no effect on the multinational companies, on IMF and World Bank, on Heads of States sold to lodges and sects of darkness which hesitate not to discourse on the fight against poverty while protecting huge funds stocked in fiscal paradises. Let’s ask a question to the libertarian individual of the “age of enlightenment”: who will send UN troops to establish or restore order in fiscal paradises?

Out of barely 6 billions inhabitants living on earth, 2.8 billions are poor people living with less than 2 US \$ per day. How did it happen that the individual, heir of the Eden Garden and assigned to develop and watch over it, finds himself in such a misery? Let’s open our Bible to understand this. The Bible says as long as an heir remains a child, he cannot rejoice of his heritage, for he differs not from a slave. The Book of Galatians chapter 4 verses 1 to 2 reads:

“What I am saying is that as long as the heir is a child, he is no different from a slave, although he owns the whole estate. He is subject to guardians and trustee until the time set by his FATHER”.

As long the individual issued from the “age of enlightenment” signs his freedom towards GOD and throws away his Bible, he remains a spiritual kid, deprived from any spiritual substance and slave of beast trustees who take hold of his inheritance. These usurpers trustee are the so called “new masters of the world” who recycle and confiscate the Eden Garden riches up to GOD’s appointed time, till the pretentious individual getting out of spiritual sleepiness duly humbles himself and goes back to GOD, he who naively thought that he could conquer absolute liberty thanks to his natural reason.

Why does Satan focus in priority on the confiscation of financial capital? The Bible will enlighten us therein. The Book of Ecclesiastes chapter 10 verse 19 reads :

“A feast is made for laughter, and wine makes life merry, but money is the answer for everything”.

Let’s remind that the Book of Ecclesiastes reveals the content of the existence of man under the sun, that is the individual freed from GOD.

Money answers to all the natural needs of the natural man. It is therefore the financial capital that governs the satisfaction of the individual needs of the consumer and consequently, whoever takes hold of the financial capital takes control of the individual consumer. That’s the reason why it is the top priority for Lucifer to concentrate all his power of anti-knowledge on worldwide recycling of the financial capital. Lucifer vainly thinks that once the financial capital will be totally recycled and confiscated all over the world, he could then “buy” individuals who will have become goods, he could also buy the earth and whatsoever is in it including ores, houses, soil and subsoil, expanses of waters an even the atmosphere. Lucifer’s vain thought is revealed in the Bible as we will see later on. For the moment, let’s share about the two fundamental mechanisms of financial capital stealing and recycling through out the world.

These mechanisms are on one hand the recycling of public expenses and public budget deficits and on the other hand the repression of free enterprise. As a matter of fact, having understood that the two factors of natural wealth production are found in the expenses of the modern State and in private investment, Lucifer has undertaken two world actions in view of taking hold of all the riches of the world by recycling the riches induced by public expenses as well as public budget deficits and by systematically repress free enterprise. Yea, the so called "new masters of the world" are fiercely decided to quench free enterprise for, allowing free enterprise to go ahead will assuredly permit billions of individuals to invest and freely gain financial capital. And as far as money is the answer for every need of man under the sun, these billions of people will be consequently free towards the so called "new masters of the world" and such an hypothesis is intolerable within the framework of the coming of a world antichrist, ruler of all.

Stealing and recycling of States budget expenses and budget deficits.

Curiously all the States of the world are structurally in deficit. In addition, the States budget deficit speedily increase that means, as time goes along, your debt and mine increase more and more quickly, be we American citizen, Thai or Ugandan citizen. Now even young students know that in closed economy, public expenses and therefore the resulting public deficit generates additional wealth. Our world being a closed economy whose financial markets are particularly chaotic and capricious and almost all our States of the world structurally producing public budget deficits, the World Bank and IMF maybe could tell us where this additional wealth coming from the world public budget deficit has gone to.

In fact, if we go through the releases of the World Bank, they show with precision those who have not benefit from the world public budget deficit and by deduction, we hereby understand who had had this benefit.

The World Bank notice the growth of poverty and declares that time has come to ring the alarm bell for 2.8 billions of individuals are already living in a situation of poverty with less than 2 US \$ per day. Ordinary citizens do not benefit therefore from the additional riches generated by the global budget deficit of the world which, we remind, is a closed economy. From this alarm coming from the World Bank which is a family member of the pyromaniac fire fighters "of the world economy", one deduces by successive elimination, the identity of those who profit from the world budget deficit.

One could think that citizens of developed countries have benefited of these extra riches, but it is not the case since unemployment, job precariousness and stationary salaries have taken place, even in the G7 countries. As for Russia, member of the G8, poor citizens are to regret the communist period.

States themselves did not benefit from the extra riches generated at the world's level by succession and speed of public budget deficits. The poverty of States is increasing in such an extend that the modern State which finally refers to the citizen, has only a solution: getting indebted in order to reimburse the former public debt and this results in transferring the public debt unto future generations of individuals who are yet to be born.

Though the main role of small and medium size enterprises and micro enterprises in the development of the economy is acknowledged, neither these small and medium size enterprises nor micro enterprises benefit from the world riches generated by accumulation of world budget deficit, for the development of the small and medium size enterprises and

micro enterprises is closely related to that of employment: now employment unceasingly becomes scarce in the world.

Who then benefits from the succession and acceleration of the global budgets deficit of States of the world? There is only one possibility remaining: the so called “new masters of the world”, crouched at the command of multinational companies, of IMF and World Bank and their comrades of lodges of darkness ruling the majority of the States of the world. It is within this incestuous family of luciferian priests of darkness that riches generated by the world budget deficits are recycled.

Actually, in a developed country, the military industrial lobby ruled by members of lodges of darkness submit to the appreciation of the Head of State and of MPs who also are members of lodges of darkness, an exorbitant military expenditure plan. All sorts of fake wars threatening around the planet will be brought forth to justify such a plan, while the stock of available weapon stored is about to get obsolete yet it has never been used. In addition, the farming and aeronautic lobbies vigorously preaching liberalism will introduce an endless list of indispensable subventions, they said useful to keep alive the national productive sectors. As an immediate consequence, the State will excessively pour out money and finds itself in a situation of budget deficit. But this incredible State expense is converted into scandalous profits in loss and profits accounts of armament and aeronautic multinational lobbies ruled by priests of darkness.

This is a trivial public budget deficit recycling in the third world. Priests of Lucifer enthroned at the summit of world lodges of darkness, simply order their mystic lodge comrade and Head of State, to directly transfer the petroleum and ores revenues in secret and numbered bank accounts belonging to lodges of darkness located in fiscal paradises. The consequence is that the State lacks sufficient incomings and finds itself thereby in a situation of budget deficit. That’s how citizens of countries which produce petroleum and diverse ores are poor. And what do IMF and World Bank when they arrive in such countries the third world? Will they loudly claim the return of stolen funds? No, for by the virtue of family brotherhood, one does not denounce the lodges comrades. Bretton woods institutions will simply prescribe the following medical treatment: rendering public schools and University payable, increase taxes on citizens, stop the constructions of dispensaries and hospitals, firing civil servants in order to clear public budget deficit. Behold, a people as a whole is perishing and offering his blood to pay embezzlements carried out by lodges of darkness.

Where are the fortunes of BAKOSSA, IDI AMIN DADA, MARCOS, SADDAM HUSSEIN, SANI ABACHI an Iran Shah? There are all recycled by mystic circles of darkness. No single US \$ no Franc gets lost.

The accumulation of State budget deficits has generated important stocks of public debts, which hand over to IMF and World Bank the power to control the third world, with the control of the whole world as the next step. It is exactly what the so called “new masters of the world” are looking for. The US have an esteemed debt of barely of 3, 000 billions US \$, Brazil has a stock of debt of barely 224 billions US\$, Argentine has a stock of dept of about 155 billions of US dollars.

Afghanistan, Burundi, Democratic Republic of Congo, Liberia, Sierra Leone, Sudan, Somalia, Yemen and Angola a petroleum producer are already classified insolvent. And in these insolvent countries the public debt amount mainly comes from uneconomic credits granted to those countries during the cold war in view of buying arms from multinational armament firms introduced by praetors Governments.

The said multinationals have realised huge profits but babies coming to birth in these countries shall later on pay heavy taxes to these States, in view of paying back these debts. That's how the so called "new masters of the world" recycle the global wealth generated by the world global budget deficit.

In fact, what is Satan aiming through this recycling of the modern State's budget expenses and deficits which is rendered by the impoverishment of the citizen and the increasing enrichment of priest of darkness? The answer is found in your Bible, for it is in your Bible that Satan who can't invent anything, has fetched his inspiration.

In Genesis Chapter 47, verses 15 to 21, Egypt which symbolizes the natural world is in the fit of famine. Egyptians who are the type of individuals rebelled against GOD have no more money and all of the sudden, they give out to Pharaoh their livestock in exchange of wheat. But famine persists and Egyptians move to the ultimate step and spontaneously give out their lands and their person to Pharaoh. Hungry and in shortage of money, Egyptians spontaneously accept to individually become trade objects sold to Pharaoh and give out their lands to Pharaoh.

That's Satan's final objective, becoming proprietor of individuals who, overwhelmed by State debts, will spontaneously agree to be sold like goods to Lucifer. Satan strongly hopes that individuals throughout the world will give out unto him the whole planet in exchange of wheat to eat.

This is a particularly worrying indication that confirms the final intention of the so called "new masters of the world". IMF and World Bank have just launch a new incantation from the kingdom of darkness that is to declare bankrupt any State unable to pay its debts. Likewise, a private company unable to pay back it's declared bankrupt, so our indebted States should be declared bankrupt in case they proved to be unable to pay back their debts, says the so called "new masters of the world". As crafty serpents, our priests of darkness even explain that declaring bankrupt the insolvent State will protect it. In fact, to declare the State bankrupt means to assign to it a liquidator as it is the case with the private company. This liquidator assuredly is known in advance: IMF or World Bank or one delegate of these two institutions of darkness.

What does the liquidator do? It's quite simple. He sells all the goods of the debtor in bankruptcy so as to refund the creditors. What are the State properties to be sold? Among these are: the earth, that is the whole soil and sub-soil of the land, citizens who will "freely" and "willingly" accept to be sold as goods, being not able to pay the taxes necessary to reimburse the public debt, the livestock of the land. In such a liquidation process, the constitution will be once for all suppressed and the liquidator will be the only one to decide of the rules and regulations governing social life in the State bankruptcy.

That's the objective of Babylon the Great, the world financial capital recycled and confiscated by the so called "new masters of the world".

The idea of transforming human into markets items which can be bought and sold is presently jogging along. In poor countries of the third world, millions of students sell themselves to lodges of darkness in order to get an employment because after barely twenty years of implementation, IMF's and World Bank's structural adjustment policies have reached their goal of annihilation of the citizens at the great satisfaction of the so called "new masters of the world". This spiritual trading is now openly followed by physical trading. The trade of human organs to be transplanted is already organised at the world level. In Brazil and India, poor people are now selling some of their organs in black

markets of organs so as to pay their debts. A kidney for instance cost 1,400 Euros. What these poor ones fail to know is that they've only paid for their direct debt. They will sooner need to sell other physical organs again to pay the public debts of Brazil and India. As for lands belonging to the State, the so called "new masters of the world" are testing the idea of putting in concession parts of the national territory, through the famous free zones.

If poverty is going gangrenous, and the State indebted, a solution is proposed by Bretton woods, that's is granting to multinational companies, entire parts of the national territory so as to help them produce and sale all over the world without paying the taxes the State rightly needs to reimburse it's debts. Satan's idea is to use the famous gradualism method according to which bit by bit, an elephant can be eaten. In short, by little touches, dark priests dream that they will end by causing individuals of poor countries of the world to accept worse abominations such as the sale of their whole national territory, the trade of citizens and even the selling of the Republic. Behold, the freedom hunter of the "age of enlightenment" who has rebelled against GOD's right monarchy, to trust in the Republic will soon become a simple good under Lucifer's priest monarchy.

This Babylon the Great which has recycled everywhere in the world, riches produced by the world budget deficit, fornicates with Heads of State of the world and this is revealed unto us in the Book of Revelations Chapter 18 verses 2 to 3.

"With a mighty voice he shouted :

"Fallen! Fallen is Babylon the Great ! She has become a home for demons and a haunt for every evil spirit, a hunt for every unclean and detestable bird.

For all the nations have drunk the maddening wine of her adulteries. The kings of the earth committed adultery with her, and the merchants of the earth grew rich from her excessive luxuries"

The fornication of the kings of the earth with Babylon the Great is the recycling of State riches by world incestuous family made of Heads of States members of mystic lodges and their cousins the Illuminatis, the Bilderbergers, the Skull and bones members, the highly initiated freemasons and rosicrucians, the members of the Jason Group and other initiated priest of various occult clubs who has given themselves this vain name: " new masters of the world".

These recycling have become so important that pieces of scandals from time to time come to destabilize the candid citizen of the "age of enlightenment" who thought to trust in his natural reason and in the Republic. In 1971, Richard NIXON secretly said " whosoever wishes to become ambassador shall be ready to pay out 250.000 US \$". International press publishes overwhelming proofs of petroleum barrels generously paid out by Saddam Hussein to Western political personalities and so called judges already affiliated to lodges of darkness pretend to open inquiries whose conclusions are know ahead : discharges because of lack of evidence. These millions of petroleum barrels are Iraqis blood Babylon the Great and so called "new masters of the world" drink while watering us with anaesthetic speeches on democracy and fight against poverty. In Africa, recycling of petroleum incomes and other incomes from the soil and subsoil are no more hidden. Heads of States members of mystic lodges acting with the complicity of comrades and "great masters" of Western lodges quietly transfer riches in secret numbered bank accounts. What do these sums become when our southern dictators die or are overthrown? There are definitely shut in secret accounts of lodges the so called "new masters of the world" rule. One sometimes witnesses the sorrowful show of the rejected servant. At the end of his life, Emperor BOKASSA, proprietor of palaces and of all types of secret numbered bank accounts lamented for failing to find out the handful of CFA Francs

necessary for the treatment of his elderly sicknesses. His so called “great masters” of mystic lodges of darkness had recycled everything. Recently and at the astonishment of citizens, one of our Sub Saharan African Head of State unrolled the red carpet bought with citizen funds, and opened out State honour to welcome at the international airport of the Republic his pretended “great master” of dark lodges. Satan has come out of the shadow to openly fornicate. Where are the 8 billions US \$ estimated wealth of MOBUTU gone? Where is DUVALIER’s wealth estimated at 900 US \$ billions? Where is SUHARTO’s wealth, estimated at 40 billions US \$? The answer is unique. Mystic lodges of darkness ruled by the so called “new masters of the world” have recycled all and citizens now have to reimburse the public debts generated by these embezzlements.

Many heavily indebted countries are already virtually in bankruptcy but IMF and World Bank are still less sure to directly buy one of these countries. Though completely dashed down by the luciferian power of the so called “new masters of the world”, citizens still dispose this dangerous freedom to think, which can at every moment lead to a generalised revolt all over the world. While waiting to bar way to the freedom to think, especially thanks to institutions which pretend to be development factors but which, in reality, tightly encircle every individual in a network of co-ordinates aiming at controlling his thoughts and actions, IMF and World Bank go through a by-road, as if in a reversed front battle. This by-road is the famous invisible hand of the market.

This is the description of the diverting mechanism through which IMF and World Bank prepare the buying of our countries by the so called “new masters of the world”.

First step, IMF and World Bank promote development of financial markets in all the countries of the world, and impose the implementation of international rules all orientated towards the protection of investors. Up to this point, nothing alarming at all.

Second step, the IMF and World Bank ask the heavily indebted State to securitize its debts in such that it can be sellable and buyable on the local, regional or international financial markets. But just securitizing is not sufficient to trigger a rush of investors willing to buy the State debt bonds. One also needs an important drop in between the facial value of the debt and its introductory price in the financial market. This enormous drop will attract new investors and buyers on the market, they say.

As a matter of fact and at the great satisfaction of IMF and World Bank, these enormous drops has attracted on the financial markets a family branch of darkness particularly cruel called “vultures”. These “vultures” buy at laughable prices huge bonds of securitized public debts and at maturity request the immediate cash reimbursement at the facial value plus interests.

Third step, IMF and World Bank rely on the pretext that an important volume of the public debts is required on the financial market to cease or delay the funds release at the profit of the State facing reimbursement difficulties at the financial market.

Fourth step, as the State is taken in a trap, it begs from the “vultures” a delay of payment which is quickly refused.

Fifth step : the “vultures” complaint against the State to a foreign jurisdiction whose thanks to their belonging to lodges of darkness are initiated to the secret world government plan of Satan.

Sixth step : The State is sentenced to pay eight to ten times the amount claimed by the “vultures”, for penalties also should be taken into account. From this condemnation, all the foreign currencies and all the State possessions abroad are simply allocated to the “vultures”. Knelt down, the State submits itself to the requirements of the “vultures” who, from this moment, become the real masters of the said country. And if this State rebels itself ? The answer is simple. It can never buy or sell abroad anymore. But the “vultures”

will soon declare that, even submitted and privatized, the State still not have the means to pay its debts. It is at this moment that the World Bank and IMF will appear as saving angels and proposed to pay out the whole debt and will replace the “vultures” as proprietors of the Country .

These are the six steps that have completely dashed down generations of Peruvian children whose many are yet to be born. “Vultures” have bought for 11 millions US \$ of Peru’s debt bonds. Peru being incapable to pay within the delay, a court sentenced the state to pay out 58 millions US \$ to the “vultures”. Peru paid and found itself bled white and as a matter of consequence, millions of children no more go to school, thousands dies in hospitals, thousands of couples divorce or close their eyes on the house wife prostitution to meet up with the need of the family, thousands of young girls are enrolled in prostitution.

The same six steps have annihilated the population of Nicaragua. “Vultures” bought in the secondary market and for the least amount of 1,4 millions US \$ dollars the debts of Nicaragua which facial value (that is the real initial value) was 26 millions US \$ dollars.

The State of Nicaragua being unable to pay at maturity, the “vultures” sued the State and without surprise the judges poured a rain of 87 millions US\$ on the “vultures”; a dark blessing indeed.

While misery is demolishing Nicaragua deprived from 87 millions of US \$ dollars, IMF and World Bank go on with their incantation on the good deeds of financial markets which help to better manage the State debt.

The secret hope of Lucifer is that, at the end of some few strokes of the “vultures” many third world States come to kneel down and beg the IMF and World Bank to take the control of the State and of the Government. In his vain dream, Lucifer forecasts that after the third world States have knelt down before him, massive delocalisation of employment towards privatized third world States shall quickly convince G7 citizens to forsake any right claiming and any confidence in the Republic. The so called “new masters of the world” are experts in the art of creating problems then suggest so to say solutions to problems they have just created. This permanent undulation of the snake has annihilated crowds throughout the planet.

The real solution? The ordinary citizen begins to perceive it. Closure of IMF and World Bank and final declaration according to which no State of the world owns nothing to nobody at the exception of fired civil servants who have been a few decades ago waiting for their little rights to be paid; honest employees of public companies of the world fired since some decades yet treated as mere rascals awaiting for their small rights as well as retired persons of the third world who are no more perceiving the least pension and bringing into the line all the fiscal paradises of the world. It is a good way to pull down once for all the so called “new masters of the world”. Since all the States of the world are heavily indebted and that every citizen of the world sees his individual burden of the public debt becoming heavier year after year and since the amounts due by our States are recycled in fiscal paradises by so called “new masters of the world”, the declaration that no State of the world owns nothing to no one apart from citizens we just quoted combined with the bringing into the line of fiscal paradises will do no harm to ordinary individuals, but it will destroy Babylon the Great, the world financial system that manipulates the so called “new masters of the world” in view of commanding the individuals of the world. The implementation of this solution could ruin the world financial system and since this system built and commanded by the so called “new master of the world” rightly works against ordinary citizens one modestly calls “household”, the world population will rather find itself

more and more healthy. The economic history is already showing the way. At the end of the world war II, Europe is ruined and there are American citizens who voluntarily transfer their saving to European citizens in order to help Europe rebuild itself. This Marshall plan has succeeded in the absence of the World Bank and IMF. To transfer their savings to other citizens of the planet who are in need, exceeding citizens neither needs IMF nor World Bank.

How does one transform the natural world? The answer is in you Bible. The world transformation obeys to a precise order the Book of Jeremiah chapter 1, verse 10 gives.

“See, today, I appoint you over nations and kingdoms to uproot and tear down, to destroy and overthrow, to build and to plant”.

In order to build, one first of all need to uproot, destroy and ruin. The patching up or the humanization of the world satanic order established by the so called “new masters of the world” is not the solution. The stake of the world is simple. Success or failure in the complete destruction of the world order established by the so called “new masters of the world”. The same biblical verse begin by clearly showing us the source of the necessary POWER to this work of destruction and reconstruction : GOD. One must be GOD’s established to conquer and destroy the anti-knowledge of the so called “new masters of the world”.

What the candid citizen generated by the “age of enlightenment” hardly receiving from time to time partial clear off of few debts in poor countries ignores is that, for the implementation of a global annihilation of the entire debt of all the countries and the bringing into the line of fiscal paradises, we firstly need to annihilate the spiritual power of dark nature that serves as foundation to the so called “new masters of the world”. The so called “new master of the world” are priests offering human blood to Lucifer and only a superior Priesthood , offering to GOD a better quality blood than human blood is qualified to for the pulling down of the satanic priesthood. No blood to offer ? Then you are not qualified to the governing of the world, for power comes from the blood.

Repression of free enterprise.

After the recycling of world wealth generated by public expenses and budget deficits of our States, the so called “new masters of the word” has put in place a generalised discrimination as far as private investment is concerned. It is about to rag the free enterprise of individual citizens in order to handle all the investment power as well as all the investment capacities in the hands of multinational companies led by priests of darkness. The weapons of ragging are numerous and hence we will examine some of them.

The economic history shows that to develop themselves, G7 nations had move through phases of vigorous protection of the local industry. It is this protection which enabled national small and medium size enterprises to become hardened in order to challenge the international opening. Today, Bretton woods Institutions have only one incantation as far the local industry is concerned: the demolition of all customary protection and of all investment codes giving fiscal advantages to small and medium size enterprises and immediate opening to international competition. By doing so, our so called “ new masters of the world” pretend they defend the interests of the local consumers who, according to

them is supposed to acquire the best quality products at the best price when there is open international competition.

This is actually how the so called “new masters of the world” defend the interests of the local consumer. Everywhere in Africa and in numerous American and Asian countries, the World Bank and IMF have obliged the States to withdraw from telecommunications sector. As a matter of consequence, two or three multinational telephone operators establish themselves in a country, take the citizens at hostage, agree on scandalous prices and accumulate profits out of proportion. Some of these multinational companies of telecommunications have gained in less than six months the full amount of the investments they did by siphoning the maximum of riches from the citizens purses. That’s how the IMF and World Bank defend the consumer’s interest.

In fact, our Bretton Woods institutions know as well as you and I that it is the whole tissue of local small and medium size enterprises that collapse when the country demolish protection measures. It is therefore a whole school of technical, financial and human management learning that collapses. But why are the World Bank and IMF passionately searching the demolition of local small and medium size enterprises and industries ? The answer is that citizens could thanks to enormous sacrifices, seeing their modest incomes, constitute a little saving and invest into small and medium size enterprises and by so doing, produce extra riches in the country though at a low level. Besides, by producing even with rudimentary means, one thinks and an idea of a trashing invention can intervene within the course of the process of error/research/error correction. Now, the world program of the so called “ new masters of the world” seek the submission of impoverished crowds to the domination of a world antichrist reign. Money answers to all the needs of the man under the sun and only one category must in the long run take hold of the financial capital, the so called “new masters of the world”. As they become exclusive holders of the financial capital, the so called “new masters of the world” could therefore easily buy territories of countries as well as the citizens themselves. That’s the ultimate goal of Satan.

In order to complete the repression of small and medium size enterprises and industries, the World Bank and the IMF have vigorously required and obtained the closing of barely all the Development Banks in the third world. This is because there was a great risk that theses Development Banks aiming at alleviating the insufficiency of local savings could grant to local entrepreneurs, middle and long term loans enabling them to invest in small and medium size enterprises and generate wealth even at a non-optimal level. Now, only the so called “ new masters of the world” are authorised to hold the financial capital. As they are closing down Developments Banks, the World Bank whose name is also “ Development Bank” joyfully grants enormous funds destined to finance projects which implementation is left to multinational companies. Of course those funds are to be paid back by the citizen who has no financial mean to achieve an investment.

Economy manuals written by ideologists who pretend to be scientists abundantly dissert on the pretended overthrow of private investment by the State public expenses when it comes to construct primary schools and hospitals. Time has come to dissert on the overthrow of local small and medium size enterprises by IMF, the World Bank and the multinationals joint in a dark team.

Never short of new ideas as far as the confiscation of right to free enterprise is concerned, Lucifer has launched and put into place a curious concept. “Institutions for a durable and sustainable development ”. If GOD places the individual citizen at the source of investment and managing decisions, Lucifer on his side decides to control the individual thanks to new

and perfectly unconstitutional institutions and declares that these new institutions will be source of sustainable development. This is what goes on in the field. You are an architect and you wish to open your cabinet? Affiliate then to the Rotary Club. It's where people discuss about funds for projects to architects. And if you are a Rotary allergic, know that you "deliberately" close down your cabinet, for you'll never be granted a market. Come on then to the Rotary and you will possibly be granted few markets. Don't bother. It's a world institution for philosophy and charity and even Church pastors go there.

Do your small and medium size enterprise of mechanic maintenance work likes to repair some of the engines of the multinational company which produce cement? Why are you then absent from the lists of lodges of freemasonry and rosicrucianism ? You'll have no market for nobody sponsors you as god father . Financing funds for small and medium size enterprises and industries? There are few of them received by the Ministry of Finance from the World Bank and there is no candidate to subscribe for those financial funds one talks about in Rotary and Lions Club meetings as well as in lodges. What is it that you're absent from all these clubs. Why do you hate philosophy and thinking clubs? The fact is that you are so rebel till the extend that they see you neither at the Rotary nor Lions club and lodges meetings. Why is it that you set yourself apart from these noble informal institutions of the world which are involved, people say, in free philosophy and work for the welfare of mankind? There will be no financing funds for your small and medium size enterprise even though there is no one to collect the available funds. What a candid person you are! Don't you know that people firstly decide in the night among brothers of dark lodges, of Rotary or Lions club before releasing the decisions in day time?

This is the way Lucifer daily acts to cast out of private investment all the citizens who are not affiliated to non republican institutions which are unconstitutional and come from darkness. Satan thinks only the priests of darkness will at term, hold on earth the financial capital and therefore, could easily submit into bondage, billions of candid citizens.

We've just seen the identity of the second rebel dwelling in the desert : the great prostitute, Babylon the Great, the financial capital rebelled against GOD. This financial capital which recycles the public expenses and deficits of the world, demolishes in a discriminatory way free enterprise is the great harlot who crushes and dominates the people of the earth as written in the Book of Revelation chapter 17: verse1.

" One of the seven Angels who had the seven bowls came and said to me. Come, I will show you the punishment of the great prostitute, who sits on many waters."

The financial capital rebelled against GOD and which is about to be judged, is sit on great waters, that is, on six billions of naïve and reasoner individuals who fill the earth.

Verse 15 of Revelations chapter 17 explains this.

" Then the Angel said to me, " The waters you saw, where the prostitute sits, are peoples, multitudes, nations and languages"

Now that we've understood how appeared the two inhabitants of the desert, namely the beast which is the intellectual capital rebelled against GOD and Babylon the Great the financial capital rebelled against GOD, let's know tackle Lucifer's world plan before coming to the capitalist system last warfare.

GOD works in the world through his Priests, born again Christians in who dwells the HOLY SPIRIT, and Satan works in the world through his priests, the so called "new masters of the world", in who dwells Lucifer. GOD's Angel renders ministry to born again Christians, that means they are in war for the sake of born again Christians when these ones pray. Lucifer who imitates and falsifies the WORD of GOD works like wise and his demons thereby are at the service of priests of darkness when they proclaim their incantations from the bottom of darkness.

A human being has to pay a price for an army of beings of spiritual nature, invisible, yet infinitely more powerful than all natural weapons, to come to his service. It is an unavoidable spiritual law from GOD.

The level of power of spiritual armies a human being can mobilize as a priest depends on the quality of the blood he offers as priest. Up to the final victory of the Lord JESUS-CHRIST at Golgotha, Lucifer had all the reasons to hope in a final victory in the battle for the control of the world. In fact, since the creation of man and up to the Golgotha victory, GOD's Priests had only animals blood to offer whereas as from the beginning, Lucifer revealed to Cain, the ever first priest of darkness, the necessity to acquire a superior power by offering the blood of a human being to Satan. That's how Cain, the ancestor of the so called "new masters of the world" offered human blood to Lucifer and for a short time acquired dominion upon the generations of GOD's Priests for they have had for some while only animals blood to offer to GOD.

All of the sudden at Golgotha, GOD puts his own blood at the disposal of born again Christians who as from that time dispose an absolute supremacy in the battle for the controlling of the world. This is what the Bible says about the complete victory he, GOD granted to born again Christians at Golgotha. The Book of Revelations chapter 12 verse 11 reads:

"They overcame him by the blood of the LAMB and by the WORD of their testimony, they did not love their lives so much as to shrink from death".

The blood of JESUS-CHRIST and GOD's WORD written in the Bible assures to Christians born again a total victory on Lucifer, a victory that have been already proclaimed by GOD in this verse of Revelations chapter 12, verse 11. And of course, priests of darkness oppose a rebellious resistance by abundantly offering to Lucifer blood of men dwelling in the planet and by proclaiming incantations and dogmas which are nothing else than vanity in front of GOD's WORD. The resistance world plan of Lucifer the defeated one proceeds according to two axis.

First axis of Lucifer's world resistance plan: the so called "new masters of the world" overthrow the individual from his position of father of the community. This axis is the most easy one and its on going execution causes no real problem to priests of darkness. As a matter of fact, the "rationalist" individual, freedom hunter of the "age of enlightenment" is

nothing else than a mere beast upon which are sited the so called “ new masters of the world” . Deprived from revealed knowledge and therefore from the POWER of the HOLY GHOST, our candid reasoner of the “age of enlightenment” who freed from GOD is now shut as captive in ideological and financial prisons of the so called “new masters of the world”, whose incantations have demolished all the logic reasoning of the “age of enlightenment”.

Second axis of Lucifer world plan: warfare for time gaining.

Second axis of Lucifer’s world plan of resistance: war for time gaining. This axis is the most arduous one and its implementation is the last straw which breaks the camel’s back and triggers the last capitalist system warfare. At his frontline, three unconquerable mountains oppose Lucifer, explaining the burning rage of so called “new masters of the world”.

On going reform of the Church and restoration of GOD’s Priests at their normal position of spiritual judges of the world businesses, incapability of Lucifer to quench in the individual the ability to think, permanent stroke of GOD’s WORD against the rebel financial capital.

**FIRST AXIS OF LUCIFER’S WORLD RESISTANCE
PLAN :**

**THE INDIVIDUAL IS OVERTHROWN FROM HIS
POSITION OF FATHER OF THE COMMUNITY BY THE
SO CALLED “NEW MASTERS OF THE WORLD”**

Let’s kick off by the Bible “. Genesis chapter 1 verse 27 reads:

“So GOD created man in his own image, in the image of GOD he created them; male and female he created them”

GOD creates man and woman at his image that is he places in them a unique aptitude, namely the thinking aptitude. This inner ability of man to think is the greatest covetousness matter unto Lucifer for it is out of this aptitude to think that comes the individual capability to act on his environment and on the human community. In this respect, as the aptitude to procreate GOD grants an individual enables him to give birth to twelve sons and three daughters, the aptitude to think GOD grants a man consequently places this man in the

position of father of the human community and Satan's last stroke on man has a precise goal. It aims at causing the end of thinking in the individual. It is within the framework of this goal that the so called "new masters of the world" ordered by Satan have raised against the individual citizen so as to overthrow him from his position of father of the community by bringing this thinking aptitude to an end.

In this last stroke against the individual, Satan desperately understood that he must distinguish in between what's untouchable, for established by GOD and free from human's will and what's destroyable, for built thanks to a GOD - man cooperation. These two things are on the one hand, the capacity to think which is free from individual will and on the other hand, the right to think.

As the individual aptitude of thinking is free from attack, Lucifer, within the framework of his last world plan against the slave citizen pours down all the powers of his anti-knowledge in an important battle field that is the right to think.

This is the ultimate tool of the so called "new masters of the world" in this first axis of Satan's war against the citizen : new institutions thinking on behalf of the individual.

Here we come to a real change of paradigms by the so called "new master of the world" seeking at transforming us into new think less objects, conceived by apparently secular institutions which are spiritually directed from the depths of darkness. This lying paradigm of an institution who bears the new individual, empty-content being with no right to think, subject to all kinds of manipulations and finally a mere market stuff, constitutes the first axis of Satan's world plan.

Having rebelled against GOD and his spiritual laws, our so called "new masters of the world" has forgotten that it is precisely the attempt to overthrow the individual from his position of father of the human community that put an end to communism. The project of moulding a new individual deprived from every right to think proceeds from the attempt of Lucifer to implement his new world order; instead of that instituted by GOD. Lucifer's action comes from this crucial question:

"As the modern individual is spiritually empty in his inward and cannot oppose the least resistance of my spiritual dark power, why can't I take advantage of that situation and take away from him once for all, the right to think and therefore assuming a total control of the world?"

Made at the image of GOD, the individual, as well as GOD, has an untouchable aptitude to think. Knowing that, Lucifer sets up a reversed front battle, aiming at avoiding the unbeatable thinking aptitude to attack the right to think. The goal pursued here by Lucifer is quite simple. The individual thinks and the institution under the control of the so called "new masters of the world" answers saying: "thought rejected, for the institution thinks differently and you must think in line with the institution". According to Lucifer, the individual tired of seeing his thoughts all the time will finally perform the so awaited act that is, asking the institution what to think

The setting of this final paradigm of the institution bearing the new individual who is deprived from the right to think follows a two steps- operation.

First step : Demolition of republican institutions controllable by the citizen.

Since the candid rebel of the "age of enlightenment" has trusted in State institutions controlling each others, the so called "new masters of the world" had lunched a complete demolition of the said State institutions. This demolition process is quite simple. It is up to priest that are accountable unto the mystic lodges of darkness to rule these "democratic

institutions". And as a master of consequence, strategic decisions to be taken at the level of the republican institutions depend not on the point of view of the citizen but rather on the resolutions taken in one accord during encounters and summits of world orders and lodges of freemasonry, rosicrucianism, illuminatis, skull and bones, trilateral commission and similar esoteric circles. Executive, legislative and judiciary powers represent more and more secret circles of darkness and less and less the candid individual citizen who armed himself with his natural reason in order to conquer his freedom towards GOD.

Has the foolish libertarian citizen signing petitions requesting the exclusion from republican institutions of GOD's Priests forming the Church, spiritual Body of the Lord JESUS-CHRIST, logically insisted that his illuminatis Head of State, his 32nd degree initiated freemason Prime Minister, his rosicrucian MP and his skull and bones Keeper of the Seals should resign from their posts ? Foolish freedom hunter you are. Why don't you, in the fullness of your logic reasoning, insist on a clear and absolute separation of State institutions from mystic orders of darkness? If you are really longing after powers separation, oh foolish man, request earnestly a complete separation of the State powers you so cherish from the mystic powers of darkness lodges. For having being not really logic, you the pure product of the "age of enlightenment", you now lack State institutions to warrant your so called freedom. In fact, your State institutions are dead, privatised, chewed up by mystic lodges and circles of darkness.

The demolition of the State institutions being complete since the birth of the Republic, the leviathan is unveiling the second step which is the development of new public international institutions as well as new private institutions that will shape the new man, deprived from the right to think and exclusive property of the " new master".

Second step : secret submission of private and international public institutions to mystic circles of darkness in view of moulding the new individual - grand master's creation.

Let's have a look on a document to guide our understanding of the new ideologist plan of the so called "new masters of the World". This document is the "World Development report 2003", released by the World Bank. We find in this report an article entitled: "Institutions for a sustainable development".

From the definition the World Bank gives of the word " Institutions", one can notice a fundamental drift.

The World Bank states that Institutions are rules and system of organisation including informal rules that direct human behaviours.

Here we are! And the candid citizen of the "age of enlightenment" stuck to his fragile rod of natural reason is cut short indeed. According to the World Bank, it is quite clear, indisputable, unavoidable that "informal rules" also direct the behaviours of the candid reasoner of the "age of enlightenment".

What are these informal rules in fact ?

We hereby invite the freedom hunter rebelled against GOD, to mediate on these few examples of "informal rules". Bilderberg Group, illuminatis, secret lodges of world freemasonry , Skull and bones, Trilateral Commission, Council on Foreign Relations, Cran Montana summit , Davos Summit and numerous other circles and mystic and mysterious encounters which are beyond reach of whatever democratic control. The freed from GOD

citizen is warned and it is written that there are also informal rules which direct his behaviour.

Let's go forth in the analysis of this article entitled "*Institutions for a sustainable development*" which perfectly illustrates the ongoing new ideological plan.

Let's now get into the body of this report, genuine ideological propaganda, so as to better understand the last attack of the so called "new masters of the world" against the individual citizen.

First statement of the article : *in order to protect the populations, institutions must be stable, capable of adaptation and moreover, new institutions must come to birth.*

Total amazement for the candid freed citizen of the "age of enlightenment" who had laid his faith on three main independent State institutions capable to mutually control themselves in assure total freedom and liberty. In fact, the so called new institutions are well known and follow a three-storeyed organization, according to the Lucifer's pyramid principle.

This is the three-storeyed world architecture of the so called "new masters of the world".

At the first floor are the secular international institutions adding scientific colours to incantations and new dogmas from the highest storey which is the third and carry out their execution. Here, we mainly find the World Bank, the International Monetary Funds (IMF), the World Trade Organisation (WTO) and multinational companies. Let's underline that the two pillars of this first floor are the IMF and the World Bank. These are the two legs of the so called "new world order" Satan dreams to put in place. These two legs trample on billions of individuals trough the World. Only this first floor is perceived by the natural individual from the "age of enlightenment."

This is, as to say, the proof that the first storey made of the World Bank, IMF, WTO and multinational companies execute Lucifer's mystic orders (IMF and World Bank being of course the mains pillars of this storey).

It is good to remind that the World Bank and IMF are international public institutions exclusively financed with funds belonging to citizens of the world. Assuredly, your money as well as ours.

Let's remind that IMF and the World Bank find their origin from the inability of capital markets to efficiently rule the economy of the World. So it was understood that in this respect, States and the international community must be capable to intervene on the world level in order to meet up with the lacks of the invisible hand of the market and therefore assuming both full employment to the citizens of the world and stability of the world financial system.

This is the original intention and strong will aiming at guarantee the welfare of citizens of the world that is providing full employment and stability of the financial system, which intention and will are worthy to be praised. However a clear look in the process shows that it is was a mere disguisement of the serpent, for the Bible teaches us that as Lucifer disguises himself into an Angel of light so do his ministers acting in the world equally disguises themselves into Ministers of justice. What has actually happened ? Today, IMF and World Bank pursue only one goal: demolishing the States of the world, accusing them of all kinds of evil, crushing the citizens under the burden of taxes including the famous VAT that shall not at any

cost touch the world financial capital, increasing the interest rates in order to satisfy the world financial capital and finally, committing the rule of the world economy into this invisible hand of the market which initially was clearly perceived as full of abuses and lacks and unable to lead the worldwide economy. This transformation which is a clear proof of deep witchcraft is totally wrapped in mathematics models whose basic hypothesis are irrational. Yes technocrats serving lodges of darkness unceasingly try to rob with mathematical vanish, dogmas and incantations received from their “grand masters” of lodges of darkness. However, what do mathematics and logics teach ?They simply state that if a model aiming at promoting employment in the world, as well as stability of the world financial system brings forth unemployment and misery in the world for decades and reveals itself generator of severe financial crisis in Thailand, Argentina, Uruguay, Indonesia, Russia and in so many other parts of the world, one should definitely conclude to a failure of such a model and stop to spoil citizens fund by closing down immediately IMF and the World Bank, before looking for other solutions and other models which can be controlled by the citizen. Of course, the keyword is pronounced: “models controlled by citizens” as far as appointment and firing of leaders, evaluation of results compared to full employment and stability of the world financial system objectives are concerned

Citizens of all over the world, IMF and World Bank use to close up our national public companies which fail to make up with their objectives in order to spare our funds, they say. Let's pursue this logic and close up these two public international institutions namely the IMF and the World Bank which increasingly waste the citizens money while performing the contrary of their initial assigned objectives.

The World Trade Organisation (WTO) appears as the peak of schizophrenia. On one hand, this organisation preaches liberalism of the world trade, and on the other hand, the African peasant is ruined by Western multinational farming lobbies receiving enormous subventions and thereby capable of hindering African farm while throwing Western small farming units out of competition, causing crowds of citizens to live in unemployment.

Who does WTO represent? The answer is obvious. WTO represents the commercial interests of the so called “new masters of the world”, these interests being in complete contradiction with the two objectives of full employment and stability of the worldwide financial system. The African farmer whose competitive production is blocked on Western borders by grants to Western multinational farming lobbies, doesn't understand either the WTO proclaimed liberalism, nor the futile speeches of his Minister of Commerce who usually attend WTO forums just to pledge allegiance to his patrons of the mystic lodges and progress from a degree of initiation to another in the mystic order.

That's the real nature of the first storey of institutions which pretend to protect citizen of the world. Let's now get into the second floor to better enlighten the free individual brought forth by the “age of enlightenment”.

At the second storey, we have clubs and gatherings of institutions of the first floor, countries leaders who have reached the sufficient initiation level in mystic circles of darkness and leaders of private organisations who have successfully come to a sufficient initiation level in mystic circles. It is this second storey which ensures the coherence of the world pyramid of Satan. This second level makes sure that leaders of public and private sectors of the world are submitted to incantations and dogmas from the supreme level which is the third storey. Examples of clubs and gatherings: the Davos forum, the Council

on Foreign Relations (CFR), the world summit of Cran Montana, the Bilderberg group, the Trilateral commission, the World economic forum, the debt clubs which bring together in incest spiritual communions Heads of States slaves to lodges of darkness, bosses of companies members of lodges of darkness and so called “grand masters” of mystic orders and lodges of the world who indicate incantations to be performed.

At the third storey are secret lodges of darkness which rely on the luciferian power of anti-knowledge or fog-knowledge and command the whole world pyramid of new institutions assigned to protect the populations, that is the people. It is at this level that are found Illuminatis, top initiated of world wide rosicrucianism and freemasonry, top initiated of Jason group, Skull and bones etc.

The ideology of these priests of darkness sited at the top of Lucifer’s world pyramid just under Lucifer is terribly wild and widely spread around. We hereby wish to recall six of their fundamental ideological mantras.

- The elimination of weak ones is in line with the Darwinist law of natural selection.
- Individuals lives has not the same value and it is right of course to eliminate those with “negative lives”, those who emit “negative vibrations” (to quote Lucifer’s mystic sects).
- The people are ignorant and fool by nature, and this constitutes a security warrant to the said enlighten elite who governs.
- The end justifies the means. That’s the principle of efficiency, according to Lucifer.
- The world must be governed by illuminated elites
- The stronger should eliminate the weaker and feed upon him as a carnivorous animal eats an herbivorous animal.

One can henceforth see how is the candid citizen of the “age of enlightenement” served, he who’s prompt at casting out the Bible from States affairs. Fool you are. Why haven’t you applied in its whole your logic, by also opposing the world pyramid of new institutions you neither voted for, nor chose?. You fool that have vigorously rejected GOD’s Priests out of State activities, you are now totally governed by Lucifer’s priests heading private and public institutions giving no account to you. Dare to vote then and replace your illuminatis Head of State by a skull and bones new one, and you change nothing at all, o lost offspring of the “age of enlightenement”.

Does multinational factories destroy ozone layer of the atmosphere? Quick ! A new international agency to put in place a new market : the carbonic gas exchange market and of course, the citizen is appealed not to laugh at this brilliant idea. A factory will be soon authorised to buy at this CO2 exchange market, the right to destroy a little supplementary quantity atmosphere ozone from another company, which has just realised a little saving of ozone destruction.

The end of our forests spoiled by multinational companies? No problem,. WWWF takes care. Monetary policies? The citizen is appealed to keep quiet, for, on the instructions of IMF, the Governor of the Central Bank is freed from the three executive, legislative and judicial powers issued from the “age of enlightenement”. He is accountable only to his lodge of darkness.

Each time a serious problem occurs, the so called “new masters of the world” come out with the same solution: a new world institution, freed from citizens meanwhile fetching its funds from the purses of citizens of the world. No more vote, no more referendum. The new public and international organisations take care of everything and think on behalf of the candid freedom hunter of the “age of enlightenment”.

Lucifer is desperately fighting to help the citizen abandon the thinking activity and rather ask world institutions what he must think. In this respect, we often listen with anxiety to Ministers of Finance and high ranked civil servants of countries under structural adjustment policies. These persons, usually trained in the best universities of the natural world progressively give up from the exercise of economic research and thinking. The recital of liberal economic theorems, genuine incantations of IMF and World Bank stand for economic program to all these individuals deprived from whatever right to economic research and thinking. Suppression of fiscal incentives to small and medium size enterprises, fiscal harassment on citizens whereas it is the Head of State who had given out the riches of the country to his lodges of darkness, suppression of whatever customary protection to local small and medium size enterprises though the economic history of the West and Asia clearly indicate that customary barriers are necessary up to a minimal strengthening of the local production system, burdens of foreign banks restructuring dropped on the shoulder of the citizen while market invisible hand utterly requests the multinational companies main shareholders of those banks to bear alone the risks of the entrepreneurs, for they gathered and enjoyed alone the benefits generated during the years of plenty. Suppression of public investments in order to minimize budgetary deficits whereas IMF and World Bank were rightly created to provide to States necessary fund to maximize public investments, boast the demand and sustain the economy. These funds are not taken away from the purse of so the called “new masters of the world”, they rather come from citizens pockets and IMF and World Bank are just managers (devilish managers). Deadly increase of interest rates even at the absence of inflation. Strange focus on trade balance deficits whereas every normal person clearly understands that, as far as balance is concerned, surplus is a weakness as well as deficit and it is henceforth the search of a global equilibrium that should be the goal, if we long after the stability of the world financial system. Of course, such a search necessarily implies funds transfer within countries and good international complementarities. But since Bretton Woods has not mention it, nobody has the right to say a single word on this basic approach. Fear of censorship and repression from the so called “new masters of the world” who craftily transcribe in mathematics formulae their incantations from darkness. Dogmatic and incredibly satanic, our Breton Woods institutions which destroy citizens lives, pretending to be at the search of surpluses of payment balance have never asked themselves this basic question : *what will happen if , acting as good students, all the countries all over the world were to show up with surpluses of payment balance ?* Against who should those surpluses? Is it possible to come up with a surplus without a deficit somewhere in the world economy which is globally a closed economy? These questions even a final year student of secondary education can easily answer to, are never asked to the satanic institutions of Bretton Woods (IMF and World Bank). Which sort of mathematics are they doing in World Bank and IMF? Are they dark incantations or logic mathematics? Because they've given up the necessity of thinking, our nationals technocrats and civil servants who are slaves at the service of IMF and World Bank are all over the world compelled to an obligation of incest : being enrolled in a career at Bretton Woods after leaving the Finance Ministry or the Public Administration and in this type of incest, the minimum prerequisite is belonging to the families of lodges of darkness.

Because he failed to definitely suppress the individual aptitude to think, Satan, through his priests, the so called “ new masters of the world”, is trying to nullify the right to think throughout countries of the world and to overthrow the individual from his position of father of the community, thanks to private and public institutions which are controlled from the depth of darkness by Lucifer and which take on behalf of citizens more destructive and more irrational decisions without critical questioning.

Nevertheless, huge and heavy clouds are pilling up in the horizon and the spectrum of defeat is getting more and more precise since the so called “new masters of the world” have undertaken the seconds axis of Satan’s world plan. Let’s tackle now this second plan.

SECOND AXIS OF LUCIFER’S WORLD RESISTANCE PLAN :

WARFARE FOR TIME GAINING

In order to clearly understand the ultimate reason that causes Lucifer’s to greedily seek the natural time, one must primarily have at least a global view of the progress of natural time as far as our natural time is concerned. Such a synoptic view will help the freedom searcher of the “age of enlightenment” to measure the miles of the way of perdition the prodigal son has walked out. Gone to conquer felicity thanks to his natural reason, this prodigal son finally finds himself so hungry of financial capital ceased by fake “new masters of the world”, so threatened by unemployment and terrorism so destabilized by employment relocations, so threatened by financial markets that he has unwillingly come back to a hard job: he is now a pigs breeder at the service of the so called “new masters of the world” and has as unique meal, the remaining pods destined to pigs he cares of.

Deprived from whatever genuine interior peace, unable to find out a real sense to his existence in this natural world and completely asphyxiated by the awful spiritual power of the priests of darkness, our natural individual, freedom hunter born of the “age of enlightenment”, is unceasingly groaning in the nothingness against GOD. He claims it is a sign of freedom to “bark” in the nothingness against GOD. Fool you are. It is rather to GOD your creator you must go back and of course, it is against the so called “new masters of the world” you must bark, and to do so, you need spiritual empowerment.

Let’s now have a look on the move of time in our natural world.

The natural space-time we explore, experience and transform thanks to our natural knowledge, has at least four dimensions: three space dimensions and one dimension of time, as we can daily acknowledge it. The beginning of the natural space-time is written in the Bible. The Book of Genesis chapter 1 verse 1 reads:

“In the beginning GOD created the heaven and the earth”.

All the same, the end of the natural space-time is written in the Book of Revelations, chapter 21 verse 1:

“Then I saw a new heaven and a new earth, for the first heaven and the first earth had passed away, and there was no longer any sea.”

When its end shall come, our present world will be replaced by a new space-time which will subsist forever, and which capital will be the New Jerusalem and GOD his ruling and everlasting king, believers of all generations being GOD’s worshipers. There is no superior power that is spiritual power in the natural space-time, for this world is destined by GOD, to basically manifest the consequences of antagonist powers issued from two other worlds.

Let’s first of all share on the existence of a spiritual space-times which differs from what we perceive with our natural senses. The Book of 1 Corinthians chapter 15 verses 35 to 44 reads:

” But someone may ask, “ How are the dead raised ? With what kind of body will they come ?” How foolish ! What you sow does not come to life unless it dies. When you sow you do not plant the body that will be, but just a seed, perhaps of wheat or of something else. But GOD gives it a body as he has determined, and to each kind of seed HE gives its own body. All flesh is not the same: Men have one kind of flesh, animals have another, birds another and fish another. There are also heavenly bodies and there are earthly bodies; but the splendour of the heavenly bodies is one kind, and the splendour of the earthly bodies is another. The sun has one kind of splendour, the moon another and the stars another; and star differs from star in splendour. So will it be with the resurrection of dead. The body that is sown is perishable, it is raised imperishable, it is sown in dishonour, it is raised in glory, it is sown in weakness, it is raised in power, it is sown a natural body, it is raised a spiritual body. If there is a natural body, there is also a spiritual body.”

GOD’s WORD is formal. In addition to your natural body perceived by the senses, you also have a spiritual body. In a general way, besides the natural space- time in which you find your sense perceived physical body, there is a spiritual space – time containing your spiritual body only spiritual faculties can help you perceive.

Nowadays, medical sciences make easy organs transplant in the physical body. The offspring of the “age of enlightenment” can hereby go into mathematic exercises commonly found in mechanics and physics. By abstract thoughts, let’s replace one after another, the cells of the physical organs of citizen James WINASLEY. At the end of the operation, James WINASLEY comes out with a physical body completely different from the first one. However, he is fully conscious that he still remains James WINASLEY. The fact is that, his spiritual body is still the same and it is the spiritual body that gives to the physical body his identity and consciousness.

In this respect, the physical death of James WINASLEY is just a separation between his natural and his physical bodies. The real death which is spiritual strikes the spiritual body. If you are not engaged in GOD’s Priesthood, the dark power of Satan is able to separate between your physical and spiritual bodies when for example a priest of darkness makes

incantations to lunch specific demons against you. In such a case, you die physically and nobody can logically bring the proof that you were killed by the priest of darkness who was urged by Satan to offer your blood.

Nevertheless, the offspring of the “age of enlightenment” will surely protest that he sees no interest in watching over his spiritual body. Fool you are! There’s rightly an interest for you to take care of your spiritual body for it is the state of your spiritual body that directly determines your being in the natural world and the “so called “ new masters of the world” knows it well and therefore act consequently. As a matter of fact, the move of the world is in line with the state of the spiritual body of billions of individuals living on earth.

The Book of 3 John verses 1 to 2 reads:

“ **The Elder,**

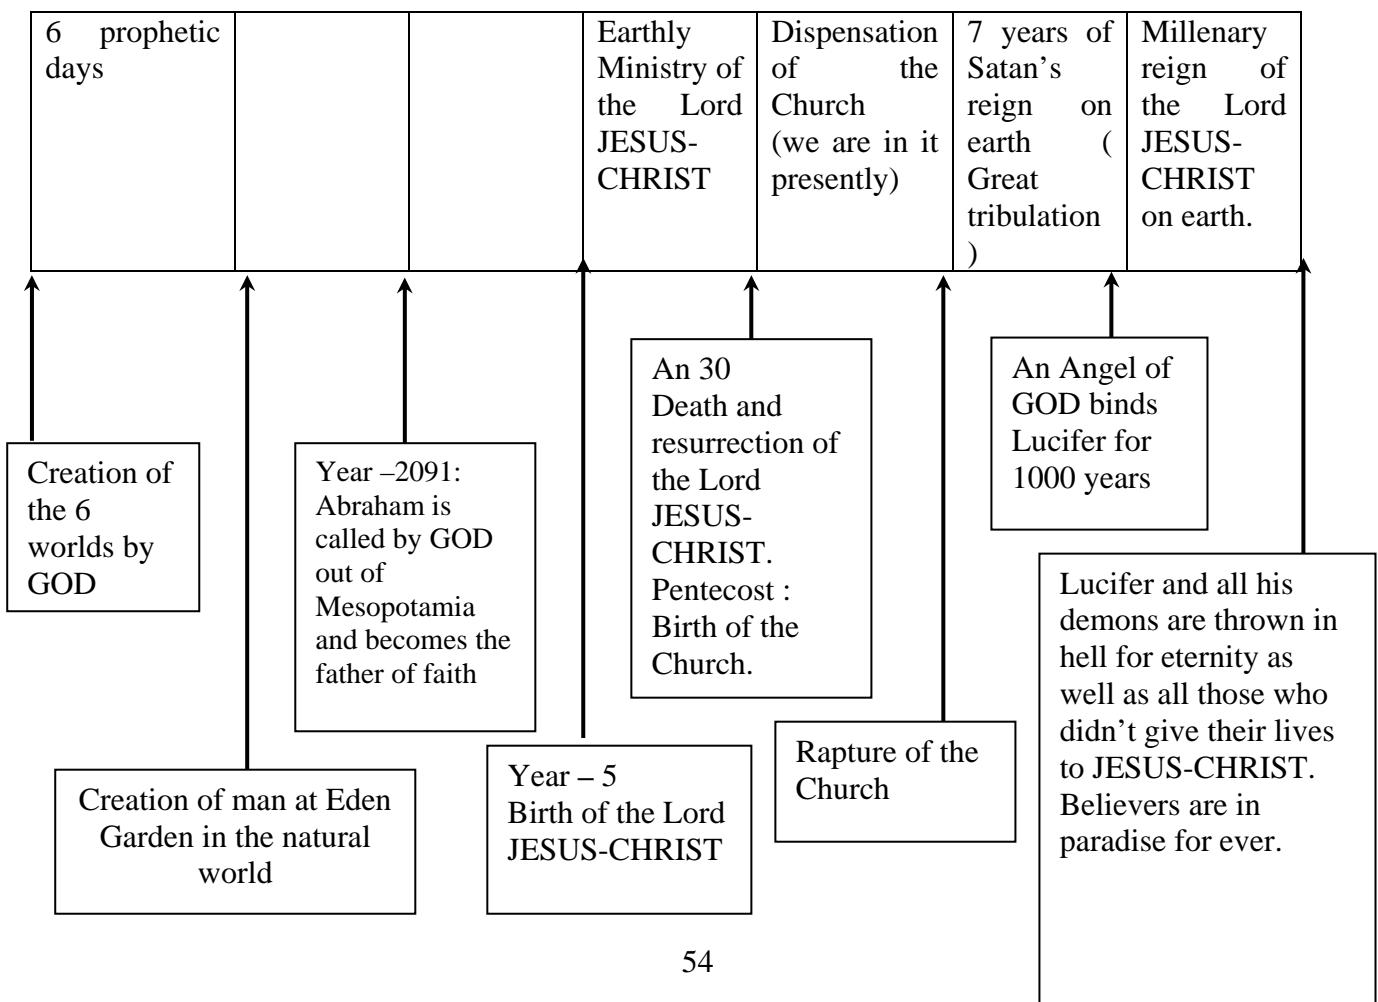

To my dear friend Gaius, whom I love in the TRUTH.

Dear friend, I pray that you may enjoy good health and that all may go well with you, even as your soul is getting along well”.

The Bible teaches us the condition for Gaius’s prosperity. His soul must prosper in the spiritual world so as for Gaius to consequently prosper in everything in the natural world.

If Gaius is nothing in the spiritual world, he will equally be nothing, a slave in the natural world. That’s the **Truth** Lucifer’s priests, our so called “new masters of the world” carefully hide from all the people of the world. They encourage all sorts of philosophical circles and rational thinking, even the famous” think- tanks” while they get fog-knowledge or anti-knowledge from Lucifer to demolish the spiritual body of our candid reasoner, who by so doing, becomes a slave in their natural world.

The division of the natural time is précised by GOD in the Bible and presented as follow.

The natural space-time, the one in which we are found, will disappear at the end of the millenary reign of the Lord JESUS-CHRIST on earth and will be replaced by a spiritual space-time ; new heavens and a new earth of a spiritual nature which will exist forever. These new heavens and new earth will have as headquarters another spiritual space-time, the New Jerusalem and the KING who will reign forever in New Jerusalem the eternal capital, is GOD.

By observing the division of the natural time till the end of the millennium reign of the Lord JESUS-CHRIST, we quickly understand the identity of the two antagonists in war to gain the natural time resource. There is the Church on one hand and the leviathan, Lucifer, on the other. We will come back to the causes and development of this warfare for time gaining. For now, let's continue in the discovery of the two antagonist spiritual worlds from which events that affect our natural world originated. These two spiritual worlds are the New Jerusalem and the kingdom of darkness which is the space-time of the anti-knowledge or fog-knowledge.

Let's simply precise that apart from the New Jerusalem and the kingdom of darkness, there are many spiritual space-time created by GOD namely: the hades, death, hell, Abraham's bosom, and a space-time that the Bible simply calls the sea. The Bible tells us that the spiritual bodies of those who have left the natural world through physical death are found in different spiritual space-time. Some are in the hades, others are found in death, others in Abraham's bosom, and some in the sea. After the great day of judgment, the inhabitants of death, those of the hades and those of the sea will be thrown in the space-time of endless torments, hell, which is the lake of sulphur and fire. In the same manner, death, the hades, Lucifer, his angels who are the demons will be thrown in the space-time of endless torments which is hell.

After this concise precision, let's tackle the two space-time from which the events of our natural world are originated: The New Jerusalem and the kingdom of darkness which is the space-time of the anti knowledge.

The New Jerusalem

During his millennium reign on earth in the natural space-time, the Lord JESUS will seat in his earthly headquarters, the present city of Jerusalem. That's why, the present city of Jerusalem has become an ultimate goal for Lucifer that by trying to anticipate the terrestrial millennium reign of the Lord JESUS-CHRIST, wants to take over the present city of Jerusalem in order to establish in own millennium reign in the natural world. In fact, Satan's failure is complete, for after two thousand years of numerous attempts in the natural world in which we are found, Satan has failed to establish his worldly headquarters in the present Jerusalem and this third millennium rings the end of all sort of attempts of natural time usurpation orchestrated by Lucifer. We will come back to that later on.

The present Jerusalem which is found in the natural time space is the image of the true Jerusalem which is spiritual and invisible to natural eyes.

The spiritual New Jerusalem has the shape of a cube which side measures twelve thousands stages; one stage equals to about 185 meters. But here, we are talking about the spiritual distance that we can't grasp with our senses.

The Book of Revelation chapter 22 verse 5 describes the life of GOD's Priests that will live in the heavenly Jerusalem when it will come down on the new earth which will be a spiritual one. It is written:

“There will be no more night. They will not need the light of a lamp or the light of the sun, for the Lord GOD will give them light. And they shall reign for ever and ever”

The expression “fore ever and ever” shows that the spiritual time of the New Jerusalem, the celestial Jerusalem will indefinitely run out.

Now, the New Jerusalem is found in a spiritual world with four dimensions out of which there are three of the spiritual space and one of spiritual time. GOD lives in the New Jerusalem. The reasoning man maybe will be tempted to know where that spiritual city is located. The answer is that this city is found everywhere, for GOD is omnipresent. It is something that cannot come in the natural man's heart and that's why, this New Jerusalem is perfectly incomprehensible by the spirit of the natural individual citizen the Bible designates as the animal man. The natural man's philosophic thinking can not come out of a dog's heart because a dog only has the spirit of an animal in him.

In the same way, the natural man can not understand nor accept the New Jerusalem in his heart he that only has the human spirit. He must have the HOLY SPIRIT in his inward. Nevertheless, the libertarian has proclaimed his faith in his natural reasoning, being in the state which the Bible calls the animal man.

GOD's Angels also live in the New Jerusalem. While they are on earth, living in the natural world, the born again Christians who are GOD's Priests also live in the New Jerusalem that is, their spiritual bodies live in the New Jerusalem. Yes, the born again Christian that you can see and touch in the street is at the same time found in the New Jerusalem that is a spiritual fatherland and inside it, the Christian that you see on earth dwells in GOD HIMSELF, meaning that his spiritual body is in GOD.

This is absolutely amazing for the reasoner citizen born of the “age of enlightenment” but time has come to tell the TRUTH to the nations of the earth.

At the same moment that your neighbour who is a born again Christian and that you touch dwells in GOD in the New Jerusalem, GOD in his turn dwells in that very born again Christian who says good morning to you while being on earth and consequently, the New Jerusalem is found in the born again Christian.

You don't understand anything? It is normal. We have left the field of the natural knowledge and we are now in the field of the revealed knowledge and you must allow GOD, the HOLY SPIRIT to dwell in you for you to understand. Here the reasoner man of the “age of enlightenment” asks us why we tell him something we know is out of his reasoning:

The following is the answer: ***“ so that you must listen without understanding and look without seeing”***

Foolish and rebellious offspring of the “age of enlightenment”, the whole illogic slavery imposed to you by the Lucifer's priests, the so called “ new masters of the world”; is it not sufficient for you to understand that the universe has something else than what you grasp with your reason?

Foolish reasoner citizen! Why then do you tell your night dreams to your psychiatrist? Your night dreams have no logic basis. Don't care about them any more if you want to be totally rational.

The New Jerusalem is an absolute powerful world , and this absolute POWER is the HOLY SPIRIT who is GOD.

In the New Jerusalem, your neighbour who is GOD's Priest offers to GOD in spirit the blood of GOD, that is, the blood of the Lord JESUS-CHRIST and in return, he obtains the eternal life in GOD, and GOD's POWER which is the HOLY SPIRIT, GOD himself. This HOLY SPIRIT dwells in the born again Christian that greets you in the morning and consequently, this Priest has in him the absolute POWER of GOD that surpasses all other spiritual and natural weapons. But GOD's Priest who is your fellow neighbour must absolutely avoid to get in touch with the competitive and antagonist world to the New Jerusalem if he wants to use through prayer the POWER of the HOLY SPIRIT in him in order to govern the natural world in which he lives. This competitive and antagonist world that the priest or Priestess must avoid to get in touch with if he or she wants to use the absolute power of the HOLY SPIRIT is the anti-knowledge world that is also purely spiritual.

Even though the Priest who is a born again Christian really avoid to get in touch with the anti-knowledge world, he must read the Bible and trust in what is written therein. The two shortcomings of GOD's Priesthood clearly appear : either the GOD's Priest stops to trust the Bible or he gets in touch with the kingdom of darkness. These are the two shortcomings that Lucifer had exploited for two thousands years since the birth of the Church at the Pentecost. Why should GOD's Priests rely on the Bible when praying to use the absolute HOLY SPIRIT POWER to govern the natural world? The answer is that the six worlds, among which the natural one, have been created by the GOD's WORD. As soon as the born again Christian proclaims it in prayers, the natural world enters into resonance with GOD's WORD, and this brings the natural world unto obedience to the WORD, because the natural world was made by the WORD of GOD.

The most interesting thing is that the Priest who is a born again Christian has received in the New Jerusalem, authority from GOD to strike and command even the anti-knowledge world with the WORD OF GOD. Even the Anti-Knowledge World is obliged to obey the WORD of GOD because GOD had already said the following in the Bible:

“ you will trample on all Satan's power and nothing shall harm you ”

But GOD has not allowed the Priest who is a born again Christian to modify what is happening in Abraham's bosom, in the hades, in hell or in the New Jerusalem. These four other worlds also obey the WORD of GOD proclaimed by GOD himself and not by the born again Christian.

On the contrary, GOD has established the born again Christian as master over the natural world and of the spiritual world of anti-knowledge.

If this master stops to trust the WORD of GOD written in the Bible, he will become a child deprived from heritage. In the same manner, if he is in touch with the kingdom of darkness, the absolute POWER of the HOLY SPIRIT in him will no more act.

How does it happen that GOD's Priest who is a born again Christian be filled with the absolute POWER of GOD? This comes from the fact that this Priest offers to GOD a blood of highest and incomparable quality: the blood of GOD who is the Lord JESUS-CHRIST.

Power comes from the blood and the level of power comes from the quality of the blood offered by the priest and it depends from the power provider because after all, this provider can only offer what he has.

The Old Testament believer who walked according to the Leviticus law offered to GOD blood of animals and could not receive the POWER of GOD abiding in him as it is the case with the born again Christian that offers to GOD the blood of GOD.

No blood to offer, no priesthood and no power.

If there is no power, there will be no ability to govern the natural world events.

The following is the WORD through which GOD commanded his Priests to govern the natural world as well as the world of anti-knowledge thanks to the POWER of the HOLY SPIRIT dwelling in them. The Book of Matthew chapter 16 verse 19 reads :

“ I will give you the keys of the Kingdom of Heaven; whatever you bind on earth will be bound in heaven, and whatever you loose on earth will be loosed in heaven.”

The Book of 1 Corinthians chapter 2 verse 15 reads:

“The spiritual man makes judgements about all things, but he himself is not subject to any man’s judgement.”

The spiritual man, that is someone who walks according to the HOLY GHOST revelation, judges everything. In other words, he decides on the natural world events and those of Lucifer’s kingdom. He takes decisions while talking in warfare, that is, in prayer. And behold, the naive reasoner man of this “age of enlightenment” is surprised but that’s how is it. The WORD that the spiritual man proclaims in prayer transforms the natural world because it has the POWER of GOD: THE HOLY SPIRIT.

Foolish reasoner man! You believe childishly that the word of your psychiatrist can heal you but when it comes to the WORD of GOD, you begin to reason. Which treatment does your psychiatrist whom you pay gives you? His word! And now that GOD gives you the Bible which is the only TRUE WORD, you find it illogic. When you go to meet your psychiatrist, you testify against yourself that you are rebellious against GOD, although you have understood the importance of word.

The world of darkness or anti-knowledge world

This purely spiritual space-time is rigorously contrary to the New Jerusalem. It is Lucifer, the rebel in chief who reigns there with his first circle of servants made of demons, one third of GOD’s angels who have followed Satan in his rebellion. If GOD has Priests on earth who are born again Christians (yes born again because it is not enough to be called John or to go to the nearest cathedral to be born again), Lucifer also has priests on earth. If Priests are equal in GOD’s Priesthood, the worldly order of men and women who are priests in Lucifer’s kingdom is a strict hierarchical pyramid. On top of the pyramid are the illuminatis, freemasons and rosicrusians who have reached the highest level of satanic initiation, the priests of the skull and bones order, the bilderbergers, the members of the Jason’s group and all the patrons of many other demonic orders.

The born again Christian lives in two worlds at the same time. Physically, he lives on earth in the natural world whereas his spiritual body lives in a space-time totally spiritual and source of POWER and Holiness: the New Jerusalem. Oppositely, Lucifer’s priests physically live in the natural world while their spiritual bodies lives in a spiritual world which

is the anti-knowledge and which the Bible calls the kingdom of darkness. This kingdom of darkness is equally source of power. If the born again Christians are filled with the HOLY GHOST, Lucifer's' priests are rather filled with demons and the most graduated are possessed by Lucifer himself.

While the born again Christian is transformed from glory to glory to GOD's image, that is, the HOLY SPIRIT progressively filling him with love, peace, patience, faith, self-control, gentleness, joy, kindness, goodness, Lucifer and his demons progressively increase in demonic priests through secret initiations, hatred, destruction, tricks of serpent that consists of saying one thing and do the contrary, lies telling, theft, dominion on others, accusations, manipulation which consists of creating a problem and suggest a solution in order to be seen as "the new master of the world".

The born again Christian has abundant life whereas the Lucifer's priest has abundant death. The HOLY SPIRIT that lives in GOD's Priests is their source of life whereas the Lucifer's priests are filled with the power of death.

The born again Christian in his Priesthood offers to GOD GOD's blood, the blood of the Lord JESUS-CHRIST whereas the Lucifer's initiated priests offers human blood to Satan. Yes, human blood. We have been told about it in the Book of Revelation chapter 18 verse 24:

“ And in her was found the blood of prophets and of the saints, and of all who have been killed on the earth”.

Is the rebellious financial capital against GOD threatened in one area of the globe? Quickly, the so called "new masters of the world" organize putsches, preventive wars in order to preserve the permanent recycling of worldly riches and resources.

Babylon the Great which is the financial capital rebelled against GOD and that the so called "new masters of the world" are manipulating, has shed and continue to shed the blood of people on Lucifer's alters. It is this permanent flow of human blood that is rewarded in return by the demonic power that Lucifer gives to his priests for them to manipulate and destroy the whole earth

Even the blood of the naive born again Christians is shed to Lucifer. Wars in Iraq, the "operation Barbarosa", the structural adjustment plans of the IMF and the World Bank have not only killed pagans. Born again Christian have also perished during those occasions. It is true that the souls and the spirits of the born again Christians are in Abraham's bosom but Lucifer has drunk the human blood.

Of course, the naive reasoner man of the "age of enlightenment" will ask himself where his spiritual body could be found. He has never attended neither a Church service nor a lodge of darkness and he naively says that he is not concerned about the spiritual world. Science is sufficient, he thinks. Foolish man ! whether you like it or not, you have a spiritual body and since it is the prosperity (or the downfall) of your spiritual body that commands the one of your physical body in the natural world, it is better for you to know where your spiritual body is found and in which state it is.

In fact, there is no neutral spiritual world. From the time of the Garden of Eden, each human being comes to birth enslaved by the power of darkness, that is, when he is born,

his spiritual body is automatically in the anti-knowledge world, at the base of Lucifer's priests pyramid. He's automatically born enslaved by Lucifer's priests that have acquired the spiritual power and occupied the highest positions in the pyramid through initiative secret ceremonies. This is what the Bible says in the Book of Acts chapter 26 verse 18:

« to open their eyes in order to turn them from darkness to light , and from the power of Satan to GOD so that they may receive forgiveness of sins and an inheritance among those who are sanctified by faith in ME »

Automatically, and because of the downfall of man since the Garden of Eden, the spiritual body of each individual coming to birth is under the satanic power, enslaved by the so-called "new masters of the world." The worldwide government project of the so called « new masters of world » is not just of today; it started since the time of the Eden Garden. The spiritual filiations of the so called "new masters of the world" dates back to Cain who offered Abel's blood to Satan so as to have power.

The Bible verse we've just shared equally reveals that as soon as you receive through faith in JESUS-CHRIST the forgiveness of your sins, THE POWER OF THE HOLY GHOST that GOD puts in you immediately removes your spiritual body from the spiritual anti-knowledge world and places it in the New Jerusalem. Therefore, there is no neutral world. Either you are GOD's Priest in the New Jerusalem or slave of Satan's priests in the kingdom of darkness. And it is this slavery of your spiritual body in the kingdom of darkness that had produced in the natural world the destruction of nations on earth under the yoke of the so called «new masters of the world ». You will either progress or regress as the state of your soul.

But what does your spiritual body do in the anti-knowledge world which is the kingdom of darkness? The Bible tells us something about it: your spiritual body serves as food. Yes, as food to Lucifer's priests that have reached the highest levels on pyramid in the kingdom of darkness thanks to secret initiation rites and ceremonies.

The libertarian from the "age of enlightenment" easily admits that besides his physical spiritual food is the intellectual one. That's why he can read all types of books, novels, newspapers and unceasingly watch television programmes. But it is impossible for him to go beyond that level and understand that there is also a spiritual food. It is an unavoidable law from GOD. Each priest, no matter his status, must eat a spiritual food. The spiritual food that the GOD's Priests eat keeps them for eternity in eternal life whereas the spiritual food that the Lucifer's priests eat in darkness jails them in darkness and lead them right to the space-time of everlasting judgement: the lake of torments and fire which is hell. This is what GOD's Priests eat: John chapter 6 verses 53 to 56 reads:

« Then JESUS said to them, I tell you the TRUTH, unless you eat the flesh of the Son of Man and drink His blood, you have no life in you. Whoever eats My flesh and drinks My blood has eternal life, and I will raise him up at the last day. For My flesh is real food and My blood is real drink . Whoever eats My flesh and drinks My blood remains in Me, and I in him.»

The Spiritual bodies of GOD's Priests eat the flesh of the Lord JESUS-CHRIST and drink the blood of GOD, that is, the blood of the Lord JESUS-CHRIST. That's what gives eternal life to GOD's Priests.

On the contrary Lucifer's priests eat spiritual bodies and drink blood of millions of naive individuals absent from GOD's Priesthood and ignorant of Satan's priesthood. Foolish man ! As the Bible reveals it, your spiritual body and blood serve as food to Lucifer's priests.

The Book of psalms chapter 53 verse 4 says :

“Will the evildoers never learn -- Those who devour my people as men eat bread, and who do not call on GOD ?”

You individuals that naively trust only in your natural knowledge, know and acknowledge that the so called «new masters of the world » eat your spiritual flesh and suck your blood in the anti-knowledge world and that's why you are enslaved in the natural plan. The vampirism that the so called « new masters of the world » develop in the spiritual plan will end up only with the worldwide revival when people will turn back to the HOLY SPIRIT POWER. It is POWER against power, not reasoning against reasoning. Anyway, if you play a reasoning game, could you do better than the thousands of ideological macro economic analysis of IMF and World Bank?

The Bible tells us that the rebellious blacksmiths and carpenters, the so called “new masters of the world » that want to build a worldwide satanic government, will perish as soon as they will no more have some food to eat in the anti-knowledge world. No spiritual body to eat, no human blood to drink in the darkness and behold, they will fall like flies, these so called “new masters of the world”.

Let's read in the Book of Isaiah chapter 44 verses 12 to 13.

« The blacksmith takes a tool and works with it in the coals; he shapes an idol with hammers, he forges it with the might of his arm. He gets hungry and loses his strength; he drinks no water and grows faint. The carpenter measures with a line and makes an outline with a marker; he roughs it out with chisels and marks it with compasses. He shapes it in the form of man, of man in all his glory, that it may dwell in a shrine”

In the anti-knowledge world, the so called “new masters of the world », leaders of mystical lodges and sects of darkness use forges, compasses, hammers, markers, chisels and various other tools of masonry to forge as they pretend the “new world order”.

But as a worldwide revival occurs, billions of individuals will go back to the knowledge revealed by the HOLY SPIRIT, and our blacksmiths builders will fall of hunger because they will have nothing more to eat in the anti-knowledge world.

A single person on earth is able to see through the revelation of the HOLY SPIRIT how Lucifer's priests program and execute the killing of naïve human beings who live in our natural world. If someone describes this process to our lost offspring of the «age of enlightenment », he would exaggeratedly cry out because he would not understand anything. Lucifer and his priests are really mad because every rebellion against GOD leads to madness.

Nevertheless, here is another example that we give in public in order to openly expose Satan to the eyes of this world citizens. The Book of Isaiah chapter 42 verse 22 says :

“But this is a people plundered and looted, all of them trapped in pits or hidden away in prisons. They have become plunder, with no one to rescue them; they have been made loot, with no one to say, “send them back!””

Thanks to Lucifer's power, the so called “new masters of the world» rob, strip peoples in the anti-knowledge world and the consequences of these spiritual acts perpetrated by Satan's priests are visible in the natural world.

They jail nations in prisons. Financial prisons of the IMF and the World Bank that tightly encircle everywhere the indebted countries under the Structural adjustment program. It happened once upon a time that the Ethiopian leaders who obviously had not understood that it is on the basis of Lucifer's power that the IMF and the World Bank deal with nations , proceeded to an anticipated debt reimbursement. This anticipated repayment provoked the wrath of the IMF which didn't understand how Ethiopia came to have the presumptuousness to quickly repay a portion of its debt towards Bretton Woods without Bretton Woods agreement. This is because in the anti-knowledge world, the priests of darkness had already bound the whole Ethiopia in a spiritual prison and they wondered which contrary power had really helped Ethiopia to show this tiny desire of independence. Did you say madness?

The various rape, sexual and bodies trade, men's soul and body trade, wealth's trade, murders, incantation's production activities that Lucifer's priests carry in the spiritual space-time of anti-knowledge world are widely detailed in the Bible. These are spiritual activities founded on Lucifer's power that have negative consequences in our natural world. We won't detail any more the numerous demonic activities that take place in the anti- knowledge world. Each one can learn about it from the Bible.

Let's rather continue with the warfare for time gaining that is the second axis of Satan's world resistance plan. Satan is desperately in search of natural time and the Bible reveals it to us.

Revelation chapter 12 verse 12 reads:

« Therefore rejoice, you heavens and you who dwell in them! But woe to the earth and the sea, because the devil has gone down to you! He is filled with fury, because he knows that his time is short.»

The devil's time is short? But why is the devil in need of time? This question takes us to the fundamental stake of the world: the priesthood.

The stake of the creation: The priesthood

GOD created the Angels and man for only a single reason : the Priesthood that means, to praise and worship GOD for ever and ever. GOD needs only one thing : praise and worship. The born again Christians are a chosen nation for GOD's Priesthood. The Book of 1 Peter chapter 2 verse 9 says:

“ But you are a chosen people, a royal priesthood, a holy nation, a people belonging to GOD, that you may declare the praises of HIM who called you out of darkness into His wonderful light”

As for Psalm chapter 45 verse 17, it says:

“I will perpetuate your memory through all generations; therefore, the nations will praise you for ever and ever”.

The man was created to be a royal priesthood, in charge of GOD'S praise and worship. This human and Angels everlasting praise and worship to GOD is compulsory because GOD and HIM alone has the hidden knowledge and that's why, HE must receive everlasting praise and worship.

Lucifer's goal is unique since the day of his rebellion: to divert to his own profit the praise and worship of GOD's creature and to do this, he must spray around lies to make people believe that he is the one holding the hidden knowledge. While the Bible is spread all over the world to facilitate the access of humanity to the revealed knowledge, Lucifer multiplies secret initiation rituals in the anti-knowledge world in order to make man believe that it is possible to receive the hidden knowledge from Satan. And behold, in return for these lies and secret initiation rituals in the anti-knowledge world, Lucifer claims praise and worship.

From the origin, Lucifer who was one of GOD'S Angels, particularly handsome and even before GOD created Lucifer, HE had already prepared music and praise instruments and kept them aside for Lucifer. Lucifer was created to praise GOD and to lead the chorus of Angels involved in GOD'S worship.

The spiritual, intellectual and philosophical seductive power of the darkness priests comes from this particular spiritual beauty that GOD bestowed to Lucifer when HE created him.

Lucifer's original beauty before his downfall, the tambourines and the flutes prepared for the day he was created, all those things are revealed in the Book of Ezekiel chapter 28 verses 11 to 14.

Suddenly pride entered Lucifer's heart because of the beauty and wisdom he received from GOD when he was created, and this creature decided without the hidden knowledge to become GOD at the place of GOD and receive GOD'S praise and worship from Angels and men for ever and ever.

Immediately, his original wisdom was jailed by GOD in the darkness which surrounds in all dimensions and for ever, GOD's light. Let's read in the Book of Ezekiel chapter 28 verses 15 to 17:

“You were blameless in your ways from the day you were created till wickedness was found in you. Through your widespread trade you were filled with violence and you sinned. So I drove you in disgrace from the mount of GOD, and I expelled you, O guardian cherub, from among the fiery stones. Your heart became proud on account of your beauty, and you corrupted your wisdom because of your splendor. So I threw you on the earth; I made a spectacle of you before kings.”

During his rebellion, Lucifer convinced one third of GOD's angels to follow him : these are demons. Revelation 12: 3- 4 states that:

« Then another sign appeared in heaven: an enormous red dragon with seven heads and ten horns and seven crowns on his heads. His tail swept a third of the stars out of the sky and flung them to the earth. The dragon stood in front of the woman who was about to give birth, so that he might devour her child the moment it was born”

Since his downfall in the anti-knowledge world accompanied by his demons, Lucifer sells lies to humans as being the hidden knowledge and pretend to be GOD in order to receive praise and worship which belongs to GOD. That's why, to become Lucifer's initiated priest,

one must go through all types of secret and magic rituals, demons invocation, blood crimes and sexual perversions.

The confiscation by Lucifer of the natural space and the riches therein has a single goal : to oblige the nations on earth to accept Satan as king and to praise and worship him.

As soon as Lucifer was imprisoned in darkness and his final judgement proclaimed by GOD (this Lucifer's judgment will only be executed after the judgement of all humans who rebels against GOD), a complete war has been launched between GOD and Lucifer, between GOD's Priests and Lucifer's ones to enrol the whole humanity in one or another priesthood.

The war between Cain and Abel, triggered by Cain is a warfare for priesthood. Cain is the first ancestor of the so called «new masters of the world », Lucifer's priests.

Seeing that he was out of GOD's Priesthood because of his evil thoughts, Cain immediately entered in Lucifer's priesthood and offered him Abel's blood. This blood of high quality is superior to that of animals and Cain the rebel and his descendants temporarily took over the leadership of the world because they offered human blood to Satan while the lineage of GOD's Priests continued to offer to GOD the blood of animals. But the time to execute the judgment proclaimed by GOD on Lucifer being not yet at hand, GOD has put on Cain a sign revealed in the Book of Revelation: the sign 666.

This sign put on Cain means that his last judgment and that of his descendants, Lucifer's priests, will be only executed after the disappearance of the number 666 on earth that is, at the end of the millenary reign of the Lord JESUS-CHRIST on earth. Let's read Genesis chapter 4 verse 15:

“But the Lord said to him, “Not so; if anyone kills Cain, he will suffer vengeance seven times over. Then the Lord set a mark on Cain, so that no one who find him would kill him”.

Because of this 666 sign put on all Lucifer's priests from generation to generation, wheat and chaff live together on earth till the end of the millennium reign of the Lord JESUS-CHRIST on earth.

By offering human blood to Lucifer, Cain's offspring took over GOD's descendants for a while. Jubal, filled with Satan's spirit, inaugurated the worldly and satanic praise while Tubal-Cain inaugurated the forge of iron and bronze instruments. Lemec inaugurated the ideology of war and vengeance. Those are the original ancestors of Lucifer's priests, the so called “new masters of the world” that multiply the preaching of destructive ideologies to Satan's glory and use hammers, lines, chisels, compasses, coals, markers and other spiritual instruments in the anti-knowledge world to forge as they pretend a new world through human blood and human labour.

A first but not final defeat comes and strikes the ancestors of so called “new masters of the world “ when about the year 1446 before the Lord JESUS-CHRIST, a terrifying confrontation opposed Moses and Aaron, GOD's Priests to Pharaoh.

After the ten destructive judgments according to Jeremiah chapter 1 verse 10 that orders to destroy before building a fresh, Moses defeated Pharaoh and it was the birth of the Leviticus Priesthood, more structured and codified than the existing GOD's Priesthood since Abel's time. But GOD's Priests continue to offer HIM the blood of animals while Lucifer's priests offer him human blood. Till the end of the Leviticus Priesthood, Lucifer vainly hoped to a total control of the earth thanks to human blood superior to that of animals.

Year 30 of our era: thunder clap! At Golgotha, GOD put his own blood at his Priests' disposal and the battle of wills infinitely and definitely reversed in favour of born again Christians. Henceforth, GOD's Priests have GOD's unlimited POWER, thanks to the Lord JESUS-CHRIST blood and their superiority over Lucifer is infinite. Since Golgotha, the warfare for priesthood has turned into the warfare for time gaining because Lucifer being infinitely dominated in power must quickly hire his last priests and worshippers. There is no much time for him to build his priesthood. Lucifer's priesthood has entered into its closing phase since the year 30 of our era.

Let's read once again the Book of Revelation chapter 12 verse 12.

“ therefore rejoice, you heavens, and you who dwell in them! But woe to the earth and the sea! Because the devil has gone down to you! He is filled with fury because he knows that his time is short.”

Lucifer has a short time to recruit people on earth in his priesthood. It just remains a short time to the great world statue of the financial capital that rebelled against GOD. The hour of the downfall of the gigantic statue of the so called “ new masters of the world” has rang ; that's why Satan and his priests are really engaged in the warfare for time gaining. In this warfare for time gaining, Lucifer and his soldiers try hard and vainly to change the distribution of the natural time fixed by GOD and stated above. Now let's tackle the development of this warfare for time gaining which is nothing else than a rearguard war led by Lucifer.

The development of warfare for time gaining

Lucifer has a short time to divert GOD's praises and worship to his profit and it is just a short time remaining to him and his priests to join their eternal judgement place: the everlasting lake of fire which is hell.

It is for this reason that Satan leads the warfare for time gaining on five frontlines.

First Frontline of the warfare for time gaining: the occupation of the natural time of the individual.

We are entering as it is said in the leisure and entertainment era. In fact, the individual has been created neither for leisure nor for entertainment. These two activities are weapons destined to occupy the individual's natural time and they aim at stopping the individual from attempting an introspection which could unavoidably bring him back to his senses. This faculty to go back and listen unto ones self that knows all about oneself, tells the whole truth to oneself about oneself is exactly a force that permanently brings back the individual to GOD. My self knows all my short comings, my false pretensions, my appearances which coincide not with reality, my secret fears, my lies, my deeds, my hidden inabilities. My self is a preacher of truth to myself. When I publicly declare that my promotions at the top of the multinational corporation are due to my works and my genius, my internal self knows that these promotions come from my affiliation to the evil lodge of darkness. When I laugh at those who preach eternal life in JESUS-CHRIST, my internal self reminds me that it is not logical that I should get involved in astrology and in the so called positive thinking which is nothing less than a series of incantations. When I am afraid of death, my self knows about it. When I secretly covert my junior sister, my mother or my son, my self knows it well.

Now, Lucifer is absolutely frightened to the idea that individuals who fill the planet start to use their natural time to constantly listen to their selves preaching to themselves. Therefore, the absolute necessity for Lucifer to occupy all the free natural time of the individual. Besides, a great worldwide effort is made, aiming at making the citizens silly and stupid through a multiplication of hilarious broadcasts in nearly all TV channels. During these buffoonery broadcasts, silly and foolish tales are presented, provoking hysteria's crises and generalized laughter's. Now, this buffoonery education ends up at making the citizens dull and unconscious towards fundamental concerns, and it is precisely what the so called "new masters of the world" who up to now control the world, are looking for. Dull, silly and unconscious citizens, that is the goal the so called "new masters of the world" who control main TVs and radios all over the world are aiming. The individual keeps the faculty to think, but a barrier of stupidity and buffoonery patiently built in his brain by the media stops him from exercising his thinking faculty, that is, to think of the "why" of beings and events. In Africa, clowns called artists secretly financed by a network of freemasonry, rosicrucianism and other various satanic sects which publicly project the fake image of "thinking circles for mankind improvement", multiply the most vulgar songs and choruses that fill the cities and villages markets as well as public venues. The bestiality of these songs surpasses the crimes of Sodom and Gomorrah : << what does your pant do in my house?>> , << have sex with me>>, <<Take me at the gallop>>, <<O, Viviane my wife, you're a bitchy>>, << Fanta Diallo, you are so sweet >>, << Aïcha, come back quickly because I can't sleep anymore in the night>>. The goal targeted by priests of darkness who secretly finance these end time clowns is precise: to annihilate for ever in the individual the exercise of his thinking faculty so as to divert him from political, economical and social crimes openly perpetrated by mystical lodges of Lucifer's initiates and to prevent him from thinking about the strange power that has really allowed this small group of priests to control the country.

If the Bible was preached into all tramways, tubes, markets and public places, the offspring of the "age of enlightenment" freed from GOD would have quickly rebelled against this practice, to the great satisfaction of the priests of darkness. Just dare to put those criminal songs full of wickedness in tramways, tubes, supermarkets and other public places of the world and behold, the foolish offspring of the "age of enlightenment" is having a good time. Distraction, lost of time, and deviation.

The Book of Romans chapter 10 verse 7 says :

"Consequently, faith comes from hearing the message, and the message is heard through the WORD of CHRIST"

Yes; Faith in JESUS-CHRIST comes from the Word of JESUS-CHRIST, the Bible you hear when it is preached. Oppositely, the buffoonery with which the medias of the world feel the citizen create silliness and incredulity in him, and he despises spiritual matters. In a TV programme for instance, a woman declares smiling to her husband that she has a concubine since ten years. The possessed crowd listening to her instantly lose discernment of good and evil and burst into laughter and this at Satan's great satisfaction. Is not the logician of the "age of enlightenment" freed from GOD? Fool! Also set yourself free from Lucifer and you shall be free indeed.

Sports, TV games, theatre, movies, futile associations, numerous worldly occupations completed by worship of actors and authors, all flesh and blood of human beings who are not worthy of praise which belongs to GOD alone; This is the distractive cocktail through

which Satan steals the natural time of the citizen in order to separate him from the preaching of his inward. If he would listen to his inward preaching, this individual would have come back to GOD; but he doesn't have time to listen to his inner man preaching.

In addition to the sedimentation of buffoonery and futility in the individuals thanks to clowns, TV and radio games, Lucifer has also trapped the modern individual in the well of instantaneity that hinders any attempt of looking toward eternity. This well of instantaneity phagocyte the individual's natural time on earth and oblige him to constantly run without having any time to think. Early in the morning, a newspaper advertises the last model of a new car, radio and TV release the latest news whereas our offspring of the "age of enlightenment" has not yet seized the sense of the yesterday news, a new "fashionable" garment, a new Hollywood movie not to miss, a new and powerless declaration of the Chancellor of Exchequer about unemployment, new promotions in the working place. This is how the existence on earth is continuously turning into a permanent race after newness no one masters. This permanent rush after newness has emptied our logician existence of sense and he does no more have time to seek the deep *raison d'être* of beings, things and events.

Acting like real terrorists of modern times, the financial markets have imposed to the world corporations' managers, the culture of instantaneity that consists of sacrificing strategies of long term development on the altar of immediate profits which sustain the stock exchange prices. The price of this human community long term eviction by the short term of financial markets is paid by a well known category of people: the employees.

The warfare for time Lucifer daily wages against the modern individual has not yet reached its first goal: the definite extinction of the faculty to think. Therefore, there is an accumulation of funds destined to research on the functioning of the human brain. These researches have a secret but vain hope : the annihilation of the thinking faculty in the individual. The Bible says : "***Let's make man in our image***".

The so called "new masters of the world" constantly infuriate against the fact that in spite of the spiritual, economic and financial repressions and regardless the buffoonery culture sold like an ultimate fashion, in spite of the permanent race toward an indomitable newness which annihilate the sense of existence, many individuals from all over the world continue to think differently. As a matter of fact, the end of the reign of the so called "new masters of the world" has come and Satan can't do anything against this fact, but trying at least to delay the deadline of the disaster that's coming within the capitalist system, Lucifer also attacks mankind on a second frontline: history.

Second frontline of the warfare for time gaining: falsification of history

Let's first of all open the Bible to understand the history stake. It is written in the Book of Ecclesiastes chapter 3 verse 15 :

«Whatever is has already been before, and what will be has been before; and GOD will call the past to account »

GOD'S spiritual principle that governs the progression of events in the natural world is that the present and the future are comes from history. This is because GOD has already accomplished all invisible and visible things in six days and has had his rest on the seventh. The chronic loss of sense which the modern man, the citizen rebelled against

GOD suffers from, comes from his lack of understanding of historical events. In fact, he who has not re-established his history in all the truth, who has not yet acquired the whole sense of his history is unable to give substance to the present or to revolutionize his future. However for the individual to act on his present and future, it is necessary for him to **go back to the Truth** of the many centuries of natural time that had passed away and be able to seize the sense of this past history. But where does the aptitude of understanding the sense of past events comes from? There is only a single source: the revealed knowledge given by the HOLY SPIRIT.

The natural intelligence, Lucifer's anti-knowledge are perfectly unable to seize the sense of the revelation contained in past events. The historians, Lucifer's priests, the logicians who rebel against GOD, all of them watch history without seeing it, they listen to history without understanding it, without seizing its meaning.

Going back to history by restoring all past events in the Truth is only the first stage of revolution. It is necessary in the second stage to seize the sense of history in order to revolutionize the future. However, the so called «new masters of the world» leading many countries and medias have replaced history by the official history. Lucifer's secret hope and that of his priests is that the modern individual, deprived of the real history, would have no revolution means even though he reached the revealed knowledge by the HOLY SPIRIT.

The history of operation «Barbarossa » launched by Adolph HITLER against the former Soviet Union? It has disappeared and only two versions exist. One that will be exposed to you by the neo-liberals and the other version that will be exposed to you by the neo-communists. Choose from the menu list, you are in a restaurant !

History about Algerian war ? Where is it found ?

History about Black slavery? Please, be responsible. Do you want to raise the Africans to claim 10% of the annual European and American GDP? These are political facts and not history. It was normal for Germany to pay huge indemnities to Israel for the holocaust but let's not quickly deduce that the United States and Europe must do the same thing towards Africa for the Black slavery. These are political facts, not history and let the god of freemasonry, rosicrucianism and skull and bones bless the country.

Crimes related to colonialism in Africa? Generations of Africans don't know what happened because the servants of the conquerors are reigning since independence in most countries. In this ambiance of fraternity between the neo-slaves and the neo-colonists, the official history taught to our children has quickly replaced the history of colonialism.

What about the history of ancient pharaonic Egypt? Impossible to admit that these Black Africans indeed founded ancient pharaonic Egypt. This would mean to admit that the modern civilization has received a lot from Black Africa. At least, one will just whisper that there was an era of "black Pharaohs" governing Egypt. Now, to deny the fact that Black sub Saharan Africa is the direct offspring of ancient pharaonic Egypt is the biggest crime against Africa since a people that had not discovered and assumed their history doesn't exist neither in the present nor in the future. This nowadays Black Africa carries the responsibility of 430 years of Israel slavery in Egypt. Yes it is what is written and you have read it well. The Bible has already told Abraham, Jeremiah, Ezekiel what the descendants of the Pharaohs will endure because of Israel's slavery in Africa: colonialism, technological backwardness, barriers against the construction of reliable modern states, extinction of culture, slavery among peoples in northern Africa. Everything that happens to the nowadays Black Africa is thoroughly revealed in the Bible and the solution is also described therein. But for this solution to be implemented, it would be necessary for Black

Africans to first of all understand that they come from these criminal Pharaohs who are among the spiritual ancestors of the so called «new masters of the world». Satan has strongly opposed the re-establishment of the African history and this because the unprecedented spiritual clash that opposed Moses and Pharaoh announced the spiritual war with worldly consequences that is now beginning between African men of GOD and the so called «new masters of the world». The worldwide defeat of the so called "new masters of the world" starts in Africa.

That's what has already been, and GOD brings back the past.

The permanent falsification of history by Lucifer concerns all peoples of the earth. In fact, our present capitalist system has been constructed on human blood offered to Satan as a result of the spiritual trade that takes place in the anti-knowledge world between Lucifer and the priests of darkness.

Human blood offered in Africa, human blood offered in America, human blood offered in Asia, human blood offered in Europe. The implementation of the new world's order by the so called «new masters of the world» has only a single spiritual engine: human blood.

However, the Bible says that human blood illegally shed out shouts for vengeance on the murderer's lineage.

Illegally ? Then, Satan has inspired to all his priests of darkness all false laws to "legalize" those blood crimes perpetrated throughout the world, blinding therefore the citizens as far as history is concerned and keeping all peoples under the yoke of blood vengeance that shouts against the descendants of murderers.

Illegally according to GOD and not according to the incantations of sects of darkness.

The generalized history falsification through our planet has as goal to divert the attention of the ordinary citizen from the spiritual source of the spiritual, psychic, economic and political pains that gives Lucifer the legal right (yes the legal right according to GOD) to destroy the nations and control them. This source is the satanic priesthood based upon human blood which is carried out in our countries by Lucifer's priests, the so called «new masters of the world » who are organizing the chaos on a global scale. This drama is about a motor feeding itself. The country is bound in GOD's curses because of the blood shed by priests of darkness on Satan's altar. Suddenly and in return, these curses give new legal rights to Lucifer on the country and he takes advantage of these new legal rights to ask for new quantities of human blood. Behold, the engine turns continuously and feeds itself from one generation to the other. " Blood feeds life", the priests of darkness proclaim. And as long as this engine turns, Lucifer's priesthood consolidates itself years after years, centuries after centuries.

Who can put an end to this infernal cycle? Only one category of people : GOD's Priests who have all latitude to visit the past of the nations and operate spiritual healings through prayer, liberating therefore the country from the debt of human blood. That's why, not only Satan had falsified and politicised history in order to hide history, but more better, he had fully entered in the Christendom in order to annihilate GOD's Priesthood.

Let's tackle the third Lucifer's attack frontline in the war for time.

Third frontline of the warfare for time gaining: stealing of two days from the Church.

The Bible indicates to us that there are two categories of kings on earth.

The first category is made of kings of earth born of the anti-knowledge world. These kings have a single activity: to fight against GOD'S plans on earth with the vain hope to definitely replace HIS priesthood by Lucifer's one. Those earthly kings from the anti-knowledge

world work day and night, from generation to generation, to divert to Lucifer's profit the praises and worship of humanity, with a final result: the eternal stay in the everlasting judgment space-time which is hell.

This is what the Book of Psalms chapter 2 verses 1 to 2 says :

« *Why do the nations conspire and the peoples plot in vain?*

The kings of the earth take their stand and the rulers gather together against The LORD and against His anointed One ? »

The so called «new masters of the world » are in effervescent revolt against GOD; they are rebellious kings.

Apart from these kings born of the anti-knowledge world, there is another category of kings on earth : GOD's Priests who are the born again Christians now living on earth. The Book of the Revelation chapter 19 verse 16 says this about the Lord JESUS CHRIST :

« *On his robe and on his thigh he has this name written : KING OF KINGS AND LORD OF LORDS ».*

The Lord JESUS-CHRIST is the King of a special category of kings who are the born again Christians. He is the King of the Jews and the Bible says that the Jew according to THE SPIRIT is the born again Christian who is a royal Priesthood for GOD. This is how GOD'S WORD confirms the kingship of the born again Christian. It is important to insist on this point because until now, the Church had not yet understood neither the kingship of the born again Christian nor engaged in the government world war against the so called «new masters of the world ».

The Book of Hebrews chapter 5 verse 12 reads:

“ *In fact, though by this time you ought to be teachers, you need someone to teach you the elementary truths of GOD's WORD all over again. You need milk, not solid food !* ”

Here, GOD's WORD is straight to the point. The destiny of the born again Christian is that of the Master because only masters are qualified for teaching and therefore leading peoples. Master in what and of what? Master in the understanding and the using of GOD's WORD, Master in spiritual things and consequently Master in natural things (you prosper all along as your soul prospers), Master of the world !

In fact, the born again Christian who had reached the Master's level in the revelation of GOD's WORD and in the use of this WORD becomes Master of spiritual things and must necessarily prosper in all aspects as his soul prospers. The born again Christian who eats solid food first of all becomes Master of spiritual things, and according to what is written in the Book of 3 John verse 2, he automatically becomes the Master in politics, in economy, in the intellect , in short, he becomes the Master of the world !.

Let's read in the Book of 3 John verse 2:

« *Dear friend, I pray that you may enjoy good health and that all may go well with you, even as your soul is getting along well»*

In fact, the born again Christian has always been the real Master of the world because he is GOD's heir, GOD being the creator and owner of the world. But the Bible says that as

long as a heir is a child, he doesn't differ in anything from a slave. It is what happened to us since two thousand years ago, since the birth of the Church at the Pentecost. We have never seized our royalty to exercise it on earth and worse of all, we have declared our going out from the natural world. Thanks to this our childish preaching and behaviour, Satan has easily replaced the spiritual babies we have been up to now, by his priests of darkness, the so called « new masters of the world »

We now have two categories of kings : on one hand, the true Masters of the world that have not exercise any reign on earth since the birth of the Church at the Pentecost and on the other hand, the Satan priests , the so called « new masters of the world », who since Cain, are fighting to govern the world and have been governing the natural world till now. But we must insist more on the kingship of the born again Christian who is the true Master of the world because one of the biggest Church's deviations is found in the fact that we have abandoned GOD'S WORD in order to manufacture and preach fatal lies for centuries as far as the position of the born again Christian in the world is concerned. Believing to act spiritually, we have for centuries invite Christians not to be interested in the natural world under the pretext that we are not of the world. Besides, we have added the wrong interpretation of a Bible verse in which THE LORD JESUS-CHRIST says that his kingdom is not of this natural world and through our false interpretation, we have for many centuries given birth to a childish church which has been continuously under the bondage of dark decisions carried on the natural world by Lucifer's priests, the so called "new masters of the world ».

Let's start by specifying that from the Book of Genesis to the Book of Revelation, the Bible has only kept one period on earth for Lucifer's reign : the seven years of great tribulation. Yes, Lucifer only has seven years of reign on earth and if he has some preparations to make for his seven years of reign, let him therefore use a part of his own time that GOD has given him. Why should we give up some portions of our time of reign to Lucifer the thief? We don't have any biblical obligation to lend a portion of our time of reign to Lucifer.

It is absolutely false, anti biblical and untrue to asset as many preachers have done for centuries, that Satan has the right to govern the natural world for centuries and millenniums. There is no spirituality in the fact to pretend that the natural world has been given to Satan; it is rather a deviation. To be spiritual means to only trust in what is written in the Bible and we have been so carnal for about two millenniums by preaching that the natural world belongs to Lucifer. It is a pure carnal invention that gives us the feeling that we are spiritual whereas it is a tragic deviation.

The Bible in hand, let's establish together that the born again Christian is the real Master of the world. It is something quite new because we have so much taught irresponsibility to Christians under the pretext that they are not of the world.

In fact the Word of GOD says that spiritually, real Christians, those who are born again, have heavenly nationality and not earthly. They are thus strangers in the world. It is as such clear that we have heavenly nationality and not earthly nationality, but GOD adds five important points:

Firstly GOD says that we are his Ambassadors in the world.

“So we are ambassadors for CHRIST, GOD making his appeal through us. We beseech you on behalf of CHRIST, be reconciled to GOD”. (2 Corinthians chapter 5 verse 20)

Secondly GOD says we are the light of the world, the salt of the earth.

“you are the salt of the earth, but if salt has lost its taste, how shall its saltiness be restored ? It is no longer good for anything except to be thrown out and trodden under foot by men. You are the light of the world. A city set on a hill cannot be hid. Nor do men light a lamp and put it under a bushel, but on a lamp-stand, and it gives light to all in the house”. (Matthew chapter 5 verses 13 to 15)

Thirdly, GOD says that when there are problems in a country or nation, there is only one possible solution. If the people of GOD humbles themselves pray, seek the face of GOD then He will solution the problems of that country or nation in question.

“If my people who are called by my name humble themselves, and pray and seek my face and turn from their wicked ways, then I will hear from Heaven, and will forgive their sin and heal their land” (2 Chronicles chapter 7 verse 14)

Fourthly, GOD recalls it to Christians born again and to pagans that He GOD is the Creator and owner of the world.

“In the beginning GOD created the Heavens and the earth”. (Genesis chapter 1verse 1)

“The earth is the Lord’s and the fullness there of, the world and those who dwell there in” (Psalm chapter 24 verse 1)

“For the earth is the Lord’s and everything in it” (1 Corinthians chapter 10 verse 26)

This fourth point merits that we should stop there. Even Christians who meditate on the Word of GOD are sometimes victims of a vague belief by which the world would have been given to Satan. Meanwhile from Genesis to Revelation, GOD insists on the fact that HE created the world and that HE is the only owner of the world. The only time when one reads in the Bible that the world belongs to Satan, is when Satan himself affirms that the world belongs to him. Before GOD himself, creator and world’s owner, Satan goes to extreme bluffing by affirming that the world belongs to him.

It is found in Luke 4: 5-7 and in Matthew 4: 8-9. This is the tragic error that we have committed. Forgetting that Satan is a liar and father of lie (John 8: 44), we believed in his word when he affirmed that the world belongs to him. Meanwhile Satan never says the Truth because there exists no Truth in him. The Truth, GOD gives it to us several times to show that He is the only world’s owner. When GOD calls Satan the prince of this world, HE want to show clearly that Satan is the one who reigns on rebellious children who spiritually have but earthly nationality. But Satan does not reign over a born again CHRIST and he owns no property title over the world.

Fifthly, GOD says we born again Christians are his heirs and adds that all things belong to us.

“In Him, according to the purpose of him who accomplishes all things according to the counsel of his will”. (Ephesians chapter 1 verse 11)

“So let no one boast of men. For all things are yours, whether Paul or Apollos or Cephas or the world or life or death or the present or the future, all are yours; and you are CHRIST’s, and CHRIST is GOD’s”. (1 Corinthians chapter 3 verses 21 to 23).

To whom does the visible world belong? The word of GOD establishes without possible controversy that the present things that are the natural world belong to born again Christians. Spiritual things equally belong to us but this is no problem since generally we know that heavenly things that is spiritual belong to us. On the other hand, by a general distraction, we have ignore that the word of GOD equally affirm that the natural world belong to us and we have totally developed or adopted an irresponsible attitude toward the problems that destroys the world that belong to us. The worst is that we think we are particularly spiritual while ignoring the natural things. Meanwhile the word of GOD establishes us clearly as owners of present things that is the natural world. Everything belongs to the born again Christian and in this "everything", there are heavenly things that is the things to come, as well as the present things which are the earthly things.

When GOD says in 1 John 5: 19 that the whole world lodge under the power of the wicket, HE takes time to precise in verse 18 that we, we are of GOD and that the wicket can not touch those who are of GOD. In short, GOD is telling us that the enemy reigns on those who are not the children of GOD, at the exception of real Christians who are surely the true owners of present things and things to come.

This is our biblical position toward the world. We do not have spiritually saying, the nationality of the world. We do not have spiritual nationality of the world, we are citizens of heaven, but at the same time, we are ambassadors of the owner of the world and heirs of this very owner. Consequently, we are strangers owning the world as property and in respect it belongs to us in accordance with the word of GOD, to decide on how the world functions.

By a general distraction, we have considered the owner's nationality as the principle founding his ownership and therefore, we have ignore our right and our duty toward the natural world. Meanwhile it is only an authentic property title which establishes the ownership of the owner. Nationality does not intervene and it does not determine whether I am or not the owner of a thing.

Let's take few examples in the secular world. It is the same way our Lord JESUS-CHRIST does; HE takes secular examples to help us know the Spiritual TRUTH. Reason why HE used parables like the parable of the Sewer, the mustard seed, hidden treasures in the field, the drag-net, the two house builders, the two debtors, and especially the lamp and its stand.

John who is an American buys a house in Douala in Cameroon. Is he the owner of his house in Douala? Yes because he has in his pocket a title deed to proof that he is the owner.

Is John, a stranger in Cameroon? Yes he is a stranger because he has an American nationality rather than a Cameroonian nationality.

Nevertheless though a stranger in Cameroon he is the owner of his house, his nationality does not matter; only his title deed that he has counts.

If the house is dirty, it is John's fault because his Cameroonian neighbours has no power over his house. If John neglects his house found in Douala on pretext that he is a foreigner in Cameroon, everybody will eventually conclude that he is a fool.

N'GOM who is a Senegalese buys a coffee plantation in Cameroon. He is a stranger in Cameroon, but the owner of this coffee plantation in Cameroon. He decides on how the coffee plantation functions even though he is not by origin a Cameroonian.

If he neglects it, there will be bush everywhere in the plantation and his Cameroonian neighbour can't do anything about it because, it is N'GOM the Senegalese who is owner. As such it is not nationality that matters in the ownership of this coffee plantation, it is rather the title deed that gives the right over this coffee plantation.

It is the same thing in the spiritual realm. We, born again Christians are the only world's owners even though we are strangers in the world. Where is our ownership title?

Our title deed is written in the Bible in the verses that we have shared above (Psalm 24: 1, 1 Corinthians 3: 21-23, 1 Corinthians 10: 26 and Ephesians 1: 11).

Our ownership title over the world is the greatest of all titles, because it is written in the word of GOD; which is the only authentic and unquestionable word. The word of GOD is superior to all title deeds in the world.

We are as such strangers, who are owners of a world in which they are strangers. And like all mature owners, we are responsible of that which we possess.

What of our father in faith, Abraham? This is what is written in Genesis 12: 1
"Now the Lord said to Abraham, go from your country and your kindred and your father's house to the land that I will show you".

Is Abraham native of Canaan? No, Abraham is a complete stranger in Canaan. He is native of the Chaldeans. He has the nationality of Ur of the Chaldeans and he is an Aramaic. Nevertheless Abraham is the owner of Canaan although he has not the nationality of Canaan. How does Abraham a stranger in Canaan become its owner? It is on a declaration of GOD that Abraham a stranger in Canaan suddenly becomes the owner of Canaan. This declaration of GOD is enough to establish a title deed for Abraham over the totality of the country of Canaan, even though Abraham does not have the nationality of Canaan.

This is the declaration of GOD that establishes Abraham the stranger, owner of the country which he has no nationality.

***"Arise walk through the length and breadth of the land, for I will give it to you".
(Genesis chapter 13 verse 17).***

Therefore, Here is our biblical position towards the world. We don't have the spiritual nationality of the world, we are citizens of heavens, but at the same time, we are Ambassadors of the owner of the world and heirs of the same owner. Therefore, we are strangers who possess the world as a property and in this

respect, it is our responsibility, in accordance with GOD'S WORD, to decide on how the world must work.

By a generalized deviation, we have considered the owner's nationality as being the founding principle of his property right; we have ignored our right and duty as far as the natural world is concerned. Now, it is only an authentic property title that can be the foundation of the owner's property right. The nationality doesn't intervene and it is not the factor that determines if I am or not the owner of something.

It's the same thing for born again Christians. The Bible, the greatest of all legal documents, establishes that we are the natural world owners and therefore Masters of the world though we don't have the earthly nationality.

But there is also a last deviation to evacuate in order to allow the born again Christians to rise up and establish their reign over the whole earth by overthrowing the usurpers that pretend to be « new masters of the world »

The Lord JESUS-CHRIST' statement in John chapter 18 verse 36 has been misunderstood for some centuries and it is the whole Christendom that got lost in an anti-biblical terrestrial pilgrimage, to the biggest satisfaction of Lucifer.

Here is what is written in the Bible:

« JESUS said, “My Kingdom is not of this world. If it were, my servants would fight to prevent my arrest by the Jews. But now my Kingdom is from another place” »

The world the Lord JESUS-CHRIST is talking about is the natural universe, the natural space time that we experience with our senses and in which all living human beings are found, whether they are Christians or pagans.

When does someone recognize that a Kingdom is GOD's?

The answer is simple and precise. When you are in front of a sinless kingdom, don't turn left or right: you are in GOD'S Kingdom. The New Jerusalem that is GOD'S Kingdom is the only Kingdom without sin and it is a spiritual and eternal Kingdom.

In the verse we have just shared, the Lord JESUS-CHRIST is simply saying that he doesn't intend to transform our natural universe in a sinless world. He is just there to sanctify those who belong to HIM and save them from sin and eternal death.

The Book of 1 Corinthians verses 9 to 10 rightly recalls us that GOD'S Kingdom is free from sin.

GOD'S Kingdom, the New Jerusalem already dwells in the born again Christian but Matthew chapter 6 verse 10 shows that we must pray again so that GOD hurries the establishment of the New Jerusalem on earth. On that day, heavens will disappear with a roar; the elements of our natural universe will be consumed by fire while a unique event will take place in the creation: the New Jerusalem, that is a spiritual space time entering in the natural world and its dimensions being merged with those of the natural space time. It is only when this spiritual space time which is the New Jerusalem will have merged with the natural earth consumed and purified by fire that one will truly affirm that the kingdom of GOD has come down on earth, on a renewed earth.

In the Book of John chapter 18 verse 36, the Lord JESUS-CHRIST is not recommending us a slavery pilgrimage on earth. He is only reminding us that as long as the renewal of the natural world we have just described has not yet taken place, we don't have to fight to establish a sinless natural world. And we have taken advantage on this to resign from our

responsibilities concerning the move of the natural world. From the depth of darkness, Satan has so much rejoiced and has seized this opportunity of our childishness to reign in the natural world although the birth of the Church two thousand years ago. Yes Satan has taken advantage of our childishness to enslave us and reign in our stead for two thousand years. It is the most awful theft that Lucifer has ever committed ; this theft of two thousands years of reign.

You build a city in equatorial Africa and you tell your eldest son that he is your heir. Moreover, you appoint him your ambassador in this crowded city among whose inhabitants several don't belong to your ethnic group. You hand to your son the notarised document that justify that he is the owner of the city where all inhabitants are simple tenants. You even hand to your eldest son the notarised document that justifies that he is your heir. Then, you tell your son that since you are of old age, you prefer to retire to the village located some three thousands kilometers far away from the city.

But what does the lost son do ? He starts trembling and declares: « As my father lives no longer in this city, I don't have the right to govern here”. This is a foolish son and it is how we have behaved for centuries. Your foolish son has not trust in the notarised documents you gave him. He begged the most modest inhabitants of the city to kindly give him a small parcel of land. And behold a strange inhabitant of the city proclaim himself king of the city, enslaves your foolish son who cries out for centuries: « come back daddy! ». The stranger who has become king decrees that even your son has to accept the foreign tribes customs such as homosexuality and to submit himself to secret lodges of darkness ruling the city. The stranger who reigns in the city even declares that henceforth, it is his tribe's customs and not yours that will be used as laws within the city. And your foolish son continues to cry out: « father, come back quickly ! ».

Here is then a childish eldest son who will be enslaved in a town where he is the owner. This is what happened to the Church for two thousands years. We were children completely unable to believe in such biblical verses as the one following:

1 Corinthians chapter 2 verse 15.

“But the spiritual man makes judgements about all things. But he himself is not subject to any man’s judgment”

Do I judge everything ? Yes. What is therefore in this « everything»? There is everything including the natural world policy, the natural world economics, angels of darkness, Lucifer’s priests that pretend to be «the new masters of the world », the demonic incantations from lodges of darkness, the manipulations and destructive plans orchestrated by Lucifer's priests, the wizards who tell lies on Sundays in stoned religious temples pretending to be “pastors”. Why did GOD add « **But he himself is not subject to any man’s judgement** » ? It is because GOD knows our propensity for childishness and carnal trembling and HE tells us that Satan won't be able to avenge against us while we will be proclaiming in prayer all destructive judgment on the Bilderbergs , the skull and bones members, the illuminatis, the “grand masters” of rosicrucianism and freemasonry, the IMF, the World Bank, and on all demonic priests in order to take back the natural world government.

And here emerges the nice loophole : “I am called to preach the Gospel and not to pray against Satan and his priests ». Foolish preacher! This is what Satan makes of your evangelism. He allows you to proclaim it and then, the IMF and the World Bank destroys the country by a satanic structural adjustment plan. All your young converts are jobless

and do you know what is happen to them? Foolish man! Your so-called Christians bribe a little bit in order to earn some small money and the girls secretly sell their charms to earn some money of which they pay your anti-biblical tithes. More better, the Head of State who is the leader of a rosicrusian lodge even closes down your Christian radios if former satanic priests converted to JESUS-CHRIST come and confess their past practices in your Christian radios. An you know that GOD requires those testimonies. You the lost preacher! Tell me in which Western country you will have the possibility to publicly preach that homosexuality is a sin. You will face a trial in the court if you dare preach against homosexuality which for sure is declared abomination by GOD.

The field of your preaching is more and more determined by the so called “ new masters of the world”.

This is how some centuries of childish behaviour that is, of absolute lack of confidence in what is written in the Bible, had allowed Lucifer to comfortably steal our world government. Such a lack of confidence in the Bible finds its origin in the decisive action of two Roman emperors namely Alexander SEVERE and CONSTANTIN, who have erected the religious pyramids as source of truth and by this mean, destroyed the Christendom with powerless customs and practices for several centuries. Those two roman emperors actions are explained in the book entitled « Going back to the true service to GOD »; which book is available for free in the website www.worldwiderevival.org

The time of reign stolen by Lucifer from the Church will be two thousands years in 2030. The Bible reveals that these two thousands years represent two prophetic days because for GOD, one thousand years equals to one prophetic day.

GOD has established us to reign on the natural world full of sin and has warned us that we must not absolutely try to purify this natural world from sin. We must simply make sure that we occupy greatest positions in the natural world government because we are the authentic Masters of the world and especially because the person in position of leadership imposes his priesthood. It is a GOD'S spiritual law that we can find in the Books of 1 KINGS ; 2 KINGS; 1 Chronicles and 2 chronicles.

Each time that a wicked king takes over the power in Israel , Satan's priesthood reigns everywhere in Israel in spite of the presence of some faithful Believers in GOD and this Lucifer's priesthood is imposed to the whole country as long as this king is on the throne. When a GOD'S fearing king takes over the leadership in Israël, the revival and GOD's Priesthood are imposed to the whole country in spite of the presence of a small group of darkness priests who are faithful to Satan. And we know that GOD uses the people of Israel as first fruits to explain how the whole natural world moves.

We born again Christians were the first to lead astray the nations on earth by declaring that the dispensation of theocracy was over and that consequently, we were under the dispensation of the « human government ». Foolish man! The government has been, is, and will always be theocratic and you will well notice that Lucifer's priests who govern the natural world impose rules and laws of Lucifer's priesthood to everybody: free abortion, transfer of wives in geographical places distant from where husbands live in order to break the marriage institution, impossibility to beat ones child with a rod to correct him, laws legalizing homosexuality, closing down of Christian radios that openly expose Lucifer, impossible to introduce biblical wisdom and teachings in the State constitution, Christian children obliged to learn at schools the lies according to which mankind

originates from big monkeys, laws legalizing free union in order to put into perspective the marriage institution that has become an « old game », introduction of astrology in schools' programs and so forth.

As long as the so called «new masters of the world » will be on duty and will be Heads of States, of Governments, of private and public institutions of the natural world, it will be the reign of Lucifer's priesthood. It is what happened until now and two thousands years of priesthood stolen time will be fulfilled in the year 2030. The « human government » doesn't exist

Only the theocratic government exists and the only relevant question is about the nature of the priests who are governing

No taking back of the natural world government, no worldwide spiritual revival. It is GOD'S spiritual law according to which the one who governs imposes his priesthood and this law is widely exposed in the Books of the Bible above mentioned.

Let's insist again on the necessity for us the born again Christians to reign on a natural world full of sin in order to impose GOD's Priesthood in a sinful natural world.

It is the Lord JESUS-CHRIST HIMSELF who gives us the example to follow.

Will the establishment of GOD'S Kingdom be on earth during the millennium reign of the Lord JESUS-CHRIST? No! because contrary to what most of the born again Christians believe, there will be sin in the non-renewed earth during the millennium reign of the Lord JESUS-CHRIST. How do we know that there will be sin on earth all along the millennium? It is quite simple. GOD tells us in the Bible that at the end of the millennium reign of the Lord JESUS-CHRIST on earth, Gog and Magog led by Lucifer will come against the saints and the terrestrial Jerusalem where the Lord JESUS-CHRIST will have established his worldly headquarters (Revelation 20 : 7 to 9). Gog and Magog are simple human beings like you and me. They are Lucifer's priests of darkness decided to fight under the order of their father Satan. But where will be Gog and Magog during the millennium? The answer is simple. The Bible doesn't say that Gog and Magog will be created at the end of the millennium and this consequently shows that Gog and Magog who are Lucifer's priests will be altogether on earth although the millennium reign of the Lord JESUS-CHRIST on the natural and non-renew earth.

Let's read the Book of Revelation chapter 2 verses 26 to 27 :

“To him who overcomes and does my will to the end, I will give authority over the nations-He will rule them with an iron scepter; he will dash them to pieces like pottery- just as I have received authority from my Father”

Do we have authority on Lucifer's priests and are we dashing them into pieces like pottery? Not yet ! We first of all need to keep the WORD of the Lord JESUS-CHRIST that is, we have to abandon the religious temple tales to come back to the unique Bible practice as far as Sunday Service, Baptism, Holy Communion, Tithes and Offerings, Fellowship and Support meetings, Apostolic meetings, the LORD'S Battles meetings are concerned that is, we must go back to the TRUTH. TRUTH is our only POWER foundation.

These verses we've just shared remind us that what the Lord JESUS-CHRIST do, The Church will do the same. The Lord JESUS-CHRIST will rule the rebellious nations Gog and Magog with an iron rod during the millennium, and we will do like our FATHER during

thousands years of reign ahead which starts as from the year 2030. In 2030, the Church will come out from earth, from the grave, from her spiritual slumbering.

The Bible reveals to us that life conditions on earth will be exceptionally pleasant and peaceful during the millennium reign of the Lord JESUS-CHRIST. Even the wolf and the lamb will sleep side by side. And yet, the Bible reveals that the Lord JESUS-CHRIST will rule the pagan nations with an iron rod. Why? Because in spite of all the goodness of the millennium reign of the Lord JESUS-CHRIST on earth, Gog and Magog will take refuge in secret lodges during one thousand years to rebel against GOD'S refreshing authority and to prepare the final assault.

We born again Christians! Let's draw a lesson for ourselves. When the last Exodus is fulfilled and the Church has come back to the TRUTH, we will take in hand the government of the natural world; but let's know that during our period of reign, during our third day of resurrection and during the 39 days of reign following this resurrection day, Lucifer's priests will be in permanent rebellion and GOD'S WORD must be used to subdue and annihilate them day after day, years after years, century after century, till the rapture.

Lucifer's priests will be earth from Cain to the final destruction of Gog and Magog, and it is normal because in Genesis chapter 4 verse 15, GOD had put the sign 666 on Cain the ancestor of the rebels to prevent whoever will try to eliminate them before the set time. As long as the figure 666 will be on earth, Satan's priests will have on behalf of GOD the right to exist. But the owners of the natural world are the one to detain the government's right in the natural world.

That's why, the Lord JESUS-CHRIST gives us the example by reigning for one thousand years on an earth that shelters many Lucifer's priests; Gog and Magog will be as many as sand at the sea side during the millennium reign.

That's our FATHER'S example showing us what we are called to do during this those forty millenniums of reign which are at hand: to reign on a natural world within which there is a crowd of Satan's priests and all types of sins.

Let's also know that Gog and Magog will benefit from all good life's conditions on earth during the millennium reign of the Lord JESUS-CHRIST, and this won't stop them from impatiently wait for the liberation of their father Satan for the launching of their last offensive against GOD.

Once again, it is a teaching for us the born again Christians, the Masters of the world. We must absolutely take over the States, the Governments, the public and private institutions command all over the natural world because what our FATHER JESUS-CHRIST does in the course of the millennium, we will also do it during the forty millenniums of reign. But we must not expect Lucifer's priests to convert themselves because of our good actions at the head of the natural world. They will rather spend much of their time ruminating the actions they will undertake after the Church's rapture. In the same way that the leadership of Ezechias, Josaphat, David, Asa had imposed GOD's Priesthood and brought back the Israelites to GOD, the taking over of the natural world government by the real Masters will bring back in a worldly Exodus all those who are of GOD, the spiritual Israel to the Lord JESUS-CHRIST. As far as Satan's priests are concerned, they will remain rebels from generations to generation until the final destruction of Gog and Magog.

But what explains the Church slumbering and deviation for two thousands years as far as the natural world government is concerned?

We hereby come to the execution of GOD's prophetic plan.

Let's point it out right now : it is GOD HIMSELF who has permitted the Church slumbering for two thousands years as far as the taking back of the natural world government is concerned.

The whole Church history begins at Golgotha and ends with the resurrection followed by the rapture to heaven. The FATHER who is the HEAD has passed through these three stages and the spiritual Body of the HEAD which is the Church is also passing through the same three stages. The HEAD and its spiritual Body necessarily have the same history and you just need to look at JESUS-CHRIST'S victory steps to have the revelation of the three steps of the Church victory.

As a matter of fact, the Lord JESUS-CHRIST was crucified in Golgotha, he spent two days in the Hades, resurrected the third day and then ascended to heavens after revealing HIMSELF to his chosen ones for a total of forty prophetic days.

The two days that the Lord JESUS-CHRIST has spent in the Hades are two prophetic days, meaning two thousands years during which the Church, that is the spiritual Body of CHRIST JESUS must be in a state of spiritual death, of spiritual childhood and slavery on earth. These two prophetic days, that is, these two thousands years will end in the year 2030 because the Church was born in the year 30 at the Pentecost.

Then, the Lord JESUS-CHRIST resurrected the third day and the conclusion is immediate for the spiritual Body of the Lord JESUS-CHRIST : the Church , the spiritual body of the Lord JESUS-CHRIST is going towards the end of the two prophetic days, that is, the end of the two millenniums of slavery within the natural world. The Church will resurrect and take back the natural world government for one thousand years and impose GOD'S Priesthood during the third millennium, because the person who is at the head of the natural world government imposes his priesthood. It is the world revival promised by GOD in Hosea 6 : 2

« After two days, HE will revive us; on the third day HE will restore us, that we may live in his presence »

Yes after two days of spiritual death and slavery under the yoke of Lucifer's murderers who are the so called «new masters of the world », GOD gives back unto us, life on the third day. The worldwide revival will start in 2030, the latest date of the Church spiritual death, the resurrection date of the spiritual Body of CHRIST JESUS. Since the Pentecost, the spiritual Body of CHRIST JESUS was in the grave but in 2030, GOD's lamp will meet the candlestick and illuminate the whole natural world.

After the resurrection in 2030, the last exodus will last for one thousand years, followed by additional 39 millenniums of reign to make a total of 40 prophetic days during which the Church will reign and reveal itself as the HEAD revealed HIMSELF during 40 days after resurrection before going back to Heaven.

At the end of this Church reign for 40 millenniums that will start in 2030, reign which represents the third day of JESUS-CHRIST'S resurrection followed by 39 days of revelation to CHRIST disciples, the Church will be raptured by the HOLY SPIRIT in the same way that the LORD JESUS-CHRIST went to heaven after resurrection. What the Father does, the same does the son.

Many born again Christians have often and sincerely rejected the idea that there could be a second and last worldwide exodus. This is because we had not understood that we are the spiritual Body of CHRIST JESUS, and that all our history is already in what the Head, the Lord JESUS-CHRIST has fulfilled on earth. The Church future, that is, the natural

world's (because it is the state of the Church that determines that of the natural world) is in the past that is in what the Lord JESUS-CHRIST has already fulfilled. What is has already been and GOD brings back what was.

1 Corinthians chapter 15 verse 4 reads:

« That HE was buried, that he was raised on the third day according to the Scriptures»

After he had been buried, the HEAD resurrected the third day and then revealed HIMSELF to HIS chosen disciples for 40 days. It is exactly the same way that the Body who is the Church follows. Two prophetic days of burial, of dry bones and then resurrection on the third millennium, on the third prophetic day. As the HEAD appeared to many people after its resurrection, and then ascended to heaven, then the Body which is the Church will after its resurrection give vivid proofs of CHRIST-JESUS' resurrection to the whole earth during 40 prophetic days and then the body will be raptured to Heaven.

Let's take a simple natural example as the Lord JESUS-CHRIST often do in the Bible. I describe the time table of citizen LUKUSA. I tell you that at 10 a.m this morning, I saw LUKUSA's head in a crowd in a market of the city. I tell you that at 4 p.m, I saw LUKUSA's head drinking water from the tap. And then I tell you that at 8 p.m, I saw his head through the window of the bed room. After this description, I ask you to tell me if you have an idea of the different places where the body of citizen LUKUSA would have gone during the day.

You will say without hesitating that my question has an obvious answer : the body of citizen LUKUSA has exactly followed the same movement as his head. Even our eight years old child would have given the same answer without hesitating. However, during these two days of spiritual childhood, the Church didn't understand that as the Body of CHRIST-JESUS, we are called to raise after two thousands years because the HEAD which is the Lord JESUS-CHRIST came out of the grave on the third day, after two days prophetic days.

As from the year 2030, we therefore have one prophetic resurrection day, that is one thousand years of world wide revival and Church spiritual and secular reign on earth. This third resurrection day will be followed by 39 prophetic days (39 000 years) during which the Church will be revealed to the creation in the same way the HEAD revealed itself to disciples during 39 days after the third day which is the day of resurrection. Will this Church reign be only spiritual? No! I will not go astray from the Bible because it says that as soon as I prosper spiritually, I will also prosper in all things as my soul prospers; our 40 thousand years of reign that will start in 2030 will be spiritual and secular. And for those who pretend that the end time is at hand and that we have nothing to do than to wait for the anti-Christ, just understand now that this end time has began during JESUS-CHRIST'S Ministry on earth, and about two thousands years have passed away since that time.

The Book of Hebrews chapter 1 verse 1 to 2 says:

“ In the past, GOD spoke to our forefathers through the prophets at many times and in various ways, but in these last days he has spoken to us by his Son, whom HE appointed heir of all things, and through whom HE made the universe.”

Let's also underline that the end time signs revealed in Matthew chapter 13 began to be fulfilled since the first millennium and since then, they're undergoing their fulfilment. Is this a reason to ignore our position that is to be the head of the world (and not the tail of the world)?

Lucifer has stolen our two days since the Pentecost but this was GOD'S prophetic plan. You could maybe say that there is no use to accuse Lucifer the thief because by stealing our two thousands years, he did nothing than to fulfil GOD'S plan. Foolish man! You who is nothing than the clay in the potter's hands! Will you now question GOD? Lucifer has executed GOD'S plan and at the same time, he and his priests, the so called «new masters of the world » are thieves, guilty and they do deserve GOD's wrath . The present Church's reform provokes in Lucifer's priests sited on top of the false religious pyramids such an anger that the association between the false pastors who during the night are rosicrucians, illuminatis, freemasons and their irreligious colleagues from lodges of darkness is now openly made in order to ruin GOD'S prophets that HE raises throughout the world for this reform. This is because the Church reform tolls the bell for the end of Lucifer's reign on the natural world.

Let's now tackle the fourth frontline Lucifer's warfare for time gaining that he constantly leads against humanity.

4th frontline of the warfare for time gaining: the humanity's time is bought with false promises.

The Bible tells us that since his downfall, Lucifer has become a specialist of iniquitous trade. All relationships between humanity and Lucifer are of a commercial nature and one of the things that Lucifer buys from humanity without limit is the natural time. Don't especially rejoice by saying « I will go and sell my natural time to Lucifer in order to become rich ». In fact, it is with false promises that Lucifer buys the natural time from humanity. Everything began in the Eden Garden when Satan promised GOD's statute to Adam and Eve. Adam and Eve listens to the seducer's promises, eats the forbidden fruit and behold, Lucifer harvests and GOD who is just acknowledge this trade which has just started between man and Lucifer. Therefore, GOD withdraws eternity on earth from Adam and Eve. This is the result of the natural time stealing operated by Satan.

The faithful Lucifer's priests, Adolph HITLER promised a thousand years of reign to the former Nazi Germany. Hypnotized by this false promise, a whole generation of Germans offered their most nice years to Adolph HITLER.

To put a great portion of humanity into obscurantism and darkness for about a century, nothing better than the false promise of communism. And two generations offered their most nice years to Satan because they drunk the Communism promise.

The whole humanity is constantly running after Lucifer's false promises. Years after years, the laboratories of darkness which are IMF and World Bank bring forth new plans for world development and stability. However, the same institutions avoid their successive promises appraisal to compare the promises with the results. These false promises aims at buying the natural time of nations on earth. While the peoples are constantly running after those false promises, Lucifer installs and strengthens his priesthood.

Since twenty years the IMF and the World Bank have seized the time of billions of individuals with the false promise of structural adjustment plans they said will re-establish at the cost of blood and sweat macro economic equilibriums in nations; which equilibrium were described and praised as development and growth catalysts. On the field, these

structural adjustment plans have generate generalized sufferings, poverty and instability in social, financial and political areas but the IMF and the World Bank will avoid publishing a voluminous report on this failure of the structural adjustment plans. In fact, these plans were false promises aiming at stealing two or three decades from billions of individuals. No economic research during twenty or thirty years, no revolution during twenty or thirty years, no long term planning during twenty or thirty years. This is how Lucifer has stolen two or three decades from billions of individuals through out the world with the false promises of structural adjustment plans.

In fact, the IMF and the World Bank are themselves Lucifer's false promises that have already stolen about sixty years to humanity. The initial objectives of these institutions have been merely forgotten to the profit of a new paradigm: the end of the State and the new institutions replacing the individual at the production source of ideas and wealth.

Having understood that the two days that mean two millenniums of the Church spiritual childhood will end in 2030, and that very soon, the real masters and owners of the natural world will control it for 40 thousand years, Lucifer has hurried up and built a new battery of false promises in order to buy the third millennium from the whole humanity.

Lucifer's secret hope is to supplant the Church in order to impose his priesthood again throughout this third millennium. For this to be done, Lucifer has just made another new false promise named « The Millennium Objectives for Development » (MOD).

First and foremost, the reader is surprised by this over mysterious title. It is about a set of eight objectives that the IMF and the World Bank promise to the humanity to reach in 2015.

- To reduce by half the proportion of the world population whose income is lower to 1 US \$ per day and to reduce by half the proportion of the world population that suffers from hunger.
- To ensure primary education for all.
- To promote women autonomy.
- To reduce by two third of the death rate for children aged less than 5 years.
- To reduce by three quarter the children mortality rate.
- To fight the HIV AIDS, malaria and of other diseases.
- To ensure a sustainable environment.
- To put into action a worldwide partnership for development.

These eight goals are an authentic lying equitation pirouette. In fact, the IMF and the World Bank were supposed at least to have partially achieved these objectives since sixty years. At the end of sixty years, the satanic institutions of Bretton Woods do not acknowledge that they have achieved nothing. In order to continue wasting our natural time they take what they were supposed to do and submit it again to nations all over the earth in the form of new millennium objectives to be bought against our natural time.

And why talking about « millennium objectives » while those objectives are supposed to be achieved before the end of year 2015? This is because Lucifer wants to seal the whole humanity in a deep iniquitous spiritual contract. Lucifer is telling the nations on earth: « Let's sign according to which I will achieve these goals in 2015 and you will give me the totality of the third millennium in return ».

Let's open our Bible to better understand the meaning of this promise.
The Book of Hebrews chapter 8 verse 6 reads:

« But the Ministry JESUS has received is as superior to theirs as the covenant of which HE is Mediator is superior to the old one, and is founded on better promises».

A promise serves to seal a covenant and it is its foundation ground.

A covenant is always of spiritual nature. When two participants exchange one or several promises and seal therefore a covenant based on the exchange of promises, automatically comes a consequence: every part gives to the other a portion of its time. This consequence is due to the fact that a covenant is always of spiritual nature.

Let's study some cases to understand it well. When I accept the promise of eternal life from GOD, I enter through this agreement in a covenant with GOD. According to this covenant, I give to GOD all the remaining of my natural life time and GOD in return grants me an eternal spiritual time in the New Jerusalem.

When I get married to a woman, the mayor scrupulously looks after the exchange of promises. He asks me to promise the bride that I'm engaging to love her, to take care of her and in return, he will ask her to declare that she engages herself to love and obey me. After this exchange of promises, the woman and I will enter in a spiritual covenant through which I will give her the remaining of my natural time on earth and she will also give me the remaining of her natural time on earth.

When MOLOTOV and VON RIBENTROP exchanged the non-aggression promises, every part gained natural time through this covenant. The Nazi German army gained time to prepare the « Barbarossa » operation and the Soviet Union army gained time to prepare for a future confrontation with the Wehrmacht.

In the case of these false promises of Millennium Objectives for Development, the time exchanging which Lucifer is fiercely selling to humanity is deeply iniquitous: Lucifer is pretending to work for 10 years to offer to humanity the achievement of these objectives. In return, Lucifer expects humanity to offer him the third millennium as a whole.

However, these goals won't be achieved in 2015 but it doesn't matter for Satan. He is just asking each country of the world to sign with the IMF and the World Bank in a contract in which the citizens agree for the MOD. In 2015, Lucifer will turn into an accuser as it is written in the Bible, and he will accuse all countries for non achievement of the MOD. Yet, it is the IMF and the World Bank that have from the bottom of anti-knowledge, invented these false Millennium Objectives for Development in order to give us eight false promises against our natural time. You and I have not voted these MOD.

In 2015, the satanic institutions of Bretton Woods will accuse you and I for not achieving these MOD that we have not even planned for and they will imprison our countries in new unbearable repression policies and will even impose on us the abandon of national sovereignty as the condition to gain back a place in the international community.

This is how Lucifer uses the false promises / accusations cycle to steal our natural time, to imprison and subjugate us.

Lucifer's secret hope to make humanity constantly run after an infernal succession of false promises is quite vain because revolt is at hand in many countries of the planet. If the Governments, many of which are submitted to secret lodges of darkness have quickly subscribe to the MOD on behalf of nations, many citizens have decided to stop running in

order to exercise their aptitude and right to think: therefore growing feverishness and wrath among the so called “new masters of the world”.

Fifth Frontline of the war of time: Occupation of the natural space in order to win the natural time

In the Book of Genesis chapter 1, GOD reveals to us that the natural space was created by HIM long before the natural time. The natural space is previous to the natural time that passes away, from the past to the future.

In verse 3 of chapter 1 of the Book of Genesis, GOD shows us the creation of the natural time.

To create the natural time, GOD ordered the light to be and light appeared in the natural space, entirely covered with darkness since its creation and this gave birth to the natural time. The natural time started when GOD ordered light to appear in the natural space. The natural time springs from the natural space.

The natural space created long before the natural time is the source of the natural time and this is confirmed in the Book of Psalms chapter 39 verses 5 to 6.

« Show me, O Lord, my life's end and the number of my days; let me know how fleeting is my life.

YOU have made my days a mere handbreadth; the span of my years is as nothing for you»

In many Bible verses, GOD measures time by using time units that is the days, months, years, centuries and millenniums units. But suddenly, in these verses we have just read, GOD measures the time with a space unit; the handbreadth. Thus, by measuring the natural time with a natural space unit, GOD is revealing to us that the natural time that we feel flowing out from the past to the future comes from the natural space.

Consequently, the more one possesses the natural space, the more one possesses the natural time. But unfortunately Lucifer who reads the Bible had understood it long before the born again Christians. Why did Satan go to the Garden of Eden on earth after his downfall? This was for a simple reason. Lucifer wanted to dispossess Adam and his progeny from the Garden in order to win natural space and therefore garner natural time.

Whoever possesses the natural space also possesses the natural time and Whoever loses the natural space also loses the natural time.

By craftily taking away the planet commands from the man who has rebelled against GOD, Lucifer gained some reserves of natural time which were a precious resource for him because his final destination being already established, he is not in a hurry to get there.

When Adam, the first man was created, he was filled with the HOLY SPIRIT and had a fellowship with GOD. He was the owner of the entire natural space and consequently, his life time on earth was eternal.

From the day Adam and Eve accepted Lucifer's lie and abandoned GOD'S WORD in order to gain freedom through their own knowledge, they lost the commandment of the natural space. This resulted into two consequences:

- GOD cursed the natural space, gave it an end and suddenly, the natural time generated by the natural space went from the infinite to a definite number.

- Having taken the commands of the Garden, Satan seized the opportunity to harvest some millenniums of reign on earth.

See how the terrestrial stay of a lineage which was first of all created to live eternally on a sinless earth has evolve.

Terrestrial stay of Adam: 930 years. Terrestrial stay of SETH, son of Adam: 912 years. Terrestrial stay of Enoch, son of Seth: 905 years. Terrestrial stay of Kenan, son of Enoch: 910 years. Terrestrial stay of Mahalaleel, son of Kenan: 895 years. Terrestrial stay of Jered, son of Mahalaleel: 962 years. Terrestrial stay of Henok, son of Jered: 375 years. Terrestrial stay of Metuschelah, son of Henok: 969 years. Terrestrial stay of Lemek, son of Metuschelah : 777 years. Terrestrial stay of Noah, son of Lemec: 950 years. Terrestrial stay of SEM, son of Noah: 600 years. Terrestrial stay of Arpacshad, son of SEM: 438 years. Terrestrial stay of Schelach, son of Arpacshap : 433 years. Terrestrial stay of Heber, son of Schelach: 464 years. Terrestrial stay of Peleg, son of Heber: 239 years. Terrestrial stay of Rehu, son of Peleg: 239 years. Terrestrial stay of Serug, son of Rehu: 230 years. Terrestrial stay of Nachor, son of Serug: 148 years. Terrestrial stay of Terach, son of Nachor: 205 years. Terrestrial stay of Abraham, son of Terach: 175 years. Terrestrial stay of Isaac, son of Abraham: 180 years, Terrestrial stay of Jacob, son of Isaac : 147 years.

Nowadays, it is a record for an individual to reach the limit of 120 years.

Where had then gone this natural time which was infinite at the beginning and which has been shrinking from generations to generations? The answer is quite indicated in the Bible. Only one thief possesses everything that man losses and this thief is Lucifer.

What does Lucifer do with this stolen natural time? He uses it to enjoy a reign at the head of the natural world and to recruit the maximum of priests for his priesthood before joining the hell. He wants to enjoy the maximum of worship and praises from human beings before joining with his crowd of priests, the eternal lake of fire.

However, an impassable obstacle opposes the occupation of the natural world by Lucifer: the present Church reform and the going back to conscience of many born again Christians that timidly begin to fight against Lucifer in order to take back the control of the world. Satan's natural time stealing enterprise is almost at its end because very soon, he will loose the space control. The real Masters of the world are slowly but surely rising up, and very soon, the thief won't govern the Garden anymore.

Each time that Lucifer's priests set a goal measured with natural time, they consequently occupy and oppress the planet. As soon as a Teutonic millennium reign promise was formulated, Adolph HITLER moved to occupy the whole planet. Now that IMF and the World Bank are spreading the incantations of Millennium Objectives for Development, you must expect a generalized occupation and oppression of the whole planet. Whoever wants to occupy the natural time without GOD's support must first of all conquer the space because the natural time comes from the natural space.

Why does the modern man dedicate thousands of astronomic sums to the spatial conquest whereas billions of his fellows are starving? The answer is that the modern man is running after eternity, after the natural time resources that can be obtained only by winning of natural space. But GOD has placed millions of galaxies in the natural universe and each of them has millions of planets and stars. It just take billions of years to the natural light to move from some distant galaxies to us and that is a GOD'S WORD

addressed to the rebel man: “if you want to possess eternity through your personal means, come then and conquer those galaxies that I have placed billions of years far away from you”. And behold, the foolish rebelled man continuously run after the natural spatial conquest instead of reconciling himself with GOD in order gain spiritual eternity.

The so called “new masters of the world” have used a big portion of the world riches to invest in the spatial conquest. « the planet Mars will be very soon occupied because water has just been found therein». We can hear this announcement every morning in the media sold to the powers of darkness. « It is of an utmost importance to know the recent evolutions of the Andromede galaxy », someone will add. And behold, the astronomic sums that could have served to meet the elementary needs of billions of people are used to quench the thirst of natural space. What are the so called “new masters of the world” seeking in stars and galaxies? Having chosen Lucifer and being unable to get rid of the inextinguishable thirst of eternity, our wizards are desperately fighting to occupy the natural space in order to gain some reserves of natural time. Here is the surprising scene that had recently occurred in one our G7 countries where an important portion of public income is dedicated to the most foolish projects: the future conquest of the moon, the deep exploration of our galaxy, the sending of engines in the most inhospitable planets of the solar system.

Suddenly, a cyclone sweep a city of the country and throw millions of citizens in the most abject misery. What is the Head of State doing, he who is already at the highest degree of a Skull and bones secret lodge? He travels all over the country, organizing funds collection campaigns from the so called benefactors. And behold the darkness priests who have embezzled the national income to finance the occupation of esoteric planets will find an opportunity to build their angels image by throwing few money in begging baskets. Satanic inversion of priorities! The individuals’ needs must be the first priority to be financed and if the priests of darkness are thirsty of space, let them gather their own savings to finance their spatial ventures. All these scientific arguments are nothing than varnish. Lucifer and his priests are thirsty of natural time which comes from the space; therefore the schizophrenia of planets, stars and galaxies occupation while billions of human beings are starving.

But GOD asks the following question in the Book of **Job chapter 38 verse 19**

« *What is the way to the abode of light?* »

Whoever knows the answer to this question will find the eternal natural time by his own means. If Lucifer and his priests can discover the abode of light in order to gain eternal natural time, let them try.

Now that we have shared about the two axis of Lucifer's world plan, let's tackle the last war of the capitalist system which is an unprecedented confrontation between the two inhabitants of the desert, between the slave beast rebelled against GOD and the financial capital rebelled against GOD. In fact, this last war is preparing the change of priesthood at the head of the natural world.

TOTAL WARFARE:

THE FINANCIAL CAPITAL BREAKS DOWN IN ONE HOUR

GENERALIZED CHAOS

A ONE-HOUR REIGN OF THE ATHENIAN SPIRIT

CHANGE OF PRIESTHOOD AT THE HEAD OF THE WORLD

Like in a chemical reaction, two war starters and a war catalyst actively work for the final implosion of the present capitalist system. The two starters are, on one hand, the beast migration from the market field to the gratuitousness field and on the other hand the gathering of the beast strengths on the natural world scale. The catalyst hereby is the increasing dematerialisation of the financial capital.

Starting of the warfare: the beast launches its rebellion against the great harlot

In the Book of Revelation chapter 17 verses 16 to 17, it is written:

“ The beast and the ten horns you saw will hate the prostitute. They will bring her to ruin and leave her naked; they will eat her flesh and burn her with fire.

For GOD has put it into their hearts to accomplish his purpose by agreeing to give the beast their power to rule, until GOD’s WORDS are fulfilled ”

The rebellion of the slave beast against the financial capital rebelled against GOD comes from GOD. This is openly taking place right now.

Giving that the economic goods are scarce, money is now enthroned like an unshakable dictator because it represents rare goods value and the person who has much money therefore has a bigger economic goods portion. Even the most natural intelligent people become economic goods and only corporations which are ready to pay the price in money, can recruit and keep them.

But we notice that the natural knowledge, the intellectual capital is more and more shared, more and more widespread in the world thanks to the New Technologies of Information and Communication (NTIC). Besides, the intellectual capital tends to become free.

In few years to come, courses and researches of the best world universities will be available for free on Internet and the famous Massachusetts Institute Technology (MIT) is already engaged in this process. It is necessary to say that this famous university that is often classified as the best one in the world as far as natural knowledge is concerned has been revealed as being the beast rebellion crucible because as early as 1969, the MIT

charged the first computer pirates with the task of modifying softwares and computer equipments in order to improve their performance.

The increasing gratuitousness of the intellectual capital rebelled against GOD presently results in a powerful increase of free software and in peer to peer development.

Since the implementation in internet of softwares which facilitates the exchange of data, pictures and sounds between citizens of the planet, overwhelming quantities of written, audio and video productions are freely exchanged and consumed each day through the planet. Even goods that were formerly sold in markets are recovered by citizens and put for free at the disposal of the world population through the NTIC and this growing phenomenon literally infuriates the so called « new masters of the world ». While getting free from the market, the beast actively works to remove other economic goods from the market field.

The danger that points at the horizon against the so called «market invisible hand » is strengthened by the fact that the world economy has dematerialised itself in the sense that the major portion of the world Gross Domestic Product comes from the immaterial finance and service sectors. And since all the products sold by the finance and services sectors are based on computer softwares and efficiently function only with the computer, our so called «new masters of the world » have several nightmares among which the following: the revolted citizens use protocols of free exchange on Internet to pour the world services and finance industry products in households all over the planet. Such a cataclysm would overnight annihilate the commercial values of these products and would ruin the markets that always have the same foundation: scarcity

Seized by fear and nightmare before the liberation movement of the formerly docile slave beast, Babylon the Great has vainly organized herself on a world scale to quench the peril. The copyright creed, that means the right of intellectual property constitutes the new incantation that the priests of darkness spill in all seminaries, conferences and universities.

Did you say property right?

Citizens of the planet do have the right of property on the planet oil and gas resources. But why do the thieving multinational factories and the recycling Heads of States now talk of the property right after having despoiled nations from their mineral resources?

Globally speaking, citizens of the planet do have the right of property on the whole wealth produced in the natural world. But why should a handful of darkness priests monopolize this wealth produced in our countries?

It is the integration of infinitesimal quantities and qualities of billions of productive acts performed by billions of individuals through the planet that produces the global wealth on this planet. And after having socialized the wealth production on a global scale, our so called «new masters of the world » have completely privatised the profits and have recycled the whole planet wealth. Is it in such a way that the property right is respected?

These are some elementary questions that even teenagers ask themselves and the incantations of the so called «new masters of the world » about the intellectual property right paradoxically contributes in accelerating the beast revolt against the great prostitute sited on great waters.

If the oil property right doesn't exist, if the wealth equitable sharing doesn't exist, if ones private life property right doesn't exist, then even the intellectual property right as well as the right to peace will not exist.

The legitimacy crisis of the capitalist order is total and only one right exists for billions of individuals annihilated by the market repressions: the right to declare war. It is this right

that many citizens exercise. Being determined, they pour for free quantities of merchant goods in the planet homes, thanks to Internet and exchange protocols.

The so called «new masters of the world » have multiplied lawsuits and repressive laws against the free sharing of intellectual goods. But GOD has decided that the rebel beast must revolt herself against the rebel prostitute, and no one could change this decision written in the Book of Revelation 17: 16 - 17. The beast's growing hatred against the so called "invisible market hand" comes from GOD.

More and more shared and more and more free, the natural knowledge which is the source of man's power on the natural world will soon stop to be an economic good, while keeping and developing all its ability to transfer other markets economic goods to the free exchange field. It is as if someone who was formerly living in your village house and who was under your authority gets out of your house but once outside, continuously give orders to those who are still living in your village house.

At this juncture is located a fundamental breaking between the financial capital rebelled against GOD and the intellectual capital rebelled against GOD.

But there is a second fundamental breaking, namely the beast organization on a world scale.

Because of transactions costs, the so called «new masters of the world », exclusive owners of the financial capital, were up to recent years the only ones able to organize themselves on a world scale to wage the spiritual, economic and social wars against the peoples of the planet. Forum in Switzerland this month, conference in United States the following month, dialogue in Germany the month after, secret consultation in Italy the following month, world summit in Canada four days later... etc....

Only the so called «new masters of the world » could until now finance this type of agenda, in order to coordinate their actions on the planet scale. This unceasing movement to coordinate the satanic strategy all over the planet comes from Satan himself and the Bible does reveal it.

Let's read in the Book of Job chapter 1verset 7:

The Lord said to Satan: "Where have you come from?" Satan answered the Lord, "From roaming through the earth and going back and forth in it"

Till a recent period of time, there was an unbalanced communion means between the citizens outraged by the slave new world order and the so called " new masters of the world ". Up to recently, the outraged citizens lacking financial capital were condemned to bark locally and in disorder in their towns and countries meanwhile the Satan's priests could comfortably travel all over the planet to fellowship spiritually and coordinate at a global scale the domination plans of the natural world.

However, a radical change has just occurred and the cause of this change is entitled: Internet.

With the Internet creation, millions of outraged individuals throughout the planet have gathered, and have easily commune and organized themselves on a world scale in this new phenomenon: The World Social Forum which from now on is the official manifestation of the beast rebelled against GOD.

In its statutes the World Social Forum defines itself as « an opened meeting space aiming at deepening thinking, democratic ideas debate, propositions formulation, free experiences exchange, efficient coordination of actions from civil society which opposes neo-liberalism, the domination of the world by the financial capital as well as any form of imperialism and also aiming at building a human society oriented towards the human individual ».

In spite of all the moral objectives proclaimed in its definition, the World Social Forum (WSF) is the political and official expression of the beast rebelled against the great prostitute. This rebel beast which has also rebelled against GOD was publicly officialized on the 25th of January 2001 at Porto Alegre in Brazil.

Since January 25. 2001 the breaking between the financial capital rebelled against GOD, and the beast rebelled against GOD is final and permanent. The beast who do not suffer anymore to be slave under Babylon the Great has just finished with her war preparations: secret fight to transfer the merchant goods from the market to the free exchange field and open political fight to overthrow the political order established by the so called “ new masters of the world” in order to build on a worldwide scale new alternatives which are not yet precise, but which future content is revealed by the analysis of WSF’ s current projects: the neo-Athenian Communism that we will tackle below.

So, the beast has just started the last capitalistic system war again Babylon the Great and an efficient catalyst is working to accelerate this war.

Catalysis of the last capitalist system warfare: dematerialization of the financial capital that opens ways to generalized thefts.

Since the New Technologies of Information and Communication (NTIC) appeared and more precisely since the construction of the first IBM computer in 1948, the world economy is increasingly dematerialising itself due to the fact that the portion of finance and services in the world GDP has constantly increased. Finance and services already represent up to two third of the world economic activity and the percentage of this sector in the GDP is above 50% in the majority of the natural world countries, with peaks of 70% in some countries.

During the industrial era, wealth was primary and material: it could be seen in factories, houses, trains and in vast agricultural farms or in huge herds. In this post-industrial era, wealth is becoming more and more immaterial and is scarcely seen in the street.

This transformation of wealth from material to immaterial which is not bad itself has been favoured by an absolute drift which is the money finality diversion.

Indeed, money is just a unit of account used to count other goods and exchange them. What makes the well being or the painful being of an individual is not money, but a set of goods that this person has or has not. It means that after a year of wealth production in the world one must have completed the production by answering to the finality question: How could this global world wealth be shared in a way to optimise the quantity of goods which each individual could enjoy?

After each wealth's creation cycle, we ought to stop and reckon lacking roads, clinics, houses, employments and so forth. We ought to share the global wealth according to human needs. This principle of sharing wealth according to the needs of individuals travelling in the desert is found in the Book of Exodus chapter 16 verses 17 to 18.

« The Israelites did as they were told; some gathered much, some little. And when they measured it by the omer, he who gathered much did not have too much, and he who gathered little did not have too little. Each one gathered as much as he needed »

Our natural world is a desert because it is characterized by the scarcity of goods needed by mankind: good climate, pure air and clean water are becoming scarce. Therefore, the way to follow by the desert inhabitants is the one given by GOD. Efficiency of the capitalist system in the phase of wealth production in order to gather the maximum of the global wealth in a very short time and going back to an inward which fears GOD in the phase of wealth distribution.

Now, the so called "new masters of the world" have diverted the global wealth from human beings needs to orient it toward the maximization of the financial capital. The whole humanity is invited to work for the incredible remuneration of the financial capital with additional financial capital and this satanic engine of financial capital longing only after additional financial in order to grow bigger and acquire more and more ability in searching new financial capital turns unceasingly, producing a gigantic sphere of financial capital completely disconnected from material goods which are the elementary needs of billions of individuals living on the planet.

In the Book of Ecclesiastes chapter 5 verse 10, it is written:

« Whoever loves money never has money enough; whoever loves wealth is never satisfied with his income. This too is meaningless »

Struck by this WORD of GOD, the rebellious financial capital therefore has become a self-aspiration and self-recycling engine which unceasingly runs after itself, looking and longing for itself. The well being of humanity is far away from this continuous cycle of self-aspiration. The financial capital is only looking for financial return in order to grow bigger and lunch another hunting for more and more return in term of financial capital.

The size of the financial sphere generated by this permanent wealth recycling/aspiration process which the so called "new masters of the world" drive has been growing is in such an extend that it has become impossible to stock the financial capital in the form of gold or banknotes. This is why the financial capital has been entirely dematerialised in written scriptures in banks computers, in financial companies computers and in stock exchange markets brokers computers all over the world.

African Heads of States, members of mystic lodges of darkness and who have embezzled the mineral resources income of their countries would have had difficulty to keep this embezzled wealth if those riches have been stocked in form of buildings, private roads and trains in Africa. In such a case, at the fall of the Satan's priests, the populations would have easily recovered at least an important part of the embezzled wealth stocked in material form. In fact, the mineral riches embezzled by our tropical dictators with the complicity of their Western evil masters are stocked in forms of written scriptures in banks computers of fiscal paradises and Western countries all ruled by priests of darkness.

This example illustrates the reasons that led the so called “new masters of the world» to quicken the dematerialization of the financial capital throughout the globe: discretion, storage facilities and easy transfer of the stolen capital.

This is what does the dematerialisation: every second, 3 US billions \$ circulate between the world financial companies computers and 95% of this flux consist of financial speculations entirely disconnected from the real economy, that is, from production or distribution of goods needed by citizens.

This dematerialisation act is a real self-hanging for the so called “new masters of the world” who by dematerialising the financial capital have offered to the outraged beast an impact point to strike and destroy the financial capital on a global scale. It was quite impossible for a young rebel programmer to attack the capitalist's physical castle. Now, the same young programmer can hope that with the help of enough programming researches, he may succeed in attacking financial electronic networks and computers and ruin whole rebel capitalists' assemblies.

The worldwide electronic network of financial capital transfer is now at the reach of rebellious programmers and they are on duty for the achievement of what may be viewed as an e proletarian revolution: the overnight destruction files and programs of this worldwide network.

Besides, it happens more and more that the simple termination of the validity contract of the international financial and monetary system by millions of outraged citizens could be a final deathblow to the so called «new masters of the world ». We will examine below what such a validity contract termination is all about.

In addition to the transformation of wealth into scriptures in computers, the dematerialisation of the financial capital also resulted in putting a great variety of electronic payment and credit cards at the disposal of the public. No more banknotes, but invisible writings on electronic cards. By developing those electronic cards all over the world, the so called «new masters of the world » aim at knowing all about each individual's expenses habits in order to define his consumption profile, his habits and in order to control his private life. However, these cards are also a second impact point offered to rebellious individuals to strike the capitalist system at a global scale.

This is how at this very time, the whole France is under the shock of practical demonstrations carried out by a young programmer who has just duplicated the Vital electronic card put into service in the country by the French Social Security. This citizen has just acted by a simple civic sense to prevent damages but it is easy to understand that many rebellious programmers work through out the world to duplicate the banks and financial companies electronic cards in order to destroy if possible the financial system.

Thinking that they could better control all the citizens through electronic cards, the so called «new masters of the world » have offered a second generalized striking point to the beast.

The beast, having triggered two hostile actions by initiating the transfer of merchant goods toward the free exchange field and by gathering her political strengths at a global scale, the last war of the capitalist system, amplified and accelerated by the financial capital dematerialisation has just started before us. Let's examine this war.

From 2001 to 2043 : Downfall of the rebellious financial capital in one hour.

It is written in the Book of Revelation chapter 18 verse 10:

***“ Terrified at her torment, they will stand far off and cry:
Woe! Woe, O great city,
O Babylon, city of power!
In one hour your doom has come!”***

The Bible tells us that it just takes one hour to the beast rebelled against GOD to destroy at a global scale the financial capital rebelled against GOD. The hour spoken of is a prophetic one and the Bible teaches us how to convert the prophetic time into natural time. It is written in the Book of 2 Peter chapter 3 verse 8:

« But do not forget this one thing, dear friends: With the Lord a day is like a thousand years, and a thousand years are like a day”

One prophetic day equals to one thousand years in our natural time. Therefore, one prophetic hour equals to 41.666 years (almost 42 years).

The 666 decimal fraction corresponds to man's figure, which is also the figure of the beast coming out from the earth: the dead and rebellious natural knowledge flowing out of the lost offspring of the « age of enlightenment » who is nothing but clay.

Now that the war duration is known, it just need now to fix the date that it will start. In fact, the atheistic Communist revolution was already an attempt of the beast to destroy the great prostitute; but it was not the ultimate war against the capitalist system. Also, since the seventies, the computer pirates have sporadically destroyed the computer systems or robbed important sums of money from banks computers. But this is was not the generalized striking at a global scale about which the Bible talks in Revelation chapter 18.

Till now, Communism and the pirates sporadic actions could not ruin Babylon the Great because the Church which is the salt of the earth, the time indicator in the natural world, had not yet fulfilled her two slumbering prophetic days. Now the two Church slumbering days are almost at their end, and the resurrection moment is at hand. That's why the date on which the beast officially organised itself at a global scale in the form of the World Social Forum (January 25, 2001) is indicated as the starting date of the last war of the capitalist system because this date is within the end time of the two days period of Church spiritual slumbering.

As explained above, the G7 citizens are the main animators of this global last war because the Bible shows us that the rebellious beast has 7 heads.

Revelation chapter 17 verse 9 reads:

« This calls for a mind with wisdom. The seven heads are seven hills on which the woman sits”

The seven heads are citizens of the G7 countries fed by the dead milk of the “age of enlightenment». These citizens who have at their disposal democratic levers and technical means necessary for war are increasingly fed up with the slavery sealed upon citizens worldwide by the so called “new masters of the world”. The seven heads are fed up with the job of carrying Babylon the Great as revealed by an event which recently took place through the European Union. Citizens arose and overwhelmingly rejected the European

constitution project designed by members of secret sects from darkness and which aimed at replacing the Europe belonging to citizens by a Europe belonging to the “invisible hand” of the market.

What will therefore happen from 2001 to 2043? The Bible describes it in details. Let's open it and watch together the last capitalist system war movie. It is written in Revelation chapter 18 verses 1 to 21.

Verse 1: “ After this I saw another angel coming down from heaven. He had great authority, and the earth was illuminated by his splendor”

Verse 2: “With a mighty voice He shouted: Fallen! Fallen is Babylon the Great ! She has become a home for demons and a hunt for every evil spirit, a hunt for every unclean and detestable bird.

Verse 3: For all the nations have drunk the maddening wine of her adulteries. The kings of the earth committed adultery with her, and the merchants of the earth grew rich from her excessive luxuries.

**Verse 4: Then I heard another voice from heaven say:
Come out of her, my people, so that you will not share in her sins, so that you will not receive any of her plagues.**

Verse 5: For her sins have piled up to heaven, and GOD has remembered her crimes.

Verse 6 : Give back to her as she has given; pay her back double for what she has done. Mix her a double portion from her own cup.

Verse 7: Give her as much torture and grief as the glory and luxury she gave herself. In her heart she boasts, I sit as queen; I am not a widow, and I will never mourn.

Verse 8: Therefore in one day her plagues will overtake her: death, mourning and famine. She will be consumed by fire, for mighty is the Lord GOD who judges her.

Verse 9: When the kings of the earth who committed adultery with her and shared her luxury see the smoke of her burning, they will weep and mourn over her.

**Verse 10: Terrified at her torment, they will stand far off and cry:
Woe! Woe, O great city, O Babylon, city of power! In one hour your doom has come.**

Verse 11: And the merchants of the earth will weep and mourn over her, because no one buys their cargoes any more-

Verse 12: cargoes of gold, silver, precious stones and pearls, fine linen, purple, silk and scarlet cloth; every sort of citron wood, and articles of every kind made of ivory, costly wood, bronze, iron and marble;

Verse 13: Cargoes of cinnamon and spices, of incense, myrrh and frankincense, of wine and olive oil, of fine flour and wheat; cattle and sheep; horses and carriages; and bodies and souls of men.

Verse 14: They will say, The fruit you longed for is gone from you. All your riches and splendour have vanished, never to be recovered.

Verse 15: The merchants who sold these and gained their wealth from her will stand far off, terrified at her torment. They will weep and mourn

Verse 16: And cry out:

Woe! Woe, O great city, dressed in fine linen, purple and scarlet, and glittering with gold, precious stones and pearls!

Verse 17: In one hour such a great wealth has been brought to ruin! Every sea captain, and all who travel by ship, the sailors, and all who earn their living from the sea, will stand far off.

Verse 18: When they see the smoke of her burning, they will exclaim, Was there ever a city like this great city?

Verse 19: They will throw dust on their heads, and with weeping and mourning cry out:

Woe! Woe, O great city, where all who had ships on the sea became rich through her wealth!

In one hour she has been brought to ruin!

Verse 20: Rejoice over her, O heaven! Rejoice, Saints and Apostles and Prophets! GOD has judged her for the way she treated you.

Verse 21: Then a mighty angel picked up a boulder the size of a large millstone and threw it into the sea, and said:

With such violence the great city of Babylon will be thrown down, never to be found again.

Verses 1 to 2

Announce the fall of the rebellious financial capital with its private and multilateral institutions, and its national and international systems.

Verse 2

Gives an explanation of the reason of this fall. It is the rebellion of our « new masters of the world” against GOD that is the origin of this fall. Because of this rebellion, the financial capital has become a den for demons and all evil spirits. Nothing amazing about it, because despite the scientific and logical IMF surveys and declarations, those of the World Bank and those of the gigantic multinationals, the ordinary citizen even deprived from GOD'S SPIRIT more and more discern that important decisions are taken without the public opinion, without taking into account the elementary morals or democracy. Those decisions are taken in esoteric circles and lodges of darkness which entrances are jealously protected by submission rituals to darkness powers.

Verses 3 to 8

These verses better clarify the reasons of the rebellious financial capital fall.

The great prostitute said that she is seated (on the beast) as a queen and she added that she would not see any sorrow. This is the pride of our so called “new masters of the world”.

The merchants of the earth have become rich through the power of her luxury and the nations of the earth have committed fornication with this great prostitute. To have the rebel financial capital and to enjoy the so-called economic prosperity, the nations, merchants and kings of the earth have worshipped Satan and his evil spirits in demons’ dens which are esoteric sects and lodges of darkness.

However, GOD'S WORD tells us that Satan is a liar. Therefore, in spite of our multiple sexual relationships with the great prostitute, we neither have a real economic prosperity nor happiness. Our consolations: the theories of prosperity and depression cycles that follow each other, the rational anticipation theories that are never achieved despite their rationality.

In fact, the TRUTH is neither cyclic nor probabilistic; it is permanent and sure.

Verses 9 to 10

Those verses expose the speed and the global extent of the rebel financial capital by the rebel capital. This judgment makes all demonic kings of the earth, especially the so called "new masters of the world" to moan and it will happen in only one prophetic hour, that is, in about forty one years.

Verse 11 to 20

These verses explain the sudden and global ruin of the rebel financial capital, as well as the consequences that will follow: Disorganization of the world trade, total destruction of goods, services and funds markets. These verses constitute a real photograph of the generalized chaos resulting from the war that the rebel intellectual capital wages against the rebel financial capital.

To better understand the destruction of the financial, monetary and commercial order that the so-called "masters of the world" are leading, let's go deeply into the heart of the financial capital rebelled against GOD because it is inside this heart that the beast rebelled against GOD will strike.

The drift which imposed on the capitalist system by the so-called "new masters of the world" comes from the fact that at the beginning wealth production, three types of capital namely the financial capital, the intellectual capital and the physical capital (manual work of the worker, air, roads,) are combined to produce an additional wealth and finally, it is the financial capital that confiscate the bulk of this additional wealth. This additional wealth confiscated by the financial capital gives it a supplementary political decision power and behold, it seizes this opportunity of additional political power to require more segregationist measures in its favour. The wealth's production/confiscation cycle can therefore turn unceasingly and spread the vampirism of the so-called "new masters of the world" to the whole planet. And when there occur the least economic problem, the so-called "new masters of the world" propose the same set of drugs: work flexibility and wages' decrease, drastic reduction of fiscal taxes on corporates; that simply means a continual reducing of the portion of wealth which is supposed to reward the intellectual and the physical capitals. This vampirism that has as spiritual foundation the Lucifer's anti-knowledge has a twin brother: the iniquity of the capitalist system markets. Let's take a usual case to illustrate it.

The so-called "new masters of the world" are progressively instituting in our countries, a two speed judicial system. When the IMF and the World Bank require an effective judicial system in countries under the structural adjustment plans, it means this: if you complain against the electricity company which it has been taken over by a multinational company has provided a bad electrical signal, then the judges will not especially condemn the said electricity company. Millions of

household appliances, millions of equipments Small and Medium Size Enterprises, millions of personal computers and servers can be damaged by this bad electrical signal, and thousands of hours of courses can get lost in primary and secondary schools and in universities without the multinational that manages the electricity company being condemned in court. It is a requirement from the IMF and the World Bank. But behold, a citizen traffics his electricity meter and suddenly, the IMF and the World Bank declares that the speed with which the judges will condemn such a citizen is a relevant indicator of the performance of the country judicial system. Then, another citizen after many financial sacrifices buys an electricity generator to provide electricity in the village and charge for it. Behold the IMF and the World Bank steps in and stop such a project. The multinational that has repurchased the electricity company has the exclusive rights of this kind of activity. All markets of the capitalist system obey to the principle of written unpractised laws and unwritten practised laws. This principle is a complete rebellion against GOD, and this rebellion comes from the anti-knowledge.

These are the two twin brothers in the capitalist system heart: additional wealth recycling /confiscation by the financial capital and markets iniquity. It is precisely in this heart that the rebel beast will strike. If the so-called “ new masters of the world” can dominate the economy and the world politics, it is just because you and I have accepted that the financial dematerialised capital in their possession which is in the form of scriptures in the world financial companies computers has a currency value, that is, a unit of goods and natural time account and exchange. It is under this tacit, fragile and not obligatory contract that the so-called “new masters of the world” implement their financial repression weapons against the planet citizens. Here the assurance of the wizards comes from a usual incantation proclaimed in lodges of darkness:

« The crowds are ignorant and this ignorance is our security ».

At this point, it is easy to understand what the world citizens annihilated by markets will do. Thanks to the NTIC, billions of rebel citizens will during this war period coordinate at a global scale, the creation of parallel electronic currencies, of parallel primary banks, of parallel central banks, and exchange goods and time priced with the new electronic currencies which will be completely independent from the whole “official” monetary and financial system put in place by the so-called “new masters of the world”. As this raging war will gain in intensity, billions of citizens will proclaim the caducity of the whole “official” currencies and of the whole « official » monetary and financial system. This independence proclamation will definitely toll the bell for Babylon the Great. Let's reread in the Bible about the chaos orchestrated by the sudden declared caducity of the « official » commercial, monetary and financial system that belongs to the so-called “ new masters of the world”

Revelation 18: 11 to 16 reads:

Verse 11: And the merchants of the earth will weep and mourn over her, because no one buys their cargoes any more-

Verse 12: cargoes of gold, silver, precious stones and pearls, fine linen, purple, silk and scarlet cloth; every sort of citron wood, and articles of every kind made of ivory, costly wood, bronze, iron and marble;

Verse 13: Cargoes of cinnamon and spices, of incense, myrrh and frankincense, of wine and olive oil, of fine flour and wheat; cattle and sheep; horses and carriages; and bodies and souls of men.

Verse 14: They will say, The fruit you longed for is gone from you. All your riches and splendour have vanished, never to be recovered.

Verse 15: The merchants who sold these and gained their wealth from her will stand far off, terrified at her torment. They will weep and mourn

Verse 16: And cry out:

Woe! Woe, O great city, dressed in fine linen, purple and scarlet, and glittering with gold, precious stones and pearls!

One unavoidable question emerges in front of such a global and rapid destruction: will the so called "new master of the world" survive? The answer is clear: no. This is what is revealed in verses 20 and 21 we've just shared.

Verse 20: Rejoice over her, O heaven! Rejoice, Saints and Apostles and Prophets! GOD has judged her for the way she treated you.

Verse 21: Then a mighty angel picked up a boulder the size of a large millstone and threw it into the sea, and said:

With such violence the great city of Babylon will be thrown down, never to be found again.

Lucifer will always have some priests on earth, but there won't be no more so-called «new masters of the world» at the end of the last war that will end in 2043 by the complete dismantling of the world «official» financial and monetary system. The luciferian capitalism that seizes the whole wealth commonly produced by the financial capital, the intellectual capital and the physical capital working in partnership and concentrates this wealth only in the hands of the financial capital in order to generate elite from lodges of darkness which dictate to the rest of the world will never appear again on earth after its destruction by the rebellious beast. However, the markets, which are previous to the capitalist system and the capitalistic system itself that is previous to the so-called «new masters of the world», will survive. This is what we will share below.

Which striking means does the beast use?

We have already seen many of them: the obligatory migration of the maximum of merchant goods toward the free exchange field, the direct destruction or the diversion of files and writings in computers, the political overthrow of the new world order, the termination of the validity contract that sustains the "official" monetary and financial system.

We have decades of war and chaos before us till the year 2043.

Since the Church is the Light of the world, the salt of the earth, What are we going to do as far as this total war that has just started between the two desert inhabitants is concerned?

The Bible already gives the will of GOD and we must simply pray to annihilate the luciferian power of the so-called «new masters of the world» so that the beast could quickly and comfortably destroy this prostitute.

But you will maybe prefer that these two desert inhabitants manage themselves without your intervention. Foolish man! When will you understand that you must redeem the

natural time? In the perfect will of GOD, the Church is to wake up in 2030 at the end of the second prophetic day, and by allowing Lucifer the thief to steal your natural time, you are now late because the beast will start her one hour reign in 2043. It is therefore necessary to pray that may the beast uses less than 41.666 years to annihilate the great prostitute. If you pray, GOD will shorten the time of war, and will worsen the circumstances for Babylon the Great, according to what is written in Daniel chapter 2 verse 21.

GOD says this in Psalms chapter 94 verse 16:

«Who will rise up for ME against the wicked? Who will take a for ME against evildoers?»

The spiritual action of the Church is decisive because being alone; the beast will not have the spiritual power to overthrow Babylon the Great. It is to the Church, spiritual Body of CHRIST-JESUS, to systematically annihilate the luciferian power that constitute the foundation of the schizophrenics, the so-called «new masters of the world », so that the beast will quickly take over the power at the planet head for one hour.

At the end of the last warfare of the capitalist system, the rebel beast will settled herself at the head of the planet , and the whole humanity will enter for one hour in the era of the Athenian neo-communism.

From 2043 to 2085 : The beast at the command of the world for one hour.

Obeying to the command of GOD's WORD written in the Bible, the beast governs the natural world for one prophetic hour that is 41.666 years

Let's read in Revelation chapter 17 verse 12

“The ten horns which you saw are ten kings who have not yet received a kingdom as yet, but who for one hour will receive authority as kings along with the beast”

In fact, why is the stay of the rebel beast at the head of the planet so short ? It is quite simple: only priests who have blood at their disposal can conquer and keep power and there are only two categories of priests: the former «new masters of the world » that offered human blood to Lucifer and annihilated nations with the dark power of the anti-knowledge, and GOD's Priests who offer HIM HIS Blood, that of the Lord JESUS-CHRIST but whose Priesthood is still defiled by the Biblical disobedience and the gathering with Lucifer's priests disguised as Servants of GOD. Being not a priest, the rebel beast is in a position of high instability at the world's summit, and this is why her reign at the natural world summit is so short.

Taken by dizziness at the head of the natural world, the beast is drowning for lack of spiritual foundation and get lost in philosophical questions: who am I? What are we, where am I going? Where are we going? Are natural substance and natural energy the real frontiers of my knowledge? Where is time leading me to?

Here comes the revival of philosophers of all nature: Stoics, Epicureans constantly exchanging ideas, intellectual demonstrations in a vast assembly: the whole planet which spatial dimensions are annihilated by the NTIC. Unavoidable return to Athens with a unique assembly for philosophy preachers: the planet. During the beast's reign work will

be neglected to the benefit of vain speeches and this mutation will be favoured by the development of robotic and automation. This generalized tendency to vain speeches and philosophy is revealed in the Book of Acts chapter 17 verse 21.

« All the Athenians and the foreigners who lived there spent their time doing nothing but talking about and listening to the latest ideas »

The going back to Athens of the citizen who had taken leave from GOD is also characterized by his involvement in idolatry. Confusedly looking for sense, the beast which was once so sure of her natural reason, gives herself a crowd of false gods that she worship hoping in vain to acquire by this mean the quality of a priest. It is written in the Book of Acts chapter 17 verse 16:

« While Paul was waiting for them in Athens, he was greatly distressed to see that the city was full of idols »

This vast idolatry at the planet scale will not help the beast because you don't just need to worship idols to become Lucifer's priests. You must go beyond the initiation line and offer human blood to Lucifer. This is what the former «masters of the world» were gleefully doing, and what the intellectual and philosophical beast could not do.

But something new is going to start with the beast's reign, and this is written in the Book of Acts chapter 17 verses 18 to 20. All over the planet, our rebel intellectual from the "age of enlightenment" who has become a philosopher and a religious man begins to listen to the Gospel of salvation in JESUS-CHRIST. The rebel man even begs men of GOD to preach this Gospel. Let's read in the Book of Acts chapter 17 verses 18 to 20:

“ A group of Epicurean and Stoic philosophers began to dispute with him. Some of them asked, What is this babbler trying to say? Others remarked, He seems to be advocating foreign gods. They said this because Paul was preaching the good news about JESUS and the resurrection. Then they took him and brought him to a meeting of the Areopagus, where they said to him, May we know what this new preaching is that you are presenting? You are bringing some strange ideas to our ears, and we want to know what they mean ”

Although the beast starts listening to the Gospel preachers, this is not yet the worldwide spiritual revival because everywhere on the planet, populations will listen to the Gospel of salvation in JESUS-CHRIST as they listen to any new philosophy.

Two reactions will be recorded in the whole planet: A part of the world population will ridicule the Gospel after having listened to it, while another part will give to the Gospel an appointment for a next time and will go back to natural philosophies.

Let's read in the Book of Acts chapter 17 verse 32:

« When they heard about the resurrection of the dead, some of them sneered, but others said, We want to hear you again on this subject”

The appointment given to the Gospel for a next time by a portion of the world population will be fulfilled at the end of the reign of the beast in 2085.

An important part of the world population gives an appointment to the Gospel for « another time » and according to GOD'S prophetic plan, this other time will do take place on the third day which is the day of the Church worldwide revival. Since you can give to others only

what you have the Church, being at the state of dry bones, of spiritual death, will be unable to awaken the world population during the beast reign. That's why a part of the world population laughs at her preaching while another part just take an appointment for a next time.

However, as the premises before the real harvest, some of the world citizens, champions of debates in global forums, will give their lives to the Lord JESUS-CHRIST. These premises will announce the great worldwide revival in 2086.

Let's read the Bible in the Book of Acts chapter 17 verse 34.

« A few men became followers of Paul and believed. Among them was Dionysius, a member of the Areopagus, also a woman named Damaris, and a number of others »

What are the news on the economic and political front?

The beast has just overthrown the so-called " masters of the world", and the whole monetary, financial and commercial system, and all « official » markets are entirely destroyed.

No « official » currency is valid on the planet after the declaration of caducity of all « official » currencies. The rebel programmers, who are given a real statute of «freedom soldiers» have dismantled the computers files and programs of the main financial, industrial and multinational companies. The financial products, the movies and art products are freely poured on Internet and on many other communication networks.

The chaos is threatening because from 2005 to 2043, some scientists, grieved by the so-called " new masters of the world", have pushed the market law to the cynicism by selling the nuclear technology to terrorist groups ready to pay the price. These rebel scientists say that since only the invisible market hand matters, one may better put everything on the market and maximise ones financial capital.

Everywhere in the world, the leaders of the national section of the World Social Forum or its equivalent are given the political power in a revolutionary devotion. The movement begun in the G7 countries, and is quickly propagated.

Therefore, the beast rebelled against GOD is exercising her power everywhere on the earth and is facing the following reality:

- Important stock of physical capital everywhere on the planet (machines, robots, transportation means, computers, research centres, factories, various constructions..)
- Important stock of intellectual capital because discoveries and technological revolutions have followed each other since 2001.
- A world population in full demographic boom that could reach 13 billions inhabitants in 2043.
- Communities of rebel citizens animating their electronic currencies, financial and monetary systems without respect of the state-controlled borders.

An unavoidable question emerges then: how could someone put in action these stocks of physical and intellectual capital in order to launch the production cycles of additional wealth?

Priority: officialization and integration of rebels' private electronic currencies, financial and monetary systems. This is quickly achieved for the animators of theses private monetary

and financial systems are now in power. These different monetary and financial systems are quickly reorganized and nationalized.

Then comes the necessity of deciding who should be the owner of the means of production. Is it the individual or the State. At this juncture, the beast suddenly throw out the veil of capitalism moderate reform preached since 2001 by the World Social Forum. Her hatred toward capitalism which is decided by the WORD of GOD is beyond everything. So the beast re-establishes all the measures preached by all the leftists, communists and ecologists:

- Generalized nationalizations of basic public services (water, energy, education, culture, public transportation, security)
- Generalized nationalizations of all other enterprises except from the Small and Medium Size Enterprises whose size is defined by the beast.
- Dismantling of countries political confederations, as well as rules and regulations of the international trade.
- Dismemberment of the multinationals which every piece is nationalized in the host country.
- Replacement of the market by a centralized planning in the pure Communist tradition.
- Dismantling of the nuclear and armament industries in order to orientate the funds, they pretend, toward the needs of the poor.
- Dismantling of the spatial industry except its telecommunication components in order to orientate, they say, the funds toward the needs of the poor.
- Suppression of private cars production and development of public transportation in order to prevent the ozone layer destruction.
- Being glad of the first revolutionary measures of the beast, the populations of the petroleum Middle East and the Persian Gulf, once oppressed by the monarchs and dictators isolate and annihilate the religious extremists and terrorists. « The big Satan is dead; it is time for revolution and friendship among nations » is the new credo heard everywhere in the Middle East and in the Persian Gulf.

But GOD'S law doesn't change. Concerning the spiritual or material wealth, it is the individual who is the father of the community, and it is the individual who takes the best decisions of investment and management. In spite of science and technology, the Athenian neo-communism will be unable to reduce poverty, or to maintain the level of wealth that the G7 countries had already reached. Because of the world economy decrease, the impoverishment of citizens of the former G7 and the deepening of poverty in the third world, two antagonistic camps will constantly fight each other in the beast's family.

The Stoic will be pretending that one need to separate ones thoughts from material things in order to gain "liberty" while the Epicurean, scalded by economic decrease, will complain that one lived and enjoyed better under the yoke of Babylon the Great. These two enemy brothers are mentioned in the Book of Acts chapter 17 verse 18 to 20.

As the beast will be unable to produce enough additional wealth fairly shared, many citizens will understand the impasse and will sincerely seek GOD. Therefore, the beast will be angry and when she will go back to the genetic inheritance of the soviet marxism, accusing the Church to be the cause of all her failures and chasing the Church out of the world Areopagus. Preacher will there fore be forbidden to work publicly.

This war triggered by the beast against the Church will mark the end of the beast reign at the head of the planet according to the Book of Revelation chapter 17 verse 14.

” They (meaning the beast and her ten horns) will make war against the Lamb, but the Lamb will overcome them because HE is Lord of lords and King of kings and with HIM will be His called, chosen and faithful followers”.

The Church victory on the beast will take place at the end of 2085, the era of reign of the real Masters of the world. The Church fasting and prayer topics under the beast’s reign have a precise goal: to pull down all reasonment and to bring every mind captive to obedience unto GOD.

As from 2086 (from 2086 to 3086): Beginning of the worldwide revival. The Church commanding the world for one prophetic day.

After two prophetic days of slumbering and spiritual childishness, the Church will wake up on the third day, in the year 2086 with 56 years of delay on the normal term of 2030.

In Genesis chapter 15 verse13, GOD said to Abram that his descendants would be slaves in Egypt for 400 years. However, the Book of Exodus chapter 12 verse 40 tells us that Israel came out of Egypt with a delay of 30 years, since the stay of Israel was 430 years. It is the same type of delay that affects the worldwide revival of the Church which is the last Exodus.

What had the Church done from her birth in year 30 to the year 2086, that is, for about two thousand years which equal to two prophetic days?

The Bible tells us that the Church is built on Peter. Before his spiritual resurrection, Peter denied the Lord JESUS-CHRIST three times, and each refusal corresponds to the figure 6. The three times of his refusal form the 666 figure, the man’s figure. The Church who is built on Peter has exactly followed Peter’s denial by denying the Lord JESUS-CHRIST for three times since the Pentecost. This triple denial of the TRUTH by the Church since the Pentecost are the three world religious pyramids: Babylon the Great (there is a spiritual Babylon that had led the whole world astray while pretending to be Christian and another Babylon the Great which is the financial, monetary and commercial system imposed to the world by the so-called «new masters of the world »), Ohola and Oholiba. Each of these religious pyramids is the number 6, and the three constitute the 666 man’s figure. Well, the reader could go back to the Book entitled « Going back to the true service », freely available in the website www.worldwiderevival.org

There, you will understand the birth, the nature and the pagan actions of those three religious pyramids that have led the whole world astray for about two thousands years, meaning two prophetic days.

After His resurrection, the Lord JESUS-CHRIST corrected Peter's three denials, restored him by the Power of the HOLY SPIRIT and then came the Pentecost. This is exactly the way that the Church founded on Peter will follow. After having denied the Lord JESUS-CHRIST on three occasions by building the three world false religious pyramids, the Church, being restored by GOD and awoken by the Power of the HOLY SPIRIT is going back to the TRUTH which is in the Bible and is launching the worldwide revival, the last Exodus at the end of two days spent in spiritual death. The HEAD spent two days in the grave and so have been doing the Body. The HEAD resurrected on the third day with

Power and so will it soon be for the Body. The HEAD revealed Himself to His chosen ones during 40 days before going back to heaven and so will do the Body during 40 000 years (1 prophetic day = 1 000 years).

The Lord JESUS-CHRIST had prayed three times before his victory on the cross of Golgotha in order to annihilate the figure 666 in the Church.

To those who wonder again about this worldwide revival almost at hand, this is what the Bible says in the Book of Romans chapter 8 verse 19.

« The creation waits in eager expectation for the Sons of GOD to be revealed »

Have you understood? The creation is eagerly waiting of the Church revelation, which means, the worldwide revival. Then, how can you be revealed if you are not standing on a candlestick to illuminate darkness in the world?

It is not after rapture that the Church will be revealed to the world, it is necessarily before the rapture. The creation will not have any contact with you after the rapture. Therefore, it will be before rapture, during the last worldwide Exodus that the whole creation will finally rejoice and will benefit from the revelation of the true Church, which is the Master of the world.

Let's read more in the Bible because a false spirituality is now leading Christians in order to replace GOD'S unshakable WORD by vain reasoning and lies proclaimed every Sunday in stony temples' pulpits which temples are abusively designed as « Churches ». This is what is written in the Book of 2 Corinthians chapter 6 verse 10:

“ Sorrowful, yet always rejoicing; poor, yet making many rich; having nothing, and yet possessing all thing.”

Decidedly, the WORD of GOD doesn't give us any choice because it is straight and precise.

We, the born again Christians, are seen like people who don't have anything but we possess everything.

But what is found inside « Everything »? Foolish man! GOD says everything because there is everything indeed except THE ONE who has given us everything. In « everything », you can find the economic wealth of the natural world, the international politics, and the move of the world. Then, have you understood now that the so-called spirituality that consists in leaving the world move to Satan is a deviation, a rebellion against the WORD OF GOD? As a born again Christian, you are the only Master of the world because you possess everything, and it is now your responsibility to annihilate the luciferian power of the so-called «new masters of the world », and also annihilate the beast's rebellion in order to command the world for 40 prophetic days.

What have the real GOD's Ministers done during two thousand years (we are not talking about the disguised evil members of lodges of darkness who are in Churches pretending to be Ministers of Justice)?

We have exactly acted like Joseph of Arimathea who was waiting for GOD'S Kingdom. We have work too much to keep in a grave the body of CHRIST-JESUS who is the Church. Burials specialists! This is what we have been since two prophetic days.

Even if the Body of CHRIST-JESUS is on the cross, anyway, it resurrects on the third day because It is GOD'S POWER that resurrects, and it doesn't take into account the place

where the corpse is found. We have buried the Church by neglecting the TRUTH which is the RESURRECTION Power. We have enveloped the Church in linen; we have hidden her in a natural rock, which is a tomb. This natural rock symbolises our gigantic religious institutions organized in perfect pyramids like Lucifer's government. It is our carnal and anti-biblical rules that govern the Christians' life; it is our lies that replace the TRUTH about the Service, about the Holy Communion, about Baptism, about relationship between Church and secular authorities, about the position of the Christian in the natural world and about various other fundamental matters.

We have even laid a big stone at the grave entrance. This stone we use to lock the Body of CHRIST-JESUS in the tomb with is made of our false preachings against the worldwide revival. In spite of this useless stone, the worldwide revival will happen on the third prophetic day.

The Gospel Books of Matthew, Mark, Luke and John have details on what is going to happen to the Church on the third prophetic day. GOD is going to open our spirits as he did for Emmaus' disciples, so that we will understand what the Scriptures say about the resurrection of the Head, that is, the resurrection of the Body which is the Church.

How will we know that this last Exodus has started? The Book of John chapter 21 verses 5 to 14 reveal it to us. After two millenniums of fruitless fishing, the born again Christians' proportion in the natural world is as small as the Hebrews proportion in Egypt when Jacob arrived in this country. Then, by the HOLY SPIRIT order, the Church, without even believing it, throws the net on the right side of the boat, and behold, the net is too much filled of fishes that we cannot withdraw it from the sea. Seeing all this, the Prophets (symbolized by John in verse 7) will say to Peter, that is, to the Church: "it is the Lord, it is the long-awaited worldwide revival!"

Consequently, the miracles of the early Church are back in the whole earth: the dead resurrecting, the sick being healed immediately they simply touch the Prophets' garments, the five Ministerial Gifts Apostle, Prophet, Pastor, Evangelist, Doctor fully resurrected, the autonomous House Assemblies filling the earth in the same way Satan's bars now fill cities and villages of many African countries. GOD's POWER sweeping all vain religions, all vain philosophies and all false « scientific » reasoning. And behold, our sons and daughters prophesy and have many visions all over the earth. One preacher converting one thousand and two converting ten thousands.

But the last Exodus won't only be spiritual because I must prosper all along as my soul prospers. GOD's Priests will also command the nations, the public and private institutions in the whole planet in order to impose GOD's Priesthood. The one who governs imposes his priesthood, and the so-called «new masters of the world » have taught us a lesson that we must never forget.

Having overthrown the beast, the Church will take the spiritual, political and economic government of the planet in hand, and this will be for 40 thousand years (1 thousand years of resurrection followed by 39 thousand years of permanent reign to make a total of 40 prophetic days as the HEAD did) as from the end of the second prophetic day.

What will be the attitude of the Church towards the beast's neo communism?

In spite of the decrease spiral and poverty generated by the neo Communism instituted by the beast during her reign, the Bible reveals to us that the Church will take 27 years to

understand the necessity to change the cape. Let's open our Bibles in the Book of Isaiah chapter 23 verses 15 to 18:

Verse 15: " Now it shall come to pass in that day that Tyre will be forgotten seventy years, according to the days of one king. And at the end of seventy years it will happen to Tyre as in the song of the harlot:"

Verse 16: " Take a harp, go about the city, you forgotten harlot; make sweet melody, sing many songs, that you may be remembered."

Verse 17: "And it shall be, at the end of seventy years, that the LORD will deal with Tyre. She will return to her hire, and commit fornication with all the kingdoms of the world on the face of the earth."

Verse 18: "Her gain and her pay will be set apart for the LORD; it will not be treasured nor laid up, for her gain will be for those who dwell before the LORD, to eat sufficiently, and for fine clothing."

Tyre is the market of the nations; it is the capitalist system coming back 70 years after it has been destroyed together with the so-called «new masters of the world ».

The Bible precise that the delay of reappearance of the capitalist system is 70 years, and this is not about prophetic years because the Bible says in verse 15 that these 70 years represent a king's lifetime on earth.

70 years as from the disappearance of the so-called «new masters of the world » in 2043 (which means in the year 2113). The Church understand the necessity to put an end to the neo-communism venture instituted by the beast in 2043 and it is the coming back of Tyre, the capitalism of sharing whose features are as follow:

- Market Economy.

This characteristic is revealed in verses 3 and 8 of the same Book of Isaiah chapter 23. These verses say that Tyre was the market of nations, the homeland of the merchants, that is, it was the capitalist system before its transformation into a repression tool by the so-called «new masters of the world ». Tyre is the capitalist system before its metamorphosis in Babylon the Great, a metamorphosis planned and fulfilled by the so-called «new masters of the world »

- Private ownership of production means which means privatisations all over the planet.
- This capitalism that is re-installed by GOD's Priests over the whole planet still have some prostitute's nature, and its salary is impure. This is what is written in verse 17 and it shows us that even under the Church reign, the capitalist system and the markets won't be free of iniquity. We have already seen that the Church's mission is not to establish a sinless earth because GOD'S Kingdom is not of this natural world. Our mission is to reign, to impose GOD's Priesthood, to illuminate the darkness of the natural world with our candlestick so that the major part of humanity will turn back to GOD. The Tyre iniquity and impurity degree will be very small compare to

that of the iniquitous commercial, monetary and financial system built formerly by the so called “new masters of the world” and this because the Church will institute a revolutionary change.

The profits of Tyre will be oriented toward the satisfaction of GOD’s Priests who will be of great majority on earth in a situation of worldwide spiritual revival. For example, instead of 1% of the population monopolizing 80% of the world wealth as it is the case today, we will for example have the 2/3 of the world population who will possess the 75% of the earth resources. The so-called «new masters of the world » who are now confiscating and recycling the whole global wealth hardly made 1% of the world population. It is a small club of evil members organized in networks through which each member is graduated as soon as he reaches a certain level of satanic initiation. Vampires and wizards are all over the planet but only a handful of Lucifer’s priests who usually offer human blood to Satan could have access to the false pretensions of «new masters of the world ». The additional wealth orientation towards the human needs under the Church worldwide reign is revealed in verse 18 that we have just read.

The libertarian beast has collapsed because being rebellious against GOD, she faced an inextricable contradiction.

On the one hand, the inheritance principle instituted by GOD gives an absolute superiority to the capitalist system on all collectivism or socialism forms as far as the wealth’s creation is concerned.

On the other hand, the capitalist whose inward is under the government of the anti-knowledge has a single goal: to have the maximum of financial capital remuneration, even at the cost of slavery, misery, wars, and the blood of others.

The Church succeeds where the beast has failed. The Church solves the contradiction and establishes the capitalism of sharing for a single reason: the wind of the worldwide spiritual revival that sweep the planet has sealed in the hearts of many an inward governed by the HOLY SPIRIT revealed knowledge.

Under the capitalism of sharing, the individual renewed by the HOLY SPIRIT feels more joy to give than to receive, and it is for this reason that the capitalism profits are no more gathered in the hands of a minority. The financial capital will henceforth seek for GOD’s Priests’ needs that will be of great majority on earth and not for the needs of the financial capital.

In the capitalism of sharing, the born again individual has the eager desire to give even when he doesn't have enough. Let's share in the Book of Mark chapter 12 verses 41 to 44:

“ Now, JESUS sat opposite the treasurer and saw how the people put money into the treasury. And many who were rich put in much. Then one poor widow came and threw in two mites which make a quadrant so, HE called his disciples and said to them: Assuredly, I say to you that this poor widow has put in more than all those who have given to the treasury. For they all put in out of their abundance, but she out of her poverty put in all that she had, her whole livelihood”

In the capitalism of sharing, I use my production means to produce an additional wealth according to my talents. I can even produce ten times more than my neighbour. But governed by the HOLY SPIRIT, I share this additional wealth according to Exodus chapter 16 verse 18:

“ And when they measured it by the omer, he who gathered much did not have too much, and he who gathered little did not have too little. Each one gathered as much as he needed”»

Out of the capitalist system, there is no sufficient economic wealth's production because of the inheritance principle and without GOD, there is no equitable economic wealth sharing because it is the inward of the capitalist individual which orientates sharing decisions.

The major part of the world population being born again and being ruled by the revealed knowledge of the HOLY SPIRIT, the capitalist individual will produce wealth at every cycle, and will joyously run to share it without constraint. He will even feel more joy to share than to receive. Is he maybe less rich? It doesn't matter. He has the eager desire to share the few that he has, and behold; his poverty wells up in rich generosity.

The complete transformation of the capitalist whose inward in under the government of the HOLY SPIRIT is revealed in the Book of Luke chapter 19 verses 1 to 9.

Before his new birth, Zacchaeus was the prototype of a corrupted capitalist that was seeking for only one thing: to accumulate and by all means great additional quantities of financial capital. Receiving the Lord JESUS-CHRIST in his house, Zacchaeus, to the greatest surprise of everybody, declared:

“ I give half of my goods to the poor; and if I have taken anything from anyone by false accusation, I restore fourfold”.

Only the HOLY SPIRIT will fulfil under the worldwide revival, the transformation mutation of capitalism into a capitalism of sharing. No ideology, no political system, no carnal constraint cannot fulfil such a transformation, and the beast will be aware of it during her one hour reign on the planet.

Will the capitalism of sharing instituted by the Church be perfect?

No, it won't be perfected, but it will be the best among all the previous versions because the financial capital will be oriented toward the satisfaction of human needs, GOD's Priests who will an overwhelming majority on earth.

But the capitalist system will always keep its character of prostitution, that is, a handful of pagan wealth producers will come back to the ancestral practices of their former ancestors, the «new masters of the world » and will try to gather riches for themselves. But GOD's Priests governing the world will constantly break this rebellion. Let's not forget it, the Bible says that it is necessary to use iron rod to govern Satan's followers.

How will this Church millennium reign ends? Even a child knows the answer.

After His resurrection, the HEAD continuously revealed HIMSELF to his chosen ones during 40 days and went back to Heaven. The Body will follow the same path. After 1 000 years of resurrection, 39 000 more years of continuous reign at the head of the world in order to reveal the Church to the creation and then the rapture.

As from 3086 : The Church will continuously command the world for 39 more prophetic days that is 39 000 years.

The Bible reveals to us that after his resurrection from death, the Lord JESUS-CHRIST reveals HIMSELF to his disciples during 40 days before going back to Heaven. Each of those 40 prophetic days represents 1 000 natural years during which the Church will reveal itself to all the followers of JESUS-CHRIST although the world.

We've just shared the millennial reign of the Church which will take place from year 2086 to year 3806. This millennial reign represents de resurrection day and after that day, 39 more days of reign are awaiting the Church.

As from Year 3806, the Church will continue to reveal itself to all the creation, reigning on earth for 39,000 more natural years.

Since the Church will continue to reign, the capitalism of sharing will also continue for the same period of natural time.

Such is the destiny of the capitalist system.

What will then happen after the 39,000 years of additional Church reign on earth? Even an eight years old children knows the answer. After revealing HIMSELF for 40 prophetic days as from HIS resurrection, the HEAD went back to Heaven. It will be the same for the Church which is the Body. After those 39,000 years, it will be the rapture.

Now, this is what the Bible says about the simple curious man who has just shared these revelations, and who has not yet have a real encounter with the Lord JESUS-CHRIST. The Book of Psalms chapter 107 verses 4 to 7 says:

“ They wandered in the wilderness in a desolate way; they found no city to dwell in. Hungry and thirsty, their soul fainted in them. Then they cried out to the LORD in their trouble, and HE delivered them out of their distresses. And HE led them forth by the right way, that they might go to a city for a dwelling place.”

You are empty within yourselves; you are hungry and thirsty of the TRUTH, of sense, of finality, of eternal life. Your city is the New Jerusalem.

Humbly go back to the Lord JESUS-CHRIST who will fill you with substance, sense, finality and eternal life. Here is the simple way to follow.

First of all, kneel down in sign of humility before GOD and confess to HIM that you are a sinner who deserves His anger. Ask GOD to forgive your sins while mentioning those that come to your mind. Even though this repentance is long, don't stop it. Continue and mention all those sins that come to your mind. After this confession, tell GOD that you accept that it was personally for you that the Lord JESUS-CHRIST died at Golgotha. Ask GOD to remove all your sins with JESUS' blood and give you eternal life.

If you are in a lodge of darkness, Satan will try to influence you by saying that his covenants are irrevocable. He will even threaten you to death. It is lie. After you have finished your confession, simply say: « Satan, I leave you, I get rid of all your covenants in the name of the Lord JESUS-CHRIST. I shelter myself with the blood of the Lord JESUS-CHRIST». When Satan will come back either in the day or night to harass you, simply do like a child and call your FATHER by saying « In the name of JESUS-CHRIST, I confirm that I have left you Satan ». As Satan will be vainly agitating himself around you, pray and ask GOD to help you to meet a true Minister of deliverance, and HE will do it with pleasure. Remember that Mary of Magdala, the woman who followed the Lord JESUS-CHRIST everywhere, was a dangerous vampire before her conversion. She was possessed by seven demons; what is quite serious. And yet, the Lord JESUS-CHRIST delivered her because she sincerely gave herself to GOD without hiding any small portion of her life.

Secondly, kneel down and ask GOD to baptize you with his HOLY SPIRIT because it is what he promised you in the Bible and HE is not a liar.

You absolutely need the HOLY SPIRIT to reveal GOD's mind to you, to feel you with GOD'S absolute Power because you will absolutely use it to subdue Lucifer who will be ready to contest your conversion. You need the HOLY SPIRIT to comfort you in hard times, to give you all spiritual gifts necessary for your Christian life, to give you peace and joy, to transform your mind and to teach you to think and act like GOD.

« GOD of Abraham, Isaac and Jacob. Please, baptize me with your HOLY SPIRIT as you promised me in the Bible ».

Thirdly, pray and ask GOD to give you a real Christian who will lead you to water Baptism. This Baptism is quite simple. He will immerge you in the water in the name of the FATHER, and of the SON, and of the HOLY-SPIRIT. Of course, you don't have to remove your cloths before entering into water baptism.

Fourthly, buy a Bible and start to read in the New Testament. As a simple advice, begin to read it in the Book of John, which has an incomparable taste. Being a young convert, I will not waste my time in vain reasoning. When I red in the Book of John that whoever eats JESUS' flesh and drinks HIS blood will resurrect on the last day, I felt free in my room and quickly stood up, and I proclaimed with a loud voice « I eat the flesh and drink the blood of JESUS ». I was not doing any philosophy. Immediately I red it in the Bible, immediately I proclaimed it in prayer. To my greatest surprise, the way I prayed totally transformed me, and in less than six months, I was already a mature man by GOD'S grace, able to eat a solid food. A total confidence in what is written in your Bible is an absolute weapon against Satan. Satan is particularly afraid of Christians who have confidence in what is written in the Bible, and who are ready to proclaim it in prayer at any time.

Fifthly, stay in your house and don't put your feet in the stony temples that carry false Church titles. You will just waste your precious years there , or even loose your faith in GOD as it was the case during the « age of enlightenment ». If you see a small House Assembly where people know each other, you can go there and you will quickly grow. If you don't see such an assembly, Remain in your house and read your the Bible every day. Buy Christian tapes, listen to the music and learn to repeat those songs. From this beginning, GOD will reveal many songs that will be good for you to write and repeat so that you will not forget them. Have your Service at home by following the contents of the Book entitled “ Going back to the true Service”, which is found for free in the website www.worldwiderevival.org

Pray every day in your house. The fact of reading your Bible at home, praying at home, singing at home, having your Service at home installs GOD'S Altar in your house. Christian religion is a religion of Revelation and Power. It is neither a religion of customs, reasoning nor organization.

If a citizen comes to you and introduces himself as a born again Christian who would like to help you to walk with GOD, insist on the fact that he must teach you in your house, and ask him to show you where his teachings are written in the Bible.

Sixthly, listen to all teachings through radio and television and discern them with the Bible. When a preacher says what is not biblical, don't listen to him anymore.

However, listen carefully to those who help you grow in the knowledge and use of the Bible. You could also, according to how the HOLY SPIRIT will lead you, buy Christian Books that will help you to grow spiritually. Know that Internet also has preaching messages, written and spoken Bible portions.

More especially, don't throw your money in the crooked baskets of stony temples they call « churches ». Quietly read what GOD says about your money in the Book entitled « Tithes and offerings, Going back to the truth ». This Book is freely available in the following Internet site: www.worldwiderevival.org

Therefore, be a real scientist. Experiment GOD and you will see that HE will answer you precisely as your neighbour answers you when you greet him. The so-called «new masters of the world » have deliberately chosen Lucifer, evil and eternity in hell. ***You, do choose the Lord JESUS-CHRIST, good, and eternal life with GOD in the New Jerusalem***

May GOD richly bless those who obey his WORD
